In re: Petition for determination of need for
Glades Power Park Units 1 and 2 electrical
power plants in Glades County, by Florida
Power & Light Company.

DOCKET NO. 070098-EI
ORDER NO. PSC-07-0319-CFO-EI
ISSUED: April 13, 2007

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 01091-07)

On March 15, 2007, pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company (FPL) filed an amended request for confidential classification of portions of information provided on pages 14 and 22 of the prefiled direct testimony of FPL witness William H. Damon, filed February 1, 2007 (Document No. 01091-07).

Section 366.093(1), Florida Statutes, provides that any records received by the Commission which are shown and found by the Commission to be proprietary confidential business information shall be kept confidential and shall be exempt from the Public Records Act. Section 366.093(3), Florida Statutes, defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3)(d) and (e), Florida Statutes, provides that proprietary confidential business information includes, but is not limited to information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms; and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

FPL contends that information contained on pages 14 and 22 of the prefiled direct testimony of William H. Damon falls within these categories, and thus constitutes proprietary confidential business information entitled to protection under Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPSC-COMMISSION CLERK

FPL requests that the following information be granted confidential classification:

Document	Description	Page & Line Nos.	Florida Statute	Affiant
Direct Testimony of William H. Damon III	Information relating to the price for the Unit 1 and 2 major equipment and the EPC contract.	Page 14, Lines 7 & 8; Page 22, Lines 19, 20, & 22.	366.093(3)(d) and 366.093(3)(e)	W. Damon

FPL contends that the information mentioned above relates to the cost of major equipment required for Glades Power Park Units 1 and 2 and the engineer/procure/construct (EPC) contract pricing. FPL asserts that this information relates to the competitive interests of FPL and its vendors, the disclosure of which would impair its competitive businesses. FPL contends that disclosure of certain third party proprietary information would be contrary to contractual obligations and may impair FPL in future contractual negotiations, to the detriment of FPL and its customers.

Upon review, it appears that the above-referenced information contained in portions of the prefiled direct testimony of William H. Damon satisfies the criteria set forth in Section 366.093(3), Florida Statutes, for classification as proprietary confidential business information and, thus, shall be treated as confidential. The information constitutes information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms, or information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, I find it appropriate that this information shall be granted confidential classification.

Pursuant to Section 366.093(4), Florida Statutes, the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Matthew M. Carter II, as Prehearing Officer, that Florida Power & Light's Request for Confidential Classification of Document No. 01091-07 is granted. It is further

ORDERED that the information in Document No. 01091-07 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Matthew M. Carter II, as Prehearing Officer, this 13th day of April, 2007.

MATTHEW M. CARTER II
Commissioner and Prehearing Officer

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of the Commission Clerk and Administrative Services, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
