ORDER SUSPENDING PROPOSED TARIFFS

BY THE COMMISSION:

On April 5, 2007, Gulf Power Company (Gulf) filed a petition for this Commission's approval of revisions to its Underground Residential Distribution (URD) tariffs and their associated charges. The URD tariffs apply to new residential developments and represent the additional costs Gulf incurs to provide underground distribution service in place of overhead service. We have jurisdiction over this matter pursuant to Sections 366.03, 366.04, 366.05, and 366.06, Florida Statutes.

Rule 25-6.078(2), Florida Administrative Code, requires investor-owned electric (IOU) utilities to file updated URD charges for Commission approval at least every three years, or sooner if a utility's underground cost differential for the standard low-density subdivision varies from the last approved charge by 10 percent or more. The rule requires IOUs to file on or before October 15 of each year a schedule showing the increase or decrease in the differential for the standard low-density subdivision. On October 12, 2006, Gulf notified the Commission, pursuant to Rule 25-6.078(2), Florida Administrative Code, that its underground cost differential for the standard low-density subdivision varies from the last approved differential by 16.71 percent. Gulf's current URD charges were approved in 2004.¹ To comply with both the 3-year and the 10 percent filing requirement of the rule, Gulf filed the instant petition.

Pursuant to Section 366.06(3), Florida Statutes, we may withhold consent to the operation of all or any portion of a new rate schedule, delivering to the utility requesting such increase a reason or written statement of good cause for doing so within 60 days. To allow our staff sufficient time to review the petition, gather all pertinent information, and present to us informed recommendation on the tariff proposal is good cause. Therefore, we find that the proposed tariffs shall be suspended.

¹ See Order No. PSC-04-0669-TRF-EI, issued July 12, 2004, in Docket No. 040313, In Re: Request for approval of 2004 underground residential cost report and revised tariff sheets by Gulf Power Company.
