ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S REQUEST FOR CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 07860-16)

On September 29, 2016, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) requested confidential classification (Request) of its Response to Staff's Sixth Set of Interrogatories (Nos. 24-30), specifically, Nos. 24, 25, 27 (Document No. 07860-16). This request was filed in Docket No. 160001-EI.

Request for Confidential Classification

DEF contends that designated portions of the information contained in the discovery responses, as more specifically identified by page, line and statutory basis in Exhibit C to its Request, fall within these categories and, thus, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C.

Specifically, the information at issue relates to competitively negotiated data, hedging volumes and transactions, and pricing information, the disclosure of which would impair the efforts of DEF or its affiliates to negotiate fuel supply contracts on favorable terms. DEF also asserts that the information at issue relates to the competitive interests of DEF and its fuel suppliers, the disclosure of which would impair their competitive businesses. DEF affirms that the information has not been disclosed to the public and DEF has treated and continues to treat the information and contracts at issue as confidential.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms; and

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning competitive interests, the disclosure of which would impair the competitive business of DEF or its affiliates or its vendors. Thus, the information identified in Document No. 07860-16 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Chairman Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 07860-16 is granted. It is further

ORDERED that the information in Document No. 07860-16, for which confidential classification has been granted, shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 3rd day of February, 2017.
