NOTICE OF PROPOSED AGENCY ACTION
ORDER ESTABLISHING NET BOOK VALUE, AND
DECLINING TO MAKE AN ACQUISITION ADJUSTMENT
AND
FINAL ORDER APPROVING TRANSFER OF
WATER CERTIFICATE NO. 555-W

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission (Commission) that the action discussed herein, except for the transfer of Certificate, is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

Background

On March 12, 2018, Gator Waterworks, Inc. (Gator Waterworks or Buyer) filed an application for a transfer of certificate No. 555-W from Kincaid Hills Water Company (Kincaid, Utility, or Seller) in Alachua County. According to the Utility's 2016 Annual Report, Kincaid is a Class C utility serving approximately 324 water customers.

Kincaid has been providing service to customers since 1965. On June 30, 1992, the Board of County Commissioners of Alachua County adopted a resolution declaring water and wastewater utilities in that county shall become subject to the provisions of the Water and Wastewater Regulatory Law, Chapter 367, Florida Statutes (F.S). On July 13, 1993, the Florida

Public Service Commission (Commission) granted the Utility its grandfather Certificate No. 555-W for water by Order No. PSC-93-1027-FOF-WU.¹

Docket No. 20170200-WU was established on September 7, 2017 to initiate a show cause proceeding against Kincaid for noncompliance with Sections 350.113, 350.117, 367.121, and 367.145, F.S., and Rules 25-30.110, 25-30.120, 25-30.355, and 25-22.032, Florida Administrative Code (F.A.C.). By Order No. PSC-2017-0470-PCO-WU, issued December 15, 2017, this Commission directed Commission staff to initiate certificate revocation proceedings against Kincaid, consistent with Chapter 120 and Section 367.161, F.S.² On February 27, 2018, Commission staff received notice, by email, from Gator Waterworks that it acquired Kincaid on February 23, 2018.³ Also, on February 27, 2018, this Commission received a payment of \$38,698.08 from Gator Waterworks which resolved Kincaid's outstanding Regulatory Assessment Fees (RAFs), the associated penalties, and the penalties associated with Kincaid's late-filed annual reports.⁴

Docket No. 20180066-WU was established on March 12, 2018, when Gator Waterworks filed an application with this Commission for transfer of facilities and Water Certificate No. 555-W from Kincaid to Gator Waterworks. On March 20, 2018, Gator Waterworks filed a request to hold the certificate revocation proceedings in abeyance until such time we ruled on the transfer application.⁵ By Order No. PSC-2018-0166-PCO-WU, issued March 27, 2018, Gator Waterworks' request for abeyance was granted.⁶

This Order addresses the transfer of the water system, the net book value of the water system at the time of transfer and the need for an acquisition adjustment. This Commission has jurisdiction pursuant to Sections 367.071, 367.091 and 367.161 F.S.

Decision

Certificate Transfer

On March 12, 2018, Gator Waterworks filed an application for the transfer of Certificate No. 555-W from Kincaid to Gator Waterworks pursuant to Rule 25-30.037, F.A.C. The application is in compliance with Section 367.071, F.S., and this Commission's rules concerning applications for transfer of certificates.

Noticing, Territory, and Land Ownership

Gator Waterworks provided notice of the application pursuant to Section 367.071, F.S., and Rule 25-30.030, F.A.C. No objections to the transfer were filed, and the time for doing so has expired. The application contains a description of the waster service territory which is appended to this order as Attachment A. The application contains a copy of a warranty deed agreement that was executed on February 20, 2018, as evidence that Gator Waterworks owns or has rights to long-term use of the land upon which the water treatment facilities are located pursuant to Rule 25-30.037(2)(s), F.A.C.

Purchase Agreement and Financing

Pursuant to Rule 25-30.037(2)(i), and (j), F.A.C., the application contains a statement regarding financing and a copy of the Purchase Agreement, which includes the purchase price, terms of payment, and a list of the assets purchased. The Seller retained the customer deposits for appropriate disposition. There are no developer agreements or customer advances that must be disposed of with regard to the transfer. According to the purchase agreement, the total purchase price for the assets is \$82,500. An appropriate portion of this purchase price equal to unpaid past due RAFs, fines, and interest was paid to this Commission at the date of closing. An appropriate portion of this purchase price equal to the unpaid property taxes due to Alachua County was paid to Alachua County at the date of closing. Eighty percent of the remaining purchase price was paid to the Seller at the date of closing with 20 percent of the remaining purchase price to be paid to the Seller after our approval of the transfer. According to the Buyer, the sale took place on February 23, 2018, subject to our approval, pursuant to Section 367.071(1), F.S.

Facility Description and Compliance

The water treatment system consists of two wells, with a pair of hydropneumatic tanks rated at 3,100 and 5,000 gallons, a contact storage tank rated at 1,000 gallons and uses hypochlorination for disinfection. The distribution system consists of 17,000 feet of 2 inch Galvanized Iron Pipe (GIP), 3,800 feet of 3 inch GIP, 3,400 feet of 4 inch GIP and 5,200 feet of 6 inch asbestos-cement pipe. The last sanitary survey of the facility was conducted on April 29, 2016, by the Department of Environmental Protection (DEP). There was one deficiency noted, which has been corrected. On December 22, 2016, the DEP deemed the Utility was in compliance with applicable rules.

Technical and Financial Ability

Pursuant to Rule 25-30.037(2)(l), F.A.C., the application contains statements describing the technical and financial ability of Gator Waterworks to provide service to the proposed service area. The application states that the President, Gary Deremer, has over 29 years of Florida related water and wastewater industry experience with previous private utility ownership of five utility systems. Further, the application indicates that the President has secured the services of U.S. Water Services Corporation to provide contract operating service, as well as, billing and collection services. Pursuant to Rule 25-30.037(2)(l), F.A.C., the application contains statements

describing the financial ability of Gator Waterworks to provide service to the proposed service area. According to the application, the Buyer has acquired the assets of the Utility. Commission staff also reviewed the personal financial statements of the primary shareholder, which is the President.⁷ Based on the above, we find the Buyer has demonstrated the financial ability to provide service to the existing service territory.

Rates and Charges

The Utility's rates, charges, and customer deposits were approved in the original grandfather certificate in 1993.⁸ The rates were subsequently amended through three price index increases. The Utility's existing rates are shown on Attachment B, attached hereto. Rule 25-9.044(1), F.A.C., provides that, in the case of a change of ownership or control of a utility, the rates, classifications, and regulations of the former owner must continue unless authorized to change by this Commission. Therefore, we approve the Utility's existing rates and charges shall remain in effect until a change is authorized by this Commission in a subsequent proceeding.

Regulatory Assessment Fees and Annual Reports

We have verified that the Utility is current on the filing of RAFs through February 23, 2018. The Seller is responsible for filing the 2017 Annual Report. However, the filing is currently delinquent, and the Seller has not responded to two certified letters regarding the delinquency. The Buyer has indicated that it does not possess the records required to prepare the 2017 Annual Report.

The purpose of the annual report filing requirement is to monitor earnings and gather information. The RAFs due for the year 2017 were based on estimated earnings and were paid in full by the Buyer. We find that the absence of the 2017 Annual Report will not impair this Commission from fulfilling its obligation to ensure safe and reliable utility service, and the 2017 RAFs have already been paid. Therefore, it is not crucial that we obtain the 2017 Annual Report. This Commission has previously not enforced this requirement for a utility in a similar situation.⁹ Accordingly, we will not seek enforcement of the annual report requirement for the year 2017. The Buyer will be responsible for filing Gator Waterworks' 2018 and subsequent annual reports and paying RAFs from February 23, 2018, and all future years.

Conclusion

The transfer of the water system and Certificate No. 555-W is in the public interest and is approved by this Commission. This Order shall serve as the Buyer's certificate and shall be retained by the Buyer. The existing rates and charges shall remain in effect until a change is

authorized by this Commission in a subsequent proceeding. The tariffs reflecting the transfer shall be effective for services rendered or connections made on or after the stamped approval date on the tariffs, pursuant to Rule 25-30.475, F.A.C. Gator Waterworks shall be responsible for filing the 2018 Annual Report, all future annual reports, and RAFs subsequent to the date of closing.

Net Book Value (NBV)

Rate base has never been established for this Utility. Audit staff was able to obtain the Seller's 1993 1120S Federal Tax Return. Thus, Commission staff used the December 31, 1992, amounts for utility plant in service and accumulated depreciation beginning balances. The purpose of establishing net book value (NBV) for transfers is to determine whether an acquisition adjustment should be approved. The NBV does not include normal ratemaking adjustments for used and useful plant or working capital. The Utility's NBV has been updated to reflect balances as of February 23, 2018. The NBV, as described below, is shown on Schedule No. 1.

Utility Plant in Service (UPIS)

The Buyer's plant value in its application for transfer reflected a water UPIS balance of \$454,492. We reviewed UPIS additions since the 1993 tax return and has decreased UPIS by \$73,593 to reflect unsupported plant additions. Therefore, the Utility's UPIS balance as of February 23, 2018, shall be \$380,899.

Land

The Buyer's application for transfer reflected a land balance of \$14,000. In a warranty deed between Sheldon A. Brook, grantor, and Kincaid Hills Water Company, grantee, dated October 5, 1982, the documentary stamps supported \$8,000 for utility land. There have been no additions to land purchased since that deed was granted. Therefore, we decreased land by \$6,000. The land balance shall be \$8,000, as of February 23, 2018.

Accumulated Depreciation

The Buyer's application for transfer reflected an accumulated depreciation balance of \$342,780. Based on the UPIS adjustment discussed earlier, we calculated the appropriate accumulated depreciation balance to be \$288,095. As a result, accumulated depreciation shall be decreased by \$54,685 to reflect an accumulated depreciation balance of \$288,095 as of February 23, 2018.

Contributions-in-Aid-of-Construction (CIAC) and Accumulated Amortization of CIAC

As of February 23, 2018, the Buyer's application for transfer reflected a CIAC balance of \$0 and an accumulated amortization of CIAC balance of \$0. The CIAC balance shall be increased by \$156,085, and the accumulated amortization of CIAC balance shall be increased by

\$125,376, per Rule 25-30.570, F.A.C. This rule states that if the amount of CIAC has not been recorded on the utility's books and the utility does not submit competent substantial evidence as to the amount of CIAC, the amount of CIAC shall be imputed to be the proportion of the cost of the facilities and plant attributable to the water transmission and distribution system.

Additionally, the CIAC balance shall be increased by \$9,600. Order No. PSC-1993-1027-FOF-WU approved service availability charges of \$75 for tap-in fees, \$75 for meter installations, and \$450 for plant capacity charges for a total of \$600. Audit staff scheduled customer activity as shown in the annual reports from 1992 through 2016, and noted that the customer count grew by 16 customers from December 31, 1992 to December 31, 2007. After 2007, the customer count diminished over time. Audit staff determined a balance of \$9,600 ($\600×16) for CIAC, and calculated a balance of \$2,826 for accumulated amortization of CIAC using a composite rate of 2.5 percent as of February 23, 2018. Rule 25-30.570, F.A.C., relates to the imputation of CIAC based on the premise that the developer donated the transmission and distribution system when it was transferred. Cash CIAC collected from service availability charges is unrelated to the cost of the transmission and distribution system. Thus, cash CIAC shall also be recognized for the tap-in fees, meter installations, and plant capacity charges. As such, we increased CIAC by \$165,685 ($\$156,085 + \$9,600$) and accumulated amortization of CIAC by \$128,202 ($\$125,376 + \$2,826$) to reflect the appropriate balances. Therefore, we approve a CIAC balance of \$165,685 and an accumulated amortization of CIAC balance of \$128,202 as of February 23, 2018.

Net Book Value

The Buyer's application for transfer reflected a NBV of \$125,712. Based on the adjustments described above, the NBV shall be \$63,321. The NBV and the National Association of Regulatory Utility Commissioners, Uniform System of Accounts (NARUC USOA) balance for UPIS and accumulated depreciation as of February 23, 2018, are shown on Schedule No. 1.

Acquisition Adjustment

An acquisition adjustment results when the purchase price differs from the NBV of the assets at the time of the acquisition. The Utility and its assets were to be purchased for \$82,500. However, the contract for sale stated that the "final purchase price will be determined by any change in Rate Base as determined by the FPSC during the approval of transfer application. The final purchase price will be adjusted for any reductions to the approved Rate Base as determined by the FPSC." As stated above, we have determined the appropriate NBV total to be \$63,321. Therefore, the Utility and its assets were purchased for \$63,321. Pursuant to Rule 25-30.0371, F.A.C., a positive acquisition adjustment may be appropriate when the purchase price is greater than the NBV, and a negative acquisition adjustment may be appropriate when the purchase price is less than NBV. However, pursuant to Rule 25-30.0371(2), F.A.C., a positive acquisition adjustment shall not be included in rate base unless there is proof of extraordinary circumstances. The Buyer did not request a positive acquisition adjustment. As such, no positive acquisition adjustment is approved.

Conclusion

Based on the above, the NBV of Kincaid Hills water system for transfer purposes is \$63,321 as of February 23, 2018. No acquisition adjustment shall be included in rate base. Within 90 days of the date of the Final Order, the Buyer shall be required to notify this Commission in writing that it has adjusted its books in accordance with our decision. The adjustments shall be reflected in Gator Waterworks' 2018 Annual Report when filed.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the transfer of the water system and Certificate No. 555-W from Kincaid Hills Water Company to Gator Waterworks, Inc., in Alachua County, is in the public interest and is hereby approved, effective the date of our vote, December 11, 2018. The resultant order shall serve as the Buyer's certificate and shall be retained by the Buyer. It is further

ORDERED that the existing rates and charges, shown in Attachment B, shall remain in effect until a change is authorized by this Commission in a subsequent proceeding. It is further

ORDERED that the tariffs reflecting the transfer shall be effective for services rendered or connections made on or after the stamped approval date on the tariffs, pursuant to Rule 25-30.475, F.A.C. It is further

ORDERED that Gator Waterworks, Inc. shall be responsible for filing the 2018 Annual Report, all future annual reports, and RAFs subsequent to the date of closing. It is further

ORDERED that the net book value of the water system for transfer purposes is \$63,321 as of February 23, 2018. An acquisition adjustment shall not be included in rate base. Within 90 days of the date of the final order, Gator Waterworks, Inc. shall be required to notify this Commission in writing that it has adjusted its books in accordance with our decision herein. The adjustments shall be reflected in Gator Waterworks Inc.'s 2018 Annual Report when filed. It is further

ORDERED that the provisions of this Order, issued as proposed agency action, shall become final and effective upon the issuance of a Consummating Order unless an appropriate petition, in the form provided by Rule 28-106.201, Florida Administrative Code, is received by the Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on the date set forth in the "Notice of Further Proceedings" attached hereto. It is further

ORDERED that if no timely protest is filed by a substantially affected person within 21 days of the date of the issuance of this Order, this docket shall be closed upon the issuance of a Consummating Order and upon Commission staff's verification that the revised tariff sheets have been filed, Buyer's written notification to this Commission that Buyer has adjusted its books in

accordance with this Commission's decision, and proof that appropriate noticing has been done pursuant to Rule 25-30.4345, F.A.C.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

As identified in the body of this order, our action herein, except for granting the transfer of Certificate No. 555-W, is preliminary in nature. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, at 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on January 7, 2019. If such a petition is filed, mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing. In the absence of such a petition, this order shall become effective and final upon the issuance of a Consummating Order.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

Any party adversely affected by this Commission's final action in this matter may request: (1) reconsideration of the decision by filing a motion for reconsideration with the Office of Commission Clerk, within fifteen (15) days of the issuance of this order in the form prescribed by Rule 25-22.060, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or the First District Court of Appeal in the case of a water or wastewater utility by filing a notice of appeal with the Office of Commission Clerk and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days after the issuance of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
