ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

ALLTEL Florida, Inc. (ALLTEL or the Company) filed proposed revisions to its General Subscriber Service Tariff on January 24, 1994. The purpose of this filing is to introduce a Customized Code Restriction (CCR) option to provide for \$.25 local message blocking. This option would be available to Individual Line Residential Service, Business Service, Key System Trunks or PBX Trunks customers in either Flat Rate, Message Rate or Measured service, where available. Customers who wish to restrict calls to the message rate (\$.25 Plan) local calling area can subscribe to CCR Option #2(A). CCR Option #2(A) restricts the same codes as CCR Option #2 except it also includes \$.25 blocking.

ALLTEL shall waive the \$10.00 nonrecurring charge for customers who wish to switch from CCR option #2 to #2(A) for a period of 90 days from the effective date of the tariff. In addition, ALLTEL shall waive the \$10.00 nonrecurring charge for customers who wish to switch from CCR option #2 to #2(A) for a period of 90 days after a new \$.25 plan is implemented.

We are concerned that call aggregators (hotels/hospitals) could subscribe to the blocking option and prohibit end users access to \$.25 routes. To prevent this, ALLTEL has included language in the tariff which also prohibits call aggregators (those who provide telephone service to the transient public) from

subscribing to this option. In addition, calls to exchanges with the \$.25 plan for pay telephone providers are rated like any other local call, so they would not have a need to subscribe to this service.

ALLTEL's proposed tariff filing introducing a Customized Code Restriction option to provide for \$.25 local message blocking is appropriate because this service will provide customers a means to control their calling to \$.25 exchanges. Therefore, ALLTEL's proposed tariff filing introducing a Customized Code Restriction option to provide for \$.25 local message blocking is hereby approved. We also find that the proposed 90 day waivers of the nonrecurring charges for existing customers is appropriate. The effective date of the filing is April 4, 1994.

Based on the foregoing, it is

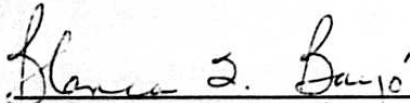

ORDERED by the Florida Public Service Commission that the tariff filing by ALLTEL Florida, Inc. proposing to introduce custom code restrictions to provide for \$.25 local message blocking is approved as set forth in the body of this Order. It is further

ORDERED that this tariff shall be effective April 4, 1994. It is further

ORDERED that if a protest is filed in accordance with the requirement set forth below, the tariff shall remain in effect with any increase in revenues held subject to refund pending resolution of the protest. It is further

ORDERED that if no protest is filed in accordance with the requirement set forth below, this docket shall be closed.

By ORDER of the Florida Public Service Commission, this 11th day of April, 1994.
