DOCKET NO. 050001-EI
ORDER NO. PSC-05-0279-CFO-EI
ISSUED: March 15, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 01783-05)

On February 21, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of portions of its response to Staff's Fifth Request for Production of Documents, No. 16 (Document No. 01783-05).

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to "[t]rade secrets" (subsection a); "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d); and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that portions of its response to Request No. 16 of Staff's Fifth Request for Production of Documents falls within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

PEF requests that the following information be granted confidential classification:

PEF contends that this information includes correspondence which reveals the names of gas suppliers from which PEF and/or its affiliates purchase gas, contract information for the gas suppliers, and gas supply sources. According to PEF, disclosure of this information would be detrimental to the interests of the company and its customers since it would provide competitors with a list of the company's gas suppliers. PEF states that if this information is released, future gas supply transactions may be put at undue risk and efforts to contract for goods and services on favorable terms would be impaired. PEF further states that it is contractually obligated not to disclose such information.

Upon review, it appears that the above-referenced information contained in PEF's response to Staff's Fifth Request for Production of Documents, No. 16, satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

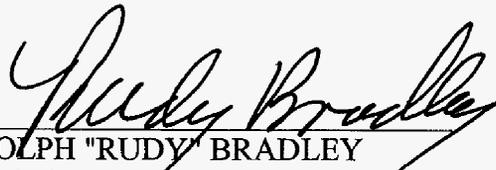

Based on the foregoing, it is

ORDERED by Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, that Progress Energy Florida, Inc.'s Request for Confidential Classification of Document No. 01783-05 is granted. It is further

ORDERED that the information in Document No. 01783-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this 15th day of March, 2005.

RUDOLPH "RUDY" BRADLEY
