FINAL ORDER SETTING CONSERVATION GOALS

BY THE COMMISSION:

CASE BACKGROUND

These dockets were opened to implement Rules 25-17.001-.005, Florida Administrative Code. These rules require the setting of numeric demand side management (DSM) goals for electric utilities subject to the Florida Energy Efficiency and Conservation Act (FEECA), Sections 366.80-366.85 and 403.519, Florida Statutes. The

DOCKETS NOS. 930552-EG, 930553-EG, 930554-EG, 930555-EG, 930556-EG, 930557-EG, 930558-EG, 930559-EG, 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG, 930922-EG, 940828-EG

PAGE 2

Commission also decided to consider in these dockets whether to implement the Integrated Resource Planning standard, and the Investments In Conservation and Demand Management standard set forth in the Energy Policy Act of 1992 (EPACT) with respect to Florida Public Utilities Company (FPUC), the municipal and the cooperative utilities. On February 21, 1995, the Commission declined to implement the standards with respect to FPUC, and voted to eliminate consideration of the standards as issues for the municipal and cooperative utilities in these dockets.

Procedural Orders PSC-94-1082-PCO-EG and PSC-94-1083-PCO-EG required FPUC, the municipals and the cooperatives to file a Cost-Effectiveness Goals Results Report (CEGRR). In December 1994, each utility, except FPUC, filed its CEGRR which contained an evaluation of a variety of DSM measures in the residential and commercial/industrial sectors. These analyses resulted in cost-effective demand and energy savings under the Rate Impact Measure (RIM) test and the Total Resource Cost (TRC) test.

On January 12, 1995, the Commission issued PAA Order No. PSC-95-0065-S-EG approving the amended joint stipulation between FPUC and the Florida Department of Community Affairs (DCA). The order became final on February 2, 1995. This stipulation provides that goals for FPUC will be established based on a percentage of the goals established by the Commission for Gulf Power Company (Gulf) and the Jacksonville Electric Authority (JEA).

On February 13, 1995, the cooperatives and DCA filed a joint stipulation agreeing to specific DSM goals. On February 15, 1995, Gainesville Regional Utilities (GRU), the Kissimmee Utility Authority (KUA), the City of Lakeland (Lakeland), the City of Ocala (Ocala), and the City of Vero Beach (Vero Beach) filed individual joint stipulations with the DCA agreeing to specific DSM goals. On February 17, 1995, the City of Tallahassee (Tallahassee) and the DCA filed a joint stipulation agreeing to specific DSM goals. On March 6, 1995, the Orlando Utilities Commission (OUC) and the DCA filed a joint stipulation agreeing to specific DSM goals. These stipulations, labeled Composite Attachment A, are attached hereto and made a part hereof.

ORDER NO. PSC-95-0461-FOF-EG

DOCKETS NOS. 930552-EG, 930553-EG, 930554-EG, 930555-EG, 930556-EG, 930557-EG, 930558-EG, 930559-EG, 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG, 930922-EG, 940828-EG

PAGE 3

On March 10, 1995, each of the municipals, cooperatives and the DCA respectively filed a Joint Motion for Extension of Time to File Rebuttal Testimony and Prehearing Statements. By the action taken in this Order all pending motions are rendered moot.

DATA USED IN ESTABLISHING CONSERVATION GOALS

Data tables comparing demand and energy savings for each utility under the RIM test, the TRC test, the DCA stipulation, and the pro-rata share were examined. Our staff calculated the pro-rata share amounts as a percentage of an investor-owned utility's (IOU) DSM goals. These numbers were derived by first evaluating each municipal and cooperative to the adjacent IOU. For example, the majority of GRU's service territory is adjacent to Florida Power Corporation (FPC), thus GRU was evaluated to FPC. In calculating the residential pro-rata goal, the municipal's or the cooperative's 1993 residential kilowatt-hour sales were divided by the adjacent IOU's 1993 residential kilowatt-hour sales. This fraction was then multiplied by the IOU's residential winter and summer demand, and energy goals for each year, which results in the residential pro-rata share goals for the municipal or cooperative. The identical procedure was conducted for the commercial/industrial sector.

We believe that as a guiding principle, the RIM test is the appropriate test to rely upon at this time. The RIM test ensures that goals set using this criteria would result in rates lower than they otherwise would be. All the municipal and cooperative utilities, with the exception of Tallahassee, stipulated to cost-effective demand and energy savings under the RIM test. However, Tallahassee's stipulated goals are higher than that cost-effective under RIM. Tallahassee has stipulated to the pro-rata share goals. The Commission does not have rate setting authority over municipal and cooperative utilities. Therefore, we find it suitable to allow the governing bodies of these utilities the latitude to stipulate to the goals they deem appropriate regardless of cost-effectiveness.

The stipulations of the KUA, Ocala, and Vero Beach show zero goals for each year for both the residential and commercial/industrial market segments. While we are concerned about granting approval of zero goals, the respective utilities'

ORDER NO. PSC-95-0461-FOF-EG

DOCKETS NOS. 930552-EG, 930553-EG, 930554-EG, 930555-EG, 930556-EG, 930557-EG, 930558-EG, 930559-EG, 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG, 930922-EG, 940828-EG

PAGE 4

CEGRR analyses reflect cost-effective savings under the RIM test. The primary reason for these results is that the avoided units used in the analyses are far out in the future. When the dollars of capacity savings derived from the DSM measure are discounted back to present day, the net effect is a reduced benefit and, consequently, a reduced cost-effectiveness of the DSM measure. Also, KUA, Ocala, and Vero Beach have agreed to file DSM plans and annual reports regarding activities and accomplishments in DSM in accordance with Rule 25-17.0021, Florida Administrative Code. Considering the foregoing, we believe that these utilities will continue existing DSM efforts, and that zero goals for KUA, Ocala, and Vero Beach will not translate into zero DSM.

We accept the joint stipulations of GRU and the DCA, JEA and the DCA, Lakeland and the DCA, and OUC and the DCA. We find that the RIM-based goals contained in the stipulations are based upon a reasonable analysis of DSM measures as required by this Commission. Schedules of the approved conservation goals for all of the utilities, labeled Composite Attachment B, are attached hereto and made a part hereof.

By Order No. PSC-95-0065-S-EG, we approved the amended joint stipulation between Florida Public Utilities Corporation (FPUC) and the DCA. The approved stipulation provided that goals for FPUC are to be established based on a percentage of the goals established by the Commission for Gulf Power Company (Gulf) and JEA. Therefore, based upon our approval of the joint stipulation between JEA and the DCA, the residential goals for FPUC in the Fernandina division shall be set consistent with the columns for winter and summer megawatt demand identified in Composite Attachment B-FPUC of this Order.

Likewise, pursuant to Order No. PSC-95-0065-S-EG, FPUC's commercial/industrial DSM annual conservation goals for the Fernandina Division shall be consistent with the winter and summer megawatt demand identified in Composite Attachment B-FPUC of this Order.

We accept the joint stipulations of KUA and the DCA, Ocala and the DCA, and Vero Beach and the DCA. We find that the RIM-based goals contained in the stipulations are based upon a reasonable analysis of DSM measures as required by this Commission. As noted and discussed above, these goals are zero in each year for both the

ORDER NO. PSC-95-0461-FOF-EG

DOCKETS NOS. 930552-EG, 930553-EG, 930554-EG, 930555-EG, 930556-EG, 930557-EG, 930558-EG, 930559-EG, 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG, 930922-EG, 940828-EG

PAGE 5

residential and commercial/industrial sectors. KUA, Ocala and Vero Beach shall each file with the Commission a DSM plan and annual reports regarding DSM activities and accomplishments.

We accept the joint stipulation of Tallahassee and the DCA. We find the goals contained in the stipulation are reasonable. These goals are identical to the pro-rata share goals originally calculated by our staff and are higher than RIM-based goals contained in Tallahassee's CEGRR. As discussed above, we believe that in setting goals that are cost-effective, it is appropriate to defer to Tallahassee's governing body, which has rate setting authority.

We accept the joint stipulations between the respective electric cooperatives, Clay Electric Cooperative, Inc., Lee County Electric Cooperative, Inc., Sumter Electric Cooperative, Inc., Talquin Electric Cooperative, Inc., Withlacoochee Electric Cooperative, Inc., Florida Keys Electric Cooperative Association, Inc., and the DCA. We find the RIM-based goals contained in these stipulations to be based upon a reasonable analysis of DSM measures as required by this Commission.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that annual conservation goals shall be set in accordance with the respective joint stipulations between Gainesville Regional Utilities - City of Gainesville, Jacksonville Electric Authority, City of Lakeland, and the Orlando Utility Commission and the Department of Community Affairs as shown in the utility-specific tables attached. It is further

ORDERED that the annual conservation goals for Florida Public Utilities Corporation-Fernandina Beach division shall be based upon a percentage of Jacksonville Electric Authority's annual conservation goals pursuant to Order No. PSC-95-0065-S-EG as shown in the specific table attached. It is further

ORDERED that annual conservation goals shall be set in accordance with the respective joint stipulations between Kissimmee Utility Authority, City of Ocala, and the City of Vero Beach and the Department of Community Affairs as shown in the utility-

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.59(4), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by the Commission's final action in this matter may request: 1) reconsideration of the decision by filing a motion for reconsideration with the Director, Division of Records and Reporting within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or 2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water and/or wastewater utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900 (a), Florida Rules of Appellate Procedure.

BEFORE THE PUBLIC SERVICE COMMISSION

In re: Adoption of Numeric Conservation
Goals and Consideration of National Energy
Policy Act Standards (Section 111)
by FLORIDA PUBLIC UTILITIES COMPANY

Docket No. 930552-EG
Filed: December 15, 1994

AMENDED JOINT STIPULATION

Florida Public Utilities Company ("FPUC") and the Florida Department of Community Affairs ("DCA") hereby jointly stipulate and agree to the following:

1. The Florida Public Service Commission ("FPSC") is required to establish conservation goals for Florida's FEECA utilities.
2. The FPSC opened Docket Number 930552-EG for the purpose of establishing conservation goals for FPUC; however, FPUC does not admit that it is a FEECA utility subject to the FPSC's goal setting jurisdiction.
3. The DCA is a party to Docket Number 930552-EG, representing the Governor of the State of Florida.
4. The FPSC's staff has stated that the parties to Docket Number 930552-EG can avoid an evidentiary hearing and other procedural matters by stipulating to conservation goals.
5. The DCA and FPUC have agreed that if FPUC is a FEECA utility, as defined by Section 366.82(1), Florida Statutes, its goals should be separately developed and set for each company division as follows:
 - a. Fernandina Beach – (To be established pending FPSC determination of the Jacksonville Electric Authority's goals in Docket No. 930554-EU.)

6. The above stated goals will be directly proportioned to the goals set forth by the FPSC for FPUC's wholesale suppliers, which are FEECA utilities.
7. The goals for FPUC's Marianna Division are 3% of the goals established for Gulf Power Company in Docket Number 930550-EG, as those goals may be modified in accordance with the Motion for Reconsideration of Commission Order No. PSC-94-1313-FOF-EG filed by the Legal Environmental Assistance Foundation, Inc., and Deborah B. Evans on November 9, 1994.
8. The goals for FPUC's Fernandina Beach Division are 3% of the goals that will be established for the Jacksonville Electric Authority in Docket Number 930554-EG.
9. If the goals stipulated to herein are approved by the FPSC, FPUC will design programs to offer to customers of its Marianna Division. The programs will not be necessarily limited to but may give strong consideration to programs that the FPSC approves for Gulf Power Company to offer its customers.

BEFORE THE PUBLIC SERVICE COMMISSION

In re: Adoption of Numeric Conservation
Goals and Consideration of National Energy
Policy Act Standards (Section 111)
by KISSIMMEE UTILITY AUTHORITY.

Docket No. 930555-EG
Filed: February 15, 1995

JOINT STIPULATION

The Kissimmee Utility Authority ("KUA") and the Florida Department of Community Affairs ("DCA") hereby jointly stipulate and agree to the following:

1. The Florida Public Service Commission ("FPSC") is required to establish conservation goals for Florida's FEECA utilities.
2. The FPSC opened Docket Number 930555-EG for the purpose of establishing conservation goals for KUA.
3. The DCA is a party to Docket Number 930555-EG, representing the Governor of the State of Florida.
4. The FPSC's staff has stated that the parties to Docket Number 930555-EG can avoid an evidentiary hearing and other procedural matters by stipulating to conservation goals.
5. If the goals stipulated to herein are not approved by the FPSC this agreement is null and void, and neither KUA nor the DCA can require the other adopt or support these goals in a hearing before the FPSC.
6. The DCA and KUA have agreed that KUA's goals should be set as follows:

In re: Adoption of Numeric)
Conservation Goals and) Docket No. 930558-EG
Consideration of National Energy) Filed: February 24, 1995
Policy Act Standards (Section 111))

JOINT STIPULATION

Orlando Utilities Commission (OUC) and the Florida Department of Community Affairs ("DCA") hereby jointly stipulate and agree to the following:

1. The Florida Public Service Commission ("FPSC") is required to establish numeric conservation goals for Florida's FEECA utilities.
2. FPSC opened Docket Number 930558-EG for the purpose of establishing numeric conservation goals for OUC.
3. The DCA is a party to Docket Number 930558-E, representing the Governor of the State of Florida.
4. The parties to Docket Number 930558-EG wish to avoid an evidentiary hearing and other procedural matters by stipulating to conservation goals.
5. If the goals stipulated to herein are not approved by the FPSC, neither OUC nor the DCA will require the other to adopt or support any particular goals or other actions in any hearing before the FPSC or other proceedings, and this stipulation will be null and void.
6. If the goals stipulated to herein are approved by the FPSC, OUC will continue, for a time period to be determined by OUC's governing commission, its low Income Home Energy Fixup

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Adoption of Numeric)
Conservation Goals and Consider-)
tion of National Energy Act Stan-)
dards (Section 111) for)
CITY OF TALLAHASSEE) DOCKET NO. 930559-EG
) FILED: February 17, 1995

JOINT MOTION TO APPROVE JOINT STIPULATION

The City of Tallahassee ("Tallahassee") and the Department of Community Affairs ("DCA"), by and through their respective undersigned counsel, hereby file this Joint Motion to Approve the Joint Stipulation entered into by and between Tallahassee and DCA on February 17, 1995, and which is attached hereto as Exhibit "A". In support of this Joint Motion, Tallahassee and DCA state as follows:

1. The Joint Stipulation reflects the agreement between Tallahassee and DCA to stipulate to conservation goals proposed by the Florida Public Service Commission ("Commission") Staff in order to avoid an unnecessary and costly evidentiary hearing for the purpose of establishing conservation goals for Tallahassee.

2. Tallahassee and DCA also advise the Commission that they will execute a Memorandum of Understanding reflecting Tallahassee's commitment to continue consideration and development of conservation programs addressing low-income home weatherization, solar and other renewable energy resources, and use of energy efficient products and services in both existing and new residential and commercial structures.

3. Tallahassee and DCA maintain that approval of the Joint Stipulation is in the public interest and will serve to avoid the unnecessary expenditure of the parties' time and resources through the hearing process.

WHEREFORE, for the foregoing reasons, Tallahassee and DCA respectfully request the Florida Public Service Commission to approve the Joint Stipulation attached hereto as Exhibit "A".

JOINT STIPULATION

The City of Tallahassee ("Tallahassee") and the Florida Department of Community Affairs ("DCA") hereby jointly stipulate and agree to the following:

1. The Florida Public Service Commission ("FPSC") is required to establish conservation goals for Florida's FEECA utilities.
2. The FPSC opened Docket Number 930559-EG for the purpose of establishing conservation goals for Tallahassee.
3. The DCA is a party to Docket Number 930559-EG, representing the Governor of the State of Florida.
4. The FPSC's staff has stated that the parties to Docket Number 930559-EG can avoid an evidentiary hearing and other procedural matters by stipulating to conservation goals.
5. If the goals stipulated to herein are not approved by the FPSC, this agreement is null and void, and neither Tallahassee nor the DCA can require the other to adopt or support these goals in a hearing before the FPSC.
6. The DCA and Tallahassee have agreed that Tallahassee's cumulative conservation goals should be set as follows:

Clay Electric Cooperative, Inc., Lee County Electric Cooperative, Inc., Withlacoochee River Electric Cooperative, Inc., Talquin Electric Cooperative, Inc., Sumter Electric Cooperative, Inc., Florida Keys Electric Cooperative Association, Inc. (herein referred to as "cooperatives" or "electric cooperatives") and the Florida Department of Community Affairs ("DCA") hereby jointly stipulate and agree to the following:

1. The Florida Public Service Commission ("FPSC") is required to establish conservation goals for Florida's FEECA utilities.
2. The FPSC opened Docket Nos. 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG and 930922-EG for the purpose of establishing conservation goals for the electric cooperatives.

3. The DCA is a party to Docket Nos. 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG and 930922-EG, representing the Governor of the State of Florida.
4. The FPSC's staff has stated that the parties to Docket Nos. 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG and 930922-EG can avoid an evidentiary hearing and other procedural matters by stipulating to conservation goals.
5. If the goals stipulated to herein are not approved by the FPSC this agreement is null and void, and neither the electric cooperatives nor the DCA can require the other to adopt or support these goals in a hearing before the FPSC.
6. The DCA and the electric cooperatives have agreed that each cooperative's goals should be set as follows:

Andrew D. Stigle, for Dan Stigle
General Counsel, Department of
Community Affairs

BEFORE THE PUBLIC SERVICE COMMISSION

In re: Adoption of Numeric Conservation
Goals and Consideration of National Energy
Policy Act Standards (Section 111)
by CITY OF VERO BEACH.

Docket No. 940828-EG
Filed: February 15, 1995

JOINT STIPULATION

The City of Vero Beach ("Vero Beach") and the Florida Department of Community Affairs ("DCA") hereby jointly stipulate and agree to the following:

1. The Florida Public Service Commission ("FPSC") is required to establish conservation goals for Florida's FEECA utilities.
2. The FPSC opened Docket Number 940828-EG for the purpose of establishing conservation goals for Vero Beach.
3. The DCA is a party to Docket Number 940828-EG, representing the Governor of the State of Florida.
4. The FPSC's staff has stated that the parties to Docket Number 940828-EG can avoid an evidentiary hearing and other procedural matters by stipulating to conservation goals.
5. If the goals stipulated to herein are not approved by the FPSC this agreement is null and void, and neither Vero Beach nor the DCA can require the other adopt or support these goals in a hearing before the FPSC.
6. The DCA and Vero Beach have agreed that Vero Beach's goals should be set as follows:
