

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for rate increase by Florida
Power & Light Company.

DOCKET NO. 160021-EI
ORDER NO. PSC-16-0133-CFO-EI
ISSUED: April 4, 2016

ORDER GRANTING FLORIDA POWER & LIGHT
COMPANY'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 01414-16)

On March 15, 2016, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a request to extend confidential classification for portions of its Minimum Filing Requirement (MFR) D-2 (2017 Test Year and 2018 Subsequent Year).

Request for Confidential Classification

FPL contends that information contained in portions of MFR D-2 falls within these categories and, thus, constitutes proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

The information for which FPL seeks confidentiality is the year-end capital structure for investor capital, preferred stock, long-term debt and short-term debt for the five years through the 2017 and 2018 projected test years for FPL, for its parent company (NextEra Energy/ NEE); and for NEE's regulated and non-regulated companies combined for the five years through the projected test years 2017 and 2018. Disclosure of this projected capital structure information would, in FPL's view, harm the competitive interests of all of these entities and would trigger Securities and Exchange Commission reporting obligations. FPL has requested that this information be granted confidentiality for a period of 18 months and returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business.

Ruling

Section 366.093(1), F.S., provides that records that the Commission has found to contain proprietary confidential business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and that has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides, in pertinent part, that proprietary confidential business information includes, but is not limited to:

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears that the above-referenced information satisfies the criteria set forth in Section 366.093(3)(e), F.S., for classification as proprietary confidential business information. The information at issue is the projected capital structure information for FPL, FPL's parent, and FPL's affiliated sister companies, the disclosure of which would impair the competitive business of the providers of the information. Thus, the information identified in Document No. 01414-16, shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Lisa Polak Edgar, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 01414-16, is granted, as set forth herein. It is further

ORDERED that the information in Document No.01414-16, for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Lisa Polak Edgar, as Prehearing Officer, this 4th day
of April, 2016.
