## **PREHEARING ORDER**

### **I. CASE BACKGROUND**

Docket No. 20180051-GU was opened by the Commission on February 23, 2018, to consider the tax impacts associated with the passage of the Tax Cuts and Jobs Act of 2017 on Florida Public Utilities Company – Gas (FPUC). On March 13, 2018, Order No. PSC-2018-0133-PCO-GU, was issued acknowledging the intervention of the Office of Public Counsel (OPC). The Order Establishing Procedure, Order No. PSC-2018-0213-PCO-GU, was issued on April 25, 2018, in which controlling dates were set for filing testimony, exhibits, and discovery.

On April 30, 2018, OPC filed a Motion for Emergency Hearing Concerning Scheduling and Discovery Procedures. The First Order Revising Order Establishing Procedure, Order No. PSC-2018-0274-PCO-GU, was issued on May 31, 2018, in which controlling dates and discovery procedures were modified. On August 17, 2018, FPUC, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Ft. Meade, the Florida Division of Chesapeake Utilities Corporation, and OPC submitted a Joint Motion to Amend Procedural Schedule and to Accept Revised/Supplemental Testimony. The Second Order Revising Order Establishing Procedure, Order No. PSC-2018-0412-PCO-GU, was issued on August 20, 2018, in which controlling dates were modified.

Prehearing statements were filed on October 22, 2018, by Commission staff, FPUC, and OPC. This docket is set for final hearing on November 27-30, 2018. Jurisdiction over these matters is vested in the Commission through several provisions of Chapter 366, Florida Statutes (F.S.), including Sections 366.04, 366.05, and 366.06, F.S.

### **II. CONDUCT OF PROCEEDINGS**

Pursuant to Rule 28-106.211, Florida Administrative Code (F.A.C.), this Prehearing Order is issued to prevent delay and to promote the just, speedy, and inexpensive determination of all aspects of this case.

### **III. JURISDICTION**

This Commission is vested with jurisdiction over the subject matter by the provisions of Chapter 366, F.S. This hearing will be governed by said Chapter and Chapters 25-7, 25-22, and 28-106, F.A.C., as well as any other applicable provisions of law.

### **IV. PROCEDURE FOR HANDLING CONFIDENTIAL INFORMATION**

Information for which proprietary confidential business information status is requested pursuant to Section 366.093, F.S., and Rule 25-22.006, F.A.C., shall be treated by the Commission as confidential. The information shall be exempt from Section 119.07(1), F.S., pending a formal ruling on such request by the Commission or pending return of the information

to the person providing the information. If no determination of confidentiality has been made and the information has not been made a part of the evidentiary record in this proceeding, it shall be returned to the person providing the information. If a determination of confidentiality has been made and the information was not entered into the record of this proceeding, it shall be returned to the person providing the information within the time period set forth in Section 366.093, F.S. The Commission may determine that continued possession of the information is necessary for the Commission to conduct its business.

While it is the policy of this Commission for all Commission hearings be open to the public at all times, the Commission also recognizes its obligation pursuant to Section 366.093, F.S., to protect proprietary confidential business information from disclosure outside the proceeding. Therefore, any party wishing to use any proprietary confidential business information, as that term is defined in Section 366.093, F.S., at the hearing shall adhere to the following:

- (1) When confidential information is used in the hearing that has not been filed as prefiled testimony or prefiled exhibits, parties must have copies for the Commissioners, necessary Staff, and the court reporter, in red envelopes clearly marked with the nature of the contents and with the confidential information highlighted. Any party wishing to examine the confidential material that is not subject to an order granting confidentiality shall be provided a copy in the same fashion as provided to the Commissioners, subject to execution of any appropriate protective agreement with the owner of the material.
- (2) Counsel and witnesses are cautioned to avoid verbalizing confidential information in such a way that would compromise confidentiality. Therefore, confidential information should be presented by written exhibit when reasonably possible.

At the conclusion of that portion of the hearing that involves confidential information, all copies of confidential exhibits shall be returned to the proffering party. If a confidential exhibit has been admitted into evidence, the copy provided to the court reporter shall be retained in the Office of Commission Clerk's confidential files. If such material is admitted into the evidentiary record at hearing and is not otherwise subject to a request for confidential classification filed with the Commission, the source of the information must file a request for confidential classification of the information within 21 days of the conclusion of the hearing, as set forth in Rule 25-22.006(8)(b), F.A.C., if continued confidentiality of the information is to be maintained.

#### **V. PREFILED TESTIMONY AND EXHIBITS; WITNESSES**

Testimony of all witnesses to be sponsored by the parties and Staff has been prefiled and will be inserted into the record as though read after the witness has taken the stand and affirmed the correctness of the testimony and associated exhibits. All testimony remains subject to timely and appropriate objections. Upon insertion of a witness' testimony, exhibits appended thereto may be marked for identification. Each witness will have the opportunity to orally summarize his or her testimony at the time he or she takes the stand, which shall be limited to three minutes.

Witnesses are reminded that, on cross-examination, responses to questions calling for a simple yes or no answer shall be so answered first, after which the witness may explain his or her answer. After all parties and Staff have had the opportunity to cross-examine the witness, the exhibit may be moved into the record. All other exhibits may be similarly identified and entered into the record at the appropriate time during the hearing.

The Commission frequently administers the testimonial oath to more than one witness at a time. Therefore, when a witness takes the stand to testify, the attorney calling the witness is directed to ask the witness to affirm whether he or she has been sworn.

The parties shall avoid duplicative or repetitious cross-examination. Further, friendly cross-examination will not be allowed. Cross-examination shall be limited to witnesses whose testimony is adverse to the party desiring to cross-examine. Any party conducting what appears to be a friendly cross-examination of a witness should be prepared to indicate why that witness's direct testimony is adverse to its interests.

## **VI. ORDER OF WITNESSES**

Each witness whose name is followed by an asterisk (\*) is excused from the hearing.

## **VII. BASIC POSITIONS**

**FPUC:** FPUC's computation of the tax benefits from the Tax Cut and Jobs Act of 2017 ("TCJA") is correct, and its proposed disposition of the tax benefits is appropriate.

**OPC:** Florida Public Utilities Company – Gas ("FPUC"), in its May 31, 2018 petition, seeks determination by the Florida Public Service Commission of the tax benefits arising from the Tax Cuts and Jobs Act of 2017 ("TCJA"). FPUC has identified, as a result of the TCJA, a regulatory liability for excess accumulated deferred

income taxes (“ADIT”) of \$25,581,776. FPUC proposes to retain the net annual amortization of the protected and unprotected excess ADIT estimated by FPUC to be approximately \$537,174 annually. OPC objects to this proposal and submits this amount should be applied for the benefit of customers as a rate reduction.

FPUC has also identified a base rate savings of \$1,141,134 as a result of the TCJA. OPC disagrees with the FPUC’s proposal to retain this amount and contends the 2018 base rate income tax savings should be applied for the benefit of customers through a permanent base rate reduction.

FPUC indicates the impact of the TCJA on the Company’s Gas Reliability Infrastructure Program (“GRIP”) results (i) in a 2018 tax savings of \$1,040,141 and (ii) in an annual tax savings, for the period 2019 and beyond, of approximately \$1.2 million. FPUC proposes to flow back the 2018 tax savings benefit to its customers by incorporating it as an over-recovery in its 2019 GRIP projection. Additionally, FPUC indicates it will apply the new 21 percent federal income tax rate into its 2019 GRIP surcharge projections and future projections, which will reduce the annual GRIP revenue amount by the annual tax savings of approximately \$1.2 million. OPC agrees with the Company’s proposals to flow through the GRIP-related TCJA savings directly to its customers.

FPUC’s revised filing on August 27, 2018, contained a reclassification of excess ADIT related to cost-of-removal from protected to unprotected. OPC does not disagree with this classification; however, due to the uncertainty in this area and the fact that different utilities have taken different positions as to the classification, OPC suggests it may be appropriate for FPUC to seek a private letter ruling (“PLR”) from the IRS regarding its classification of the excess ADIT relating to cost of removal/negative net salvage as “unprotected”. Notwithstanding, because of the cost involved in seeking such a ruling, OPC acknowledges that guidance provided by PLRs to larger Florida utilities may be sufficiently clear so as to prevent FPUC and its affiliates from having to obtain their own specific PLR.

**STAFF:** Staff’s positions are preliminary and based on materials filed by the parties and on discovery. The preliminary positions are offered to assist the parties in preparing for the hearing. Staff’s final positions will be based upon all the evidence in the record and may differ from the preliminary positions.

## **VIII. ISSUES AND POSITIONS**

**ISSUE 1:** *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 2:** *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 3:**     *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 4A:**    *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 4B:**    **What is the appropriate disposition of the protected excess deferred taxes?**

**POSITIONS**

**FPUC:**        FPUC proposes to retain the estimated amortized deferred balance less the unprotected deferred tax amortization, thereby fulfilling the purpose of the TCJA by allowing FPUC to continue making capital improvements and potentially delaying a rate proceeding.

**OPC:**        The Company should not be allowed to retain the benefit of the protected excess ADIT. The protected excess ADIT should be reversed using an Average Rate Assumption Method (“ARAM”) if the utility has the available information to calculate the ARAM, or via another appropriate method that complies with normalization requirements, if the Company does not have the information to compute the ARAM.

**STAFF:**       Staff has no position pending evidence adduced at the hearing.

**ISSUE 5A:**    *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 5B:**    **What is the appropriate disposition of the unprotected excess deferred taxes?**

**POSITIONS**

**FPUC:**        FPUC proposes to retain the deferred tax liability associated with the net acquisition adjustment amortized over the life of the acquisition adjustment and unprotected deferred tax asset amortized over 10 years, netted against the protected excess deferred taxes.

**OPC:**        The Company should not be allowed to retain the benefit of the unprotected excess ADIT. The Unprotected excess ADIT net asset of \$3,072,874 should be amortized over 10 years at \$307,287 per year.

**STAFF:**       Staff has no position pending evidence adduced at the hearing.

**ISSUE 6:**     *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 7:**     *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 18:**    *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 19:**    *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 20:**    *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 21:** Should FPUC be allowed to retain the tax benefits arising from the TCJA rate reduction, excluding the 2018 GRIP savings, as well as the estimated Deferred Tax portion of the Protected and estimated Unprotected Deferred Tax regulatory asset that are not associated with the acquisition adjustment?

**POSITIONS**

**FPUC:** Yes, FPUC should be allowed to retain the tax benefits arising from the TCJA rate reduction, excluding the 2018 GRIP savings, as well as the estimated Deferred Tax portion of the Protected and estimated Unprotected Deferred Tax regulatory asset including those that are associated with the acquisition adjustment.

**OPC:** No, FPUC should not be allowed to retain the tax benefits arising from the TCJA rate reduction.

**STAFF:** Staff has no position pending evidence adduced at the hearing.

**ISSUE 22:** *Proposed Type 1 Stipulation, See Section X.*

**ISSUE 23:** *Proposed Type 1 Stipulation, See Section X.*

#### **X. PROPOSED STIPULATIONS**

As referenced in Section VIII., above, the parties have reached stipulations on the issues described below. Type 1 Stipulations reflect stipulations upon which the parties agree. Type 2 Stipulations reflect stipulations upon which OPC takes no position.

**ISSUE 1:** Is the methodology and process Florida Public Utilities Company (“FPUC”) used to calculate the impact of the Tax Cuts and Jobs Act of 2017 (“TCJA”) appropriate?

*\*Type 1 Stipulation*

**STIPULATION:** Yes, the methodology and process FPUC used to calculate the impact of the TCJA is appropriate.

**ISSUE 2:** Were Accumulated Deferred Income Taxes (ADIT) appropriately calculated?

*\*Type 1 Stipulation*

**STIPULATION:** Yes, ADIT is appropriately calculated.

**ISSUE 3:** Are FPUC’s classifications of the excess ADIT between “protected” and “unprotected” appropriate?

*\*Type 1 Stipulation*

**STIPULATION:** Yes, FPUC’s classifications of the excess ADIT between “protected” and “unprotected” is appropriate.

**ISSUE 4A:** Were “protected excess deferred taxes” for 2018 using a 21 percent corporate tax rate appropriately calculated?

*\*Type 1 Stipulation*

**STIPULATION:** Yes, “protected excess deferred taxes” for 2018 using a 21 percent corporate tax rate are appropriately calculated.

**ISSUE 5A:** Were “unprotected excess deferred taxes” for 2018 using a 21 percent corporate tax rate appropriately calculated?

*\*Type 1 Stipulation*

**STIPULATION:** Yes, the “unprotected excess deferred taxes” for 2018 using a 21 percent corporate tax rate are appropriately calculated.

**ISSUE 6:** Should FPUC seek a private letter ruling from the IRS regarding its classification of the excess ADIT relating to cost of removal/negative net salvage as “unprotected”?

*\*Type 1 Stipulation*

**STIPULATION:** FPUC should await IRS guidance, including guidance provided to larger, similarly-situated Florida utilities.

**ISSUE 7:** If FPUC seeks a private letter ruling and the IRS rules therein (or in another private letter ruling) that the excess ADIT relating to cost of removal/negative net salvage is to be treated as “protected,” what process should be followed for the reclassification?

*\*Type 1 Stipulation*

**STIPULATION:** If the IRS issues guidance that cost of removal should be a protected asset, the Parties agree that the balances associated with the cost of removal shall be accounted for using the IRS prescribed methodology for protected assets.

**ISSUE 8:** What mechanism should be utilized to avoid the negative impact to FPUC of the cost of seeking a Private Letter Ruling?

*\*Type 1 Stipulation*

**STIPULATION:** If it becomes necessary to seek clarification from the IRS by way of a Private Letter Ruling, then the Parties agree that the costs associated with the procedural activity may be deferred and amortized over five years, or until the next base rate proceeding.

**ISSUE 9:** Were appropriate adjustments made to FPUC's Gas Reliability Infrastructure Program "GRIP" for the impact of the TCJA for the tax year 2018?

*\*Type 1 Stipulation*

**STIPULATION:** Appropriate adjustments have not yet been made to FPUC's GRIP for the impact of the TCJA for the tax year 2018. FPUC is proposing in this case to treat the adjustments as a GRIP over-recovery in 2019, which FPUC believes would be an appropriate adjustment.

**ISSUE 10:** What is the forecasted tax expense for FPUC for the tax year 2018 at a 21 percent corporate tax rate?

*\*Type 2 Stipulation*

**STIPULATION:** Excluding the effects of any amortization of protected and unprotected ADIT, or the refund of any benefits, the forecasted tax expense using the 21% corporate tax rate for FPUC is \$3,535,175. If GRIP is refunded and the ADIT amortized but not refunded, the forecasted tax expense using the 21% corporate tax rate for FPUC is \$3,407,695.

**ISSUE 11:** What is the forecasted tax expense for FPUC for the tax year 2018 at a 35 percent corporate tax rate?

*\*Type 2 Stipulation*

**STIPULATION:** Excluding the effects of any amortization of protected and unprotected ADIT, or the refund of any benefits, the forecasted tax expense using the 35% corporate tax rate for FPUC is \$5,163,603. If GRIP is refunded and the ADIT amortized but not refunded, the forecasted tax expense using the 35% corporate tax rate for FPUC is \$4,969,584.

**ISSUE 12:** What is the forecasted NOI for the tax year 2018 at a 21 percent corporate tax rate?

*\*Type 1 Stipulation*

**STIPULATION:** \$12,268,779 excluding the effects of any amortization of protected and unprotected ADIT, and the refund of any benefits.

**STIPULATION:** \$10,640,348 excluding the effects of any amortization of protected and unprotected ADIT, and the refund of any benefits.

**ISSUE 14:** What is the forecasted capital structure for the tax year 2018 at a 21 percent corporate tax rate?

*\*Type 2 Stipulation*

*\*Type 1 Stipulation*

**STIPULATION:** Yes, the tax benefits directly associated with the GRIP program should be passed-on to customers through future GRIP surcharges.

*\*Type 1 Stipulation*
