In re: Environmental cost recovery clause.

DOCKET NO. 170007-EI  
ORDER NO. PSC-17-0131-CFO-EI  
ISSUED: April 13, 2017

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S SECOND  
REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION  
(DOCUMENTS NOS. 02071-15 AND 03139-13)

On March 16, 2017, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL or Company) filed its Second Request for Extension of Confidential Classification of materials provided in response to Audit Control No. 13-015-4-1. The materials provided include: (1) pricing information for solar equipment, installation and maintenance at the Martin Plant; (2) amounts paid for equipment and work performed at the Manatee Plant associated with environmental compliance projects; and (3) environmental projects at Scherer Unit 4 (jointly owned by FPL and Georgia Power), which are designed to reduce sulfur dioxide, mercury and nitrogen oxide implemented in compliance with Georgia's Multi-pollutant Rule.

Request for Extended Confidential Classification

In its request, FPL states that the period of confidential classification granted by Order No. PSC-15-404-CFO-EI, issued September 24, 2015, will soon expire and that some of the information covered by that Order warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093, F.S. FPL states that the information for which it seeks confidential classification remains "proprietary confidential business information" within the meaning of Section 366.093(3), F.S., as it is information relating to (1) bids or other contractual data, the disclosure of which would impair FPL's efforts to contract for goods or services on favorable terms in the future, or (2) the competitive interests of FPL, Georgia Power or their vendors, the disclosure of which would impair competitive business interests and the ability to contract for goods and services on favorable terms for the benefit of customers. FPL states that this information is intended to be, and has been, treated as confidential by the Company.

Ruling

Upon review, it appears that some of the information, which was the subject of Order Nos. PSC-130483-CFO-EI and PSC-15-0404-CFO-EI, continues to be proprietary confidential business information within the meaning of Section 366.093, F.S., to the same extent confidentiality was granted by the Commission's prior orders. The information contained in Document No. 02071-15<sup>1</sup> qualifies as proprietary confidential business information pursuant to

<sup>1</sup> Document No. 02071-15 replaces and supersedes Document No. 03519-13 which was attached to the Company's first Request for Confidential Classification. Document No. 03519-13 has been returned to the Company.

Section 366.093(3)(d) and (e), F.S., since it relates to bids or contractual data and the competitive interests of FPL, Georgia Power, and their vendors. Accordingly, FPL's request for extension of confidential treatment of portions of the information contained in Document No. 03139-13, as narrowed by Document No. 0271-15 and the Company's instant request, shall be granted.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of 18 months from the date of this Order. At the conclusion of the 18 month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows and the Commission finds that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Ronald A. Brisé, as Prehearing Officer, that Florida Power & Light Company's Second Request for Extended Confidential Classification of certain information contained in Document No. 03139-13, as narrowed by Document No. 02071-15 and the Company's instant request, is hereby granted. It is further

ORDERED that the information for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of materials discussed herein.

By ORDER of Commissioner Ronald A. Brisé, as Prehearing Officer, this 13th day of April, 2017.
