DOCKET NO. 130001-EI  
ORDER NO. PSC-13-0592-CFO-EI  
ISSUED: November 1, 2013

ORDER GRANTING GULF POWER COMPANY'S REQUEST FOR CONFIDENTIAL  
CLASSIFICATION (DOCUMENT NO. 06111-13)

On October 11, 2013, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Gulf Power Company (Gulf) requested confidential classification (Request) of portions of its Hedging Activity Report, ACN 13-102-1-1 (Report) (Document No. 06111-13). This request was filed in Docket No. 130001-EI.

Section 366.093(1), F.S., provides that "any records received by the commission which are shown and found by the commission to be proprietary confidential business information shall be kept confidential and shall be exempt from Section 119.07(1) [the Public Records Act]." Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Sections (3)(d) and (e) of Section 366.093, F.S., provide that proprietary confidential business information includes, but is not limited to "[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms" and "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information."

Gulf contends that a portion of the information contained in its Report relates to competitive interests, the disclosure of which would impair the competitive business of Gulf. Gulf contends that the information contains details concerning its hedging activities between August 2012 and July 2013, including specific pricing information and target ranges for hedging transactions. Gulf asserts that disclosure of this information would give other market participants a competitive advantage over Gulf and adversely affect its ability to conduct its hedging activities to the benefit of its customers. Further, Gulf contends that hedging counterparties may refuse to conduct business with Gulf or may charge higher prices if pricing terms were made public. Gulf argues that the information is entitled to confidential classification pursuant to Section 366.093(3)(d)-(e), F.S. Gulf asserts that the information sought to be protected is intended to be, and is treated as confidential by Gulf and has not otherwise publicly disclosed.

Time Period For Confidential Classification

According to Section 366.093(4), F.S., confidential classification may only extend for 18 months from the issuance of an Order granting confidential classification unless "the Commission finds, for good cause, that the protection from disclosure shall be for a specified

longer period.” Gulf does not request confidential classification for this information for a period exceeding 18 months.

Ruling

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “[i]nformation concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” and “[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 06111-13 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Gulf or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Eduardo E. Balbis, as Prehearing Officer, that Gulf Power Company’s Request for Confidential Classification of Document No. 06111-13 is granted. It is further

ORDERED that the information in Document No. 06111-13, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Eduardo E. Balbis, as Prehearing Officer, this 1st day of November, 2013.
