ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On December 1, 1993, GTE Florida, Inc. (GTEFL or the Company) filed a proposed tariff to add Star Information Plus (\*SIP). \*SIP would allow cellular company end-users requesting an intraLATA number from Directory Assistance to receive a mechanized announcement which would offer call completion to the requested number. The rate would be \$.35 per completed call. The Company also has requested Contract Service Arrangement (CSA) authority for its cellular directory assistance services, including \*SIP.

Upon review, it appears that Star Information Service will provide added convenience which will benefit end users. It is a complementary product offering, is an expansion of Directory Assistance service, and it provides time savings to the end-user. \*SIP may eliminate frustration for the existing end-users who are in a vehicle or other location where it is inconvenient to record and then dial the requested telephone number. Due to competitive pressures, we find that it is appropriate to grant the requested Contract Service Agreement authority. Therefore, we shall approve the tariff with an effective date of February 16, 1994. The Company shall include cellular directory assistance services in its quarterly CSA Activity report.
