DOCKET NO. 110001-EI
ORDER NO. PSC-11-0047-CFO-EI
ISSUED: January 25, 2011

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 03057-10)

On April 20, 2010, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request for confidential classification of certain information on Florida Public Service Commission Schedule A12, Capacity Costs for the month of March 2010 (Document No. 03057-10). This request was filed in Docket No. 100001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Paragraphs (3)(d), and (e) of Section 366.093, F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

FPL contends that the information contained on lines 15 and 16 of page 2 of 2 of the A12-Capacity Costs Schedule falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL states that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL contends that the information concerns contractual data, the disclosure of which would impair the efforts of FPL to contract for goods or services on favorable terms. FPL states that the information relates to the pricing for a short-term capacity purchase the disclosure of which would impair FPL's ability to contract for capacity on favorable terms. FPL also argues that the information relates to competitive interests of FPL and of the supplier from whom FPL purchases capacity, the disclosure of which would impair FPL's and/or FPL's supplier's competitive businesses. FPL explains that previously it had contracted with multiple capacity suppliers and reported aggregate information on lines 15 and 16 of Schedules A12 and thus did not disclose the terms of any one capacity purchase. FPL states that it currently is purchasing

from only one capacity supplier, so the information on lines 15 and 16 ties directly to the terms of the purchase.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms;” or “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 03057-10 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of Document No. 03057-10 is granted. It is further

ORDERED that the information in Document No. 03057-10 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Lisa Polak Edgar, as Prehearing Officer, this 25th day of January, 2011.

Commissioner and Prehearing Officer
