ORDER GRANTING MOTION FOR EXTENSION OF TIME

On June 1, 1995, the Florida Public Utilities Company ("FPUC"), by and through its undersigned attorneys, filed a Motion for Extension of Time in Docket No. 950441. Florida Public Utilities Company request that the Commission extend the date that it must file its Demand-Side Management Plan, until the sixty days after the later of the Commission's approval of Gulf Power Company's (Gulf) DSM plan and Jacksonville Electric Authority's (JEA) DSM plan.

Order No. PSC-95-0461-FOF-EG, issued in Docket Nos. 930552-EG, 930553-EG, 930554-EG, 930555-EG, 930556-EG, 930557-EG, 930558-EG, 930559-EG, 930560-EG, 930561-EG, 930562-EG, 930563-EG, 930564-EG, 930922-EG, and 940828-EG, on April 10, 1995, established numeric demand-side management (DSM) goals for the electric utilities subject to the Florida Energy Efficiency and Conservation Act (FEECA), Sections 366.80 - 366.85 and 403.519, Florida Statutes. Pursuant to Rule 25-17.0021 (4), Florida Administrative Code, each utility must submit a DSM plan designed to meet the utility's numerical goals within 90 days of a final order establishing or modifying goals.

Rule 25-17.0021 (4), Florida Administrative Code, does, however, allow the Commission to extend the period of time in which a utility must submit its demand side management plans. FPUC, thereby, requests that the Commission grant an extension because the time and resources required to prepare its DSM plans are dependent upon the programs that the FPSC approves for Gulf and JEA. An extension of time will provide FPUC with an adequate amount of time in which to prepare its DSM plans and avoid many expenditures associated with the development and design of conservation programs.

Based on the foregoing, it is therefore

ORDERED that Florida Public Utilities Company will file its Demand-Side Management Plan, in the above referenced docket for its Marianna Division, within sixty days after the Agenda Conference where the Commission approves Gulf Power Company's DSM plan. It is further
