In re: Nuclear cost recovery clause.

DOCKET NO. 140009-EI  
ORDER NO. PSC-14-0614-CFO-EI  
ISSUED: October 24, 2014

ORDER GRANTING DUKE ENERGY FLORIDA, INC.'S REQUEST FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 03196-11)

On May 9, 2011, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, Inc. (DEF or Company) filed a Request for Confidential Classification (Request) of portions of the Florida Public Service Commission (Commission) staff audit workpapers for Audit Control No. 11-024-2-2 (workpapers). This Request was filed in Docket No. 110009-EI.

Request for Confidential Classification

DEF contends that the information provided in its filing on May 9, 2011, Document No. 03196-11, as more specifically described in Appendix C attached to its Request, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF states that this information is intended to be and is treated by DEF as private and has not been publicly disclosed.

DEF contends that portions of these documents contain confidential internal audit reports and controls, as well as contractual data, including pricing agreements, payment information and other confidential financial and contractual terms, the release of which would impair DEF's competitive business interests. DEF asserts that the disclosure of this information would compromise DEF's competitive business interests and in certain instances violate contractual confidentiality provisions with DEF's vendors under the Company's Engineering, Procurement, and Construction Agreement (the "EPC Agreement") with Westinghouse, Shaw, Stone and Webster. Furthermore, DEF asserts that the workpapers also contain information related to and gleaned from the Company's contracts for its new nuclear projects, specifically the Levy Nuclear Project ("LNP"). DEF also asserts that this information contains and includes sensitive business information, including pricing agreements under the Company's EPC Agreement, the disclosure of which would harm DEF's competitive business interests.

Ruling

Section 366.093(1), F.S., provides that records the Commission has found to contain proprietary business information shall be kept confidential and exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not

been voluntarily disclosed to the public. Section 366.093, F.S., provides that proprietary confidential business information includes, but is not limited to:

- (b) Internal auditing controls and reports of internal auditors.
- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information appears to be information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. The information also appears to contain information related to internal auditing controls and reports of internal auditors; thus, the information identified in Document No. 03196-11 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Julie I. Brown, as Prehearing Officer, that Duke Energy Florida, Inc.'s Request for Confidential Classification of Document No. 03196-11 is granted. It is further

ORDERED that the information in Document No. 03196-11, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Julie I. Brown, as Prehearing Officer, this 24th day of  
October, 2014.
