In re: Florida Power & Light Company's request for confidential treatment of certain information contained in report entitled review of physical security protection of utility substations and control centers.

DOCKET NO. 20140233-EI
ORDER NO. PSC-2018-0254-CFO-EI
ISSUED: May 21, 2018

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S FIRST REQUEST FOR
EXTENSION OF CONFIDENTIAL CLASSIFICATION OF
DOCUMENT NOS. 06514-14 and 00942-15

On November 26, 2014, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its "Request for Confidential Classification of Florida Public Service Commission Staff's Report and Official Workpapers Related to Staff's Review of Physical Security Protection of Utility Substations and Control Centers," seeking confidential classification of Document No. 06514-14. Document No. 00942-15 are staff audit workpapers that contain information from Document No. 06514-14.

By Order No. PSC-15-0060-CFO-EI, issued January 22, 2015, we granted FPL's request for confidential classification. On July 14, 2016, FPL filed its first request for extension of confidential treatment of Document No. 06514-14. By Order No. PSC-16-0500-CFO-EI, issued October 31, 2016, we granted FPL's request for confidential classification. On April 27, 2018, FPL filed a second request for extension of confidential treatment of Document No. 06514-14.

Request for Confidential Classification

FPL asserts that Document No. 06514-14 should remain confidential pursuant to Section 366.093(3), F.S. FPL contends the information contains information regarding security measures, systems, or procedures and is intended to be and has been treated as confidential by FPL and has not been publicly disclosed. Moreover, FPL states the information will remain highly sensitive and confidential and should not be declassified for a period of at least eighteen (18) months pursuant to Section 366.093(4), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations and has not been voluntarily disclosed to the public. Section 366.093(3)(c),

F.S., provides that proprietary confidential business information includes, but is not limited to “security measures, systems, or procedures.”

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information related to security measures, systems, or procedures. Public disclosure of this information would harm the company or its ratepayers. For these reasons, the information identified in Document No. 06514-14 and Document No. 00942-15 shall be granted continued confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Florida Power & Light Company’s Request for Confidential Classification of information is granted and the information contained in Document No. 06514-14 and Document No. 00942-15 shall be classified as confidential, as set forth herein. It is further

ORDERED that the information in Document Number 06514-14 and Document No. 00942-15, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein. It is further

ORDERED that this docket shall be closed.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 21st day of May, 2018.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
