

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for approval of transfer of Certificate No. 117-W from Crestridge Utility Corporation to Crestridge Utilities, L.L.C., in Pasco County.

DOCKET NO. 140174-WU
ORDER NO. PSC-15-0420-PAA-WU
ISSUED: October 5, 2015

The following Commissioners participated in the disposition of this matter:

ART GRAHAM, Chairman
LISA POLAK EDGAR
RONALD A. BRISÉ
JULIE I. BROWN
JIMMY PATRONIS

NOTICE OF PROPOSED AGENCY ACTION
ORDER APPROVING TRANSFER OF CERTIFICATE NO. 117-W
TO CRESTRIDGE UTILITIES, L.L.C. WITH CONDITIONS
AND SETTING NET BOOK VALUE FOR TRANSFER PURPOSES

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein are preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

Crestridge Utility Corporation (Crestridge or Utility) is a Class C water utility located in Pasco County, serving approximately 616 residential customers. Crestridge is located in the Southwest Florida Water Management District (SWFWMD). Based on the Utility's 2014 Annual Report, Crestridge reported a total gross revenue of \$100,689.

The Utility has provided water service since at least 1967. In 1973, Crestridge was issued Certificate No.117-W.¹ Certificate No. 117-W has not been amended to include additional territory. Rate base was last established for Crestridge by Order No. PSC-93-0012-FOF-WU.²

¹ Order No. 5674, issued March 8, 1973, in Docket No. 72589-W, In re: Application of Crestridge Utilities, Inc. for a certificate to operate a water utility in Pasco County.

² Order No. PSC-93-0012-FOF-WU, issued January 5, 1993, in Docket No. 920417-WU, In re: Application for a staff-assisted case in Pasco County by Crestridge Utility Corporation.

Crestridge is owned by Holiday-Gulf Homes, Inc. (Seller). Both business entities are active corporations registered with the Florida Department of State, Division of Corporations. In addition to water service, Crestridge provides garbage collection and street lighting services in its service territory.

On September 10, 2014, an application was filed by Michael Smallridge (Smallridge or Buyer) for the transfer of Crestridge and Certificate No. 117-W, to Crestridge Utilities, L.L.C. (Crestridge L.L.C.) pursuant to Rule 25-30.037, Florida Administrative Code (F.A.C.). Crestridge L.L.C. was registered with the Florida Department of State, Division of Corporations on April 11, 2014.³ Simultaneous with the filing of the transfer docket, an application for a Commission staff-assisted rate case (SARC) for the L.L.C. was also filed by Mr. Smallridge.⁴

An informal meeting was held on February 26, 2015, regarding both the transfer and SARC for Crestridge. At this meeting, it was clarified that Commission staff would only process the SARC upon completion of the transfer.

On April 23, 2015, Commission staff filed a recommendation that the Commission deny the request for transfer for Crestridge. The primary issues identified in Commission staff's recommendation addressed failures to respond to data requests, conflicting information, and delays in filing customer notices. On April 27, 2015, Mr. Smallridge, through his legal counsel, filed a request for deferral from the agenda of the May 15, 2015, Commission Conference. We have jurisdiction over this matter pursuant to Section 367.071, Florida Statutes (F.S.).

DECISION

Transfer of Certificate

On March 31, 2014, Mr. Michael Smallridge purchased the assets of both Crestridge and Holiday Gardens for \$450,000. Mr. Smallridge was required to make a down payment of \$25,000 at closing and execute a purchase money mortgage with owner financing in the amount of \$425,000 at 7.5 percent interest for 12 years with a monthly payment of \$4,484.71 until paid in full and to pay another \$20,000 on or before January 31, 2015. In addition to the Utilities, Mr. Smallridge also purchased the recorded street lighting and trash collection districts for the Crest Ridge Gardens Subdivision and Holiday Gardens Unit One.⁵ In the Agreement for Purchase and Sale of Water Assets (Purchase Agreement), the Seller agreed to allow Mr. Smallridge to acquire title in the names "Holiday Gardens Utilities, L.L.C." and "Crestridge Utilities, L.L.C."⁶

³ At this time, water services are being provided under the name of the L.L.C. However, the certificated entity remains unchanged until the Commission approves the transfer of the certificate. Thus, for purposes of this recommendation, the name "Crestridge" will apply to both the certificated entity and the L.L.C. Distinctions between the L.L.C. and original certificated entity will be made in the text where necessary for clarity.

⁴ Docket No. 140175-WU.

⁵ Crest Ridge Gardens Restrictions, Book 341, p. 438, Pasco County Public Records; Holiday Gardens Restrictions, Book 378, P. 165, Pasco County Public Records.

⁶ Section 3.k.

On April 11, 2014, as contemplated by the Purchase Agreement, Mr. Smallridge did create and register Crestridge Utilities, L.L.C., with the Secretary of State. On August 8, 2014, the warranty deeds for all of the property on which the Utility's facilities are located were executed in the name of the L.L.C. and subsequently recorded on September 18, 2014.⁷ Mr. Smallridge signed the Promissory Note for the purchase of both Utilities on August 22, 2014, and commenced paying the \$4,500 per month⁸ mortgage on or about September 14, 2014. Title insurance policies were also issued for each of the Utilities' properties on September 18, 2014.

On September 10, 2014, Mr. Smallridge filed applications for the transfer of Certificate No. 117-W from Crestridge to the L.L.C. The filing fee of \$1,500 as required by Rule 25-30.020, F.A.C., was not provided at the time with the application.

Sections 367.045 and 367.071, F.S., and Rule 25-30.037, F.A.C., control the sale, assignment, or transfer of water and wastewater authorization (certificates), facilities or majority operational control. In order for a sale or transfer to be approved, the applicant must demonstrate that the "proposed sale, assignment, or transfer is in the public interest and that the buyer, assignee or transferee will fulfill the commitments, obligations, and representations of the Utility."⁹ Rule 25-30.037(j), F.A.C., further requires that the applicant demonstrate that the buyer has experience in water or wastewater utility operations and has the financial ability to provide service.

As discussed in more detail below, throughout the early part of this process the applicant repeatedly failed to provide requested relevant materials and documents necessary to evaluate his financial or managerial ability to operate the Utility in accord with applicable Commission rules and regulations. In some instances, the applicant provided responses that were incomplete or contained conflicting and incorrect information.

Failure to Respond to Commission staff 's Data Requests

The application, as filed, failed to include the information required by Rule 25-30.037(2), F.A.C. On October 7, 2014, Commission staff requested payment of the filing fee (\$1,500) and additional data to clarify the application and resolve several of the deficiencies. A due date for responses was set for November 5, 2014. However, no responses were received within the requested timeframe. Late-filed responses were received on November 10, 2014, which partially answered one deficiency. No filing fee was provided.

Without further responses from the applicant, Commission staff again sent letters on January 12, 2015, requesting the payment of the filing fees and the additional information necessary to process the application. A deadline for a response was set for January 22, 2015. Commission staff noted that the failure to pay the filing fees and provide the necessary

⁷ The warranty deed for Lot 692 of the Crest Ridge Gardens Unit Seven was recorded again on October 17, 2014, to reflect the addition of a date for the notary's signature.

⁸ The Purchase Agreement and Promissory Note, dated August 22, 2014, states that the monthly payment is \$4,484.71. In response to a Staff Data Request, Mr.Smallridge indicated that he increased it to \$4,500 per month.

⁹ Section 367.071(1), F.S.

information would result in a recommendation that the application for transfer be denied. On January 23, 2015, partial responses were filed and the filing fee was paid.

Commission staff continued its review of the filing and determined that further information was necessary to approve the applications. On February 23, 2015, Commission staff issued a second data request, including six questions, and requested responses by March 25, 2015. On March 18, 2015, the applicant filed responses to one question and provided information that rendered another question moot. No responses to the remaining four questions, including questions regarding financial information had been provided as of the date of filing the first Commission staff recommendation in this docket despite Commission staff's requests.

Commission staff sent a third set of data requests on March 4, 2015, with a total of 13 questions, and requested responses by April 2, 2015. On March 10, 2015, Commission staff amended the requests with an additional question that had been inadvertently omitted. On April 6, 2015, the applicant partially responded to Commission staff's third data requests but failed to respond to certain questions regarding financial information. Specifically, Commission staff requested information concerning Mr. Smallridge's personal line of credit which was referenced in his meeting with Commission staff on February 26, 2015. Other than to confirm that he does have a line of credit, Mr. Smallridge did not provide the requested details regarding this account.

Conflicting Information

In addition to failing to file timely responses, many of the responses were incorrect or conflicted with previous responses. The following examples are illustrative. First, attempts to determine the amount of the total purchase price of \$450,000 allocated to each Utility and to the street lighting and garbage collection rights were repeatedly asked. In response to Commission staff's deficiency letter dated October 7, 2014, the applicant replied that the total purchase amount was pro-rated based on the number of customers: \$269,375 for Crestridge and \$180,625 for Holiday Gardens.¹⁰ No dollar amount was assigned to the street lighting and trash business "[s]ince the street lights and trash are in the deed restrictions and I had to take them as part of the deal, but they have no value because they have no assets nor do they produce any profit." In response to the December 3, 2014, Commission staff audit findings that the net book value at the time of transfer for Holiday Gardens was \$24,544 and for Crestridge was \$60,694, the applicant indicated that positive acquisition adjustments in the amount of \$156,081 and \$208,681 for each Utility, respectively, were appropriate.¹¹

Commission staff's Second Data Request No. 4 requested documentation to support how these acquisition adjustments were made. However, on March 18, 2015, the applicant subsequently withdrew the requests for acquisition adjustments for each utility, at which time the applicant also amended the allocation of the purchase price of the Utilities to reflect a cost of \$60,694 for Crestridge, \$24,544 to Holiday Gardens, and the balance of \$364,762 to street

¹⁰ Based on the 2013 Annual Reports, there were 615 residential customers for Crestridge and 449 residential and 7 general service customers for Holiday Gardens.

¹¹ A closing date of April 11, 2014, was used by the auditors for each Utility. This date was not contested by Mr. Smallridge in his subsequent responses to the audits filed on March 18, 2015.

lighting and garbage collection rights. As noted above, Mr. Smallridge had asserted that these services are provided at cost and produce no profit. This assertion conflicted with the general ledger provided to audit Commission staff which shows customers are billed approximately \$4,450 per month more than the Utilities were charged for street lighting and garbage collection services. Commission staff repeatedly requested additional information to verify the amount billed to customers for street lighting and garbage collection services. This information had not been provided as of the date of filing the first Commission staff recommendation in this docket.

Second, Commission staff repeatedly asked about the closing date for the purchase of the Utilities in order to determine the net book value of each Utility. At various times, the applicant either stated or provided documents indicating that closing took place: a) on April 11, 2014, per the terms of the Purchase Agreement; b) on August 22, 2014, as stated on the Closing Statement provided in response to Commission staff's Third Data Request No. 9; or c) on August 27, 2014, as stated in response to Commission staff's Third Data Request No. 7. Based upon filings in the SARC dockets, the closing date provided to SWFWMD was given as August 22, 2014.

Third, Commission staff tried to verify the amount of the mortgage payment to the Seller due each month pursuant to the Purchase Agreement. Depending on the documentation provided this amount was: a) \$4,484.71 per month as stated in Section 4 of the Purchase Agreement; b) \$4,500 per month as stated on the first page of the Promissory Note dated August 22, 2014, provided in response to Commission staff's First Data Request No. 4; or c) \$4,484.71 per month as stated on the complete Promissory Note dated August 22, 2014, provided in response to Commission staff's Third Data Request No. 8. The terms of the Promissory Note state that the monthly payment terms can only be changed with the written consent of the Seller. No such consent was provided.

Delays in Filing Customer Notices

Rule 25-30.030, F.A.C., requires that a legal notice be sent to state and local government agencies, nearby water utilities, and customers within seven days of the application, in addition to a newspaper publication for any transfer. At a utility's request, Commission staff provides a listing for state and local government agencies and nearby water and wastewater utilities. This notice is allowed to be a late-filed exhibit in a transfer application, and was noted as such in the applications for both Utilities. However, no such exhibits were provided by the time of Commission staff's First Data Requests, nor had requests for the information been made. On October 7, 2014, as part of the First Data Request, Commission staff provided examples of a legal notice and a list of entities to notify, including government agencies and other water utilities in Pasco County. On November 10, 2014, Commission staff received a request for an electronic copy of the example legal notice, which was provided.

On January 12, 2015, Commission staff sent reminder letters to the applicant that included another copy of the example legal notice and updated lists of government agencies and water utilities to contact, as the previous lists had expired. In his January 23, 2015, responses to Commission staff's First Data Request, legal notices were provided to Commission staff for each proposed transfer. Commission staff assisted the applicant with attempts to resolve several flaws with the legal notices. On February 18, 2015, the applicant filed flawed notarized affidavits,

including multiple incorrect dates for the filing and mailing of the notices, and both were missing affidavits from the publishing newspapers. On March 11, 2015, the applicant submitted proper affidavits of mailing customer notices and publications. Based upon these documents, customers were notified of the transfers on February 6, 2015, approximately five months after the applications were filed.

Section 367.1214, F.S., requires that a utility notify both the Commission and its customers before changing a utility's name. Mr. Smallridge has represented that he held meetings with customers in which he notified them of the name changes and change of ownership of the utilities prior to September 10, 2014, when the application for transfer was filed. However, this Commission was not notified of the name changes until the applications for transfer were filed.

Public Interest Standard

Pursuant to Rule 25-30.037(1)(j), F.A.C., the application contains statements describing the technical and financial ability of the applicant to provide service to the proposed service area. Commission staff believes the Buyer has ample experience in the utility regulatory process. As stated in his application,¹² the Buyer was appointed to the Citrus County Water and Wastewater Authority, the local regulatory body for Citrus County, where he served for seven years. The Buyer also served as the "Class C" representative for the Governors Study Committee for Investor Owned Water and Wastewater Utility Systems in 2013. He maintains a regular yearly schedule of training classes through the Florida Rural Water Association and completed the NARUC Utility Rate School in 2001. He serves as the appointed circuit court receiver for Four Points Utility Corporation and West Lakeland Wastewater, Inc.,¹³ both of which have been involved in Commission staff-assisted rate cases, limited proceedings or certificate transfer cases in the last three years. The Buyer also owns Pinecrest Utilities, L.L.C. (Pinecrest), which was involved in a Commission staff-assisted rate case and a tariff amendment to increase miscellaneous service charges in 2012.¹⁴ In total, the Buyer owns, is the receiver of, or is the manager of, a total of nine Class C water and wastewater facilities, seven of which are regulated by the Commission.

In 2012, this Commission found that "the application contains documentation to demonstrate that the Buyer has sufficient personal financial resources to operate and maintain the Pinecrest water system."¹⁵ At the time we made that determination, Pinecrest was the only system owned by Mr. Smallridge. Since then, the Buyer purchased Crestridge, Holiday

¹² Document No. 05046-14, filed September 10, 2014, Exhibit 1.

¹³ The Buyer also serves as the appointed circuit court receiver for Bimini Bay Utilities, which is not regulated by the Commission.

¹⁴ Docket No. 120269-WU, Application for staff-assisted rate case in Polk County by Pinecrest Utilities, L.L.C.; and 120290-WU, Request for approval of amendment to tariff sheets for miscellaneous service charges in Polk County by Pinecrest Utilities, L.L.C.

¹⁵ Order No. PSC-12-0475-PAA-WU, issued September 18, 2012, in Docket No. 110311-WU, In re: Application for transfer of Certificate No. 588-W from Pinecrest Ranches, Inc., in Polk County, to Pinecrest Utilities, L.L.C., p.3.

Gardens,¹⁶ and West Lakeland Wastewater, Inc.¹⁷ In addition, Florida Utility Services 1, L.L.C., which is owned and operated by Mr. Smallridge, purchased Charlie Creek Utilities, L.L.C.¹⁸ and East Marion Utilities, L.L.C.¹⁹

Commission staff's First Recommendation

Notwithstanding his training and experience with both the Commission and the regulatory process, Mr. Smallridge initially failed to respond or to comply with Commission rules and procedures. As a result, on April 23, 2015, Commission staff filed a recommendation that the Commission deny the requests for transfer of certificates for Crestridge and Holiday Gardens. The primary issues identified in Commission staff's recommendation addressed failures to respond to data requests, conflicting information, and delays in filing customer notices. On April 27, 2015, Mr. Smallridge, through his counsel, filed a request for deferral from the agenda of the May 15, 2015, Commission Conference.

After the deferral, Commission staff made multiple data requests in an attempt to resolve the concerns raised in the original recommendation. Commission staff initially had questions regarding the Buyer's financial ability to maintain and make necessary improvements to the systems currently owned, especially given the rate at which additional systems were being acquired. Commission staff reviewed the personal financial statements and tax returns of the Buyer, as well as the financial statements and tax returns of Florida Utility Services 1, L.L.C. The Buyer also provided Commission staff with copies of recent loan documents²⁰ indicating access to additional sources of capital, as well as a three-year capital expenditure and funding estimate²¹ which included the status of recent improvements. Additional details regarding the Buyer's communication with customers as well as specific actions he has taken to improve the Utility since purchasing it were also provided.

Mr. Smallridge has responded promptly to Commission staff's latest data requests and on the whole the responses are more complete and non-contradictory. Since the deferral, conversations with Mr. Smallridge's counsel about Commission staff's areas of concern discussed above have identified conditions for certification which offer solutions to rectify these concerns. These conditions, as stated below, have been agreed to by Mr. Smallridge.

¹⁶ Docket No. 140176-WU, In re: Application for approval of transfer of Certificate No. 116-W from Holiday Gardens Utilities, Inc. to Holiday Gardens Utilities, L.L.C. in Pasco County.

¹⁷ Docket No. 130065-SU, In re: Application for transfer of Certificate No. 515-S in Polk County from West Lakeland Wastewater, Inc. to West Lakeland Wastewater, L.L.C. Application was withdrawn at the request of the Utility on September 11, 2014.

¹⁸ According to the Utility, an application for original certificate will be filed with the Commission no later than September 4, 2015.

¹⁹ Docket No. 150091-WS, In re: Application for approval of transfer of Certificate Nos. 490-W and 425-S from East Marion Sanitary Systems, Inc. to East Marion Utilities, L.L.C., in Marion County.

²⁰ Document No. 04001-15, filed June 29, 2015.

²¹ Document No. 04718-15, filed July 28, 2015.

Conditional Approval to Address Concerns

Given these unique set of facts, an alternative approach to the denial of the transfer of the certificate in this case is to approve the transfer of certificate for Crestridge with the following conditions:

For each Commission-regulated utility owned directly or indirectly by Smallridge (Crestridge, Holiday Gardens, West Lakeland, East Marion, Charlie Creek and Pinecrest):

1. Pay all RAFs completely and on time. Rule 25-30.120, F.A.C.; Section 367.145, F.S.
2. File all annual reports on time. Each annual report filed during the period these conditions are in effect shall include a notarized affidavit stating what Commission-regulated utilities, if any, Michael Smallridge has purchased, either directly or indirectly, during the period ending December 31st of the last year. Rule 25-30.110, F.A.C.; Section 367.121(1)(c), (i), F.S.
3. Meet all DEP and Water Management District requirements for operation. Section 367.11(2), F.S.
4. Comply completely and in a timely fashion with all Commission staff data requests associated with any Smallridge utility. Section 367.121(1)(c), (i), F.S.
5. If Michael Smallridge purchases, either directly or indirectly, any other Commission-regulated utilities prior to December 31, 2017, an application for transfer shall be submitted within 90 days of such purchase.
6. Michael Smallridge shall file an application for certificate for Charlie Creek and provide a status report on West Lakeland's efforts to secure the land on which its wastewater facilities are located by September 4, 2015.
7. Should Michael Smallridge fail to meet these requirements, the Commission staff shall initiate show cause proceedings against Michael Smallridge as to whether his certificate(s) should be revoked or further conditions imposed.

These conditions are either based on our rules and authorizing statutes or Mr. Smallridge's current business plans for each of the six Commission-regulated utilities that he owns either directly or indirectly. The proposed conditions will allow us to closely monitor Mr. Smallridge's compliance with the financial responsibilities associated with providing adequate service to the customers of Crestridge. For that reason, we find that these conditions shall be imposed on this certification in the public interest.

Section 367.045(5)(a), F.S., states that “[t]he commission may grant or amend a certificate of authorization, in whole or in part or with modifications in the public interest.”[emphasis added] We have included conditions in prior transfer of certificate cases.²² The conditions proposed for this transfer are directly related to the standards of technical and financial ability to provide service to the certificated territory mandated by Section 367.071(1), F.S. A decision that allows the Utility to proceed, but closely monitors its compliance with its service responsibilities, is a “modification in the public interest.”

Other Matters

Having approved the conditions stated above, the amended application is now in compliance with the governing statutes and rules concerning an application for transfer of certificate. The closing date of the sales contract, based upon the most recent data response, shall be August 27, 2014. Pursuant to Section 367.071(1), F.S., the sales contract was made contingent upon our approval.

Noticing Provisions

As noted in Commission staff’s original recommendation, customers were notified of the transfer on February 6, 2015. No objections to the notice have been filed and the time for filing objections, based on the late notice date, has expired. A description of the territory being transferred is appended to this recommendation as Attachment A. Recorded copies of warranty deeds have been provided as part of responses to Commission staff’s data requests which are evidence that Crestridge owns the land on which the water treatment facilities are located, pursuant to Rule 25-30.037(2)(q), F.A.C.

Sales Contract

Pursuant to Rule 25-30.037(2)(g), F.A.C., the application contains a copy of the sales contract, which includes the purchase price, terms of payment, and a list of the assets purchased. As noted above, the purchase contract was for the certificated Utilities of Crestridge and Holiday Gardens and non-utility assets for each service territory for waste disposal and street lighting. Based upon the amended application, Crestridge was acquired for \$60,694 of the \$450,000 combined purchase price.

Pursuant to Rule 25-30.037(2)(h), F.A.C., the contract addressed customer deposits, customer advances, leases, and other matters. According to the application, there are no leases, developer agreements, or guaranteed revenue contracts associated with the transfer.

²² Order No. PSC-98-0043-FOF-WS, issued January 6, 1998, in Docket No. 951026-WS, In re: Application for transfer of Certificates Nos. 361-W and 316-S in Citrus County from J & J Water and Sewer Corporation to Meadows Utility Company, Inc.

Accounting Standards

Mr. Smallridge is aware that Crestridge's books and records must be maintained in accordance with the National Association of Regulatory Utility Commissioners (NARUC) Uniform System of Accounts (USOA).

Other Regulatory Entities

The Florida Department of Environmental Protection (DEP) sets requirements for the water system. During the January 2015 Sanitary Survey, several deficiencies were found with the water system, including issues with one of the Utilities' water tanks. As of May 2015, all other deficiencies have been corrected and DEP has accepted a plan for the replacement of a pneumatic water tank to resolve the remaining deficiency. The Utility is in the process of applying for renewal of its water use permit from SWFWMD. At this time, Mr. Smallridge has not yet paid his filing fee and has outstanding data requests. Mr. Smallridge has requested and received a time extension for filing this information until September 28, 2015.

Rates and Charges

The Utility's rates were last approved in a Commission staff-assisted rate case in 1993.²³ The rates were subsequently amended to reflect a four year rate reduction required by Section 367.0816, F.S., in 1997 and numerous price indexes. In 2014, Crestridge was approved for an after-hours normal reconnection charge, a convenience charge, a late payment charge, a meter tampering charge, and initial customer deposits.²⁴ The Utility is built out and has no approved service availability charges other than a meter installation charge. The Utility's existing rates are shown on Schedule No. 2. Rule 25-9.044(1), F.A.C., provides that, in the case of a change of ownership or control of a utility, the rates, classifications, and regulations of the former owner must continue unless authorized to change by this Commission. Therefore, we find that the Utility's existing rates and charges remain in effect until a change is authorized by this Commission in a subsequent proceeding.

Annual Reports and Regulatory Assessment Fees

Commission staff has verified that the Utility is current on the filing of annual reports and RAFs through December 31, 2014. The Buyer will be responsible for filing the Utility's annual reports and paying RAFs for 2015 and all future years. We find that with the conditions discussed herein, the transfer is in the public interest and shall be approved effective the date of our vote. The territory being transferred is described in Attachment A. The resultant order shall serve as Crestridge Utilities, L.L.C.'s Certificate No. 117-W and be retained. The existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding. The tariffs reflecting the transfer shall be effective for services rendered or connections made on or after the stamped approval date on the tariffs, pursuant to Rule 25-

²³Order No. PSC-93-0012-FOF-WU, issued January 5, 1993, in Docket No. 920417-WU, In re: Application for staff-assisted rate case in Pasco County by Crestridge Utility Corporation.

²⁴Order No. PSC-14-0016-TRF-WU, issued January 6, 2014, in Docket No. 130251-WU, In re: Application for approval of miscellaneous service charges in Pasco County, by Crestridge Utilities, Inc.

30.475, F.A.C. Crestridge Utilities, L.L.C. shall be responsible for annual reports and RAFs for 2015 and future years.

Net Book Value and Acquisition Adjustment

Rate base was last established for the Utility, as of March 31, 1992.²⁵ The Utility has also filed for a Commission staff-assisted rate case in Docket No. 140175-WU. The purpose of establishing net book value (NBV) for transfers is to determine whether an acquisition adjustment should be approved. The NBV does not include normal ratemaking adjustments for used and useful plant or working capital. The utility's NBV has been updated to reflect balances as of August 27, 2014. The NBV, as described below, is shown on Schedule 1.

Utility Plant-in-service (UPIS)

The Utility's general ledger reflected a UPIS balance of \$89,699, as of August 27, 2014. Audit Commission staff reviewed UPIS additions since the last rate case proceeding in 1992 to calculate a UPIS balance that totals \$220,682. As a result, UPIS shall be increased by \$130,983 to reflect a UPIS balance of \$220,682, as of August 27, 2014. The approved UPIS balance is shown on Schedule 1.

Land

The Utility's general ledger reflected a land balance of \$6,000, as of August 27, 2014. In PSC Order No. 93-0012-FOF-WU, issued January 5, 1993, we established the value of the land to be \$6,000. There have been no additions to land purchased since that order was issued. No additional adjustments have been identified by Commission staff. Therefore, we find that the appropriate land balance is \$6,000, as of August 27, 2014, as shown on Schedule 1.

Accumulated Depreciation

The Utility's general ledger reflected an accumulated depreciation balance of \$39,641, as of August 27, 2014. Audit Commission staff calculated the appropriate accumulated depreciation balance to be \$164,417. As a result, accumulated depreciation shall be increased by \$124,776 to reflect an accumulated depreciation balance of \$164,417, as of August 27, 2014, as shown on Schedule 1.

Contributions-in-Aid-of-Construction (CIAC) & Accumulated Amortization of CIAC

As of August 27, 2014, the Utility's general ledger reflected balances of \$0 for CIAC and \$0 for accumulated amortization of CIAC. There were no additions to CIAC since the last rate case. Audit Commission staff used the balances of CIAC and Accumulated Amortization of CIAC from the last rate proceeding and calculated the Accumulated Amortization of CIAC, as of August 27, 2014. CIAC was fully amortized in the year 1999 in the amount of \$86,055.

²⁵ Order No. PSC-93-0012-FOF-WU, issued January 5, 1993, in Docket No. 920417-WU, In re: Application for a staff-assisted rate case by Crestridge Utility Corporation in Pasco County.

Therefore, we approve a CIAC balance of \$86,055 and accumulated amortization of CIAC balance of \$86,055, as of August 27, 2014, as shown on Schedule 1.

Net Book Value

The Utility's general ledger reflected NBV of \$56,058. Based on the adjustments described above, we find that the NBV for the Utility is \$62,265, as of August 27, 2014. The NBV and the NARUC USOA balances for UPIS and accumulated depreciation, as of August 27, 2014, are shown on Schedule 1.

Acquisition Adjustment

An acquisition adjustment results when the purchase price differs from the NBV of the assets at the time of the acquisition. Of the total contract purchase price of \$450,000, the Buyer allocated \$60,694 to Crestridge Utilities, L.L.C. and \$24,544 to Holiday Gardens, a sister utility. The balance of the purchase price, \$364,762, is allocated to garbage and street lighting operations.²⁶ As stated above, we find the appropriate NBV to be \$62,265. Pursuant to Rule 25-30.0371, F.A.C., a positive acquisition adjustment may be appropriate when the purchase price is greater than the NBV, and a negative acquisition adjustment may be appropriate when the purchase price is less than NBV. As set forth in Rule 25.30.0371(3), F.A.C., if the purchase price is greater than 80 percent of the net book value, a negative acquisition adjustment is not included in rate base. As the purchase price of \$60,694 paid exceeds 80 percent of the approved NBV of \$62,265, we find that a negative acquisition shall not be included in rate base.

Based on the above, we find that the NBV for transfer purposes is \$62,265, as of August 27, 2014. We further find that no acquisition adjustment shall be included in rate base. Within 90 days of the date of the final order, the Buyer shall be required to provide general ledger balances which show its books have been updated to reflect the our approved balances, as of August 27, 2014. These adjustments shall be reflected in the Utility's 2015 Annual Report when filed.

Based on the above, it is

ORDERED by the Florida Public Service Commission that the transfer of Certificate No. 117-W from Crestridge Utility Corporation to Crestridge Utilities, L.L.C., in Pasco County, is in the public interest, with the conditions stated in the body of this order, and is hereby approved effective the date of our vote, September 15, 2015. The transferred territory is more properly described in Attachment A. This Order shall serve as Crestridge Utilities, L.L.C.'s Certificate No. 117-W and shall be retained by the Utility. It is further

ORDERED that the existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding. It is further

²⁶ Document No 01503-15, filed March 18, 2015.

ORDERED that the tariffs reflecting the transfer shall be effective for services rendered or connections made on or after the stamped approval date on the tariffs, pursuant to Rule 25-30.475, F.A.C. It is further

ORDERED that Crestridge Utilities, L.L.C. shall be responsible for annual reports and Regulatory Assessment Fees for 2015 and future years. It is further

ORDERED that the net book value of Crestridge Utilities, L.L.C.'s water system is \$62,265 as of August 27, 2014. It is further

ORDERED that no acquisition adjustment shall be included in rate base. It is further

ORDERED that the provisions of this order shall become final and effective if no protest to the proposed agency action is filed by a substantially affected person with the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, within 21 days of the date of this order in the form provided by Rule 28-106.201, F.A.C. It is further

ORDERED that the docket shall be closed administratively after Crestridge Utilities, L.L.C., has provided proof, within 90 days of the date of the final order, that its general ledgers have been updated to reflect Commission-approved balances as of August 27, 2014. Additionally, Crestridge Utilities, L.L.C. shall reflect these adjustments in its 2015 Annual Report when filed.

By ORDER of the Florida Public Service Commission this 5th day of October, 2015.

CARLOTTA S. STAUFFER
Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Copies furnished: A copy of this document is provided to the parties of record at the time of issuance and, if applicable, interested persons.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing that is available under Section 120.57, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The action proposed herein is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on October 26, 2015.

In the absence of such a petition, this order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this/these docket(s) before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.
