ORDER NO. PSC-05-1185-CFO-EI  
ISSUED: December 2, 2005

ORDER GRANTING REQUEST FOR CONFIDENTIAL CLASSIFICATION  
AND MOTION FOR TEMPORARY PROTECTIVE ORDER  
(DOCUMENT NO. 10732-05)

On November 4, 2005, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Progress Energy Florida, Inc. (PEF) filed a request for confidential classification of portions of the deposition transcript of Donna M. Davis (Document No. 10732-05). By the same filing, PEF also requested a Temporary Protective Order, pursuant to Rule 25-22.006(6), Florida Administrative Code.

Request for Confidential Classification

Section 366.093(1), Florida Statutes, provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from [the Public Records Act]." Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to, "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" (subsection d), and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information" (subsection e).

PEF contends that portions of the deposition transcript of Donna M. Davis fall within these categories and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. PEF states that this information is intended to be and is treated by PEF as private and has not been publicly disclosed.

PEF requests confidential classification for the information listed below:

PEF contends that the information contained in portions of the deposition transcript consists of pricing information for coal purchases by PEF's affiliate, Progress Fuels Corporation (PFC). PEF asserts that disclosure of this information would provide coal suppliers with knowledge of prices that PFC has paid and prices other suppliers have offered. PEF states that this knowledge would give suppliers significant competitive advantage in future negotiations because they would no longer need to make their best offers to ensure the competitiveness of their rates. According to PEF, disclosure of this information would impair the efforts of the company or its affiliates to contract for goods and services on favorable terms. PEF further asserts that disclosure of this information would impair PEF's and its affiliates' competitive interests.

Upon review, it appears that the above-referenced information contained in portions of the deposition transcript of Donna M. Davis satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." Thus, this information is granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless PEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

#### Motion for Temporary Protective Order

PEF also seeks protection of the documents as provided in Section 366.093(2), Florida Statutes, and Rule 25-22.006(6), Florida Administrative Code. Section 366.093(2), Florida Statutes, directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to public records law as confidential and exempt from the public records law, Section 119.07(1), Florida Statutes. Rule 25-22.006(6), Florida Administrative Code, codifies the Commission's policy protecting confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006, in pertinent part, states:

(6)(a) In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure. The protective order shall specify how the confidential information is to be handled during the

course of the proceeding and prescribe measures for protecting the information from disclosure outside the proceeding.

In addition, Rule 25-22.006(6)(c), Florida Administrative Code, states that if a party allows OPC to inspect or take possession of utility information, then that "utility may request a temporary protective order exempting the information from section 119.07(1), F.S."

Upon consideration, PEF's Motion for Temporary Protective Order is granted. I find that PEF has demonstrated that the material appears to be proprietary confidential business information. Accordingly, this information will be protected from disclosure pursuant to Rule 25-22.006(6), Florida Administrative Code.

Based on the foregoing, it is

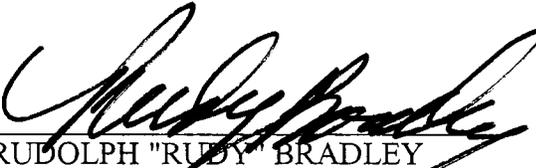

ORDERED by Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, that Progress Energy Florida, Inc.'s Request for Confidential Classification of Document No. 10732-05 is granted. It is further

ORDERED that the information in Document No. 10732-05 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein. It is further

ORDERED that the Motion for Temporary Protective Order filed by Progress Energy Florida, Inc. is granted.

By ORDER of Commissioner Rudolph "Rudy" Bradley, as Prehearing Officer, this 2nd day of December, 2005.

  
RUDOLPH "RUDY" BRADLEY
