

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition to implement 2024 generation base rate adjustment provisions in paragraph 4 of the 2021 stipulation and settlement agreement, by Tampa Electric Company.

DOCKET NO. 20230090-EI
ORDER NO. PSC-2023-0348-TRF-EI
ISSUED: November 17, 2023

The following Commissioners participated in the disposition of this matter:

ANDREW GILES FAY, Chairman
ART GRAHAM
GARY F. CLARK
MIKE LA ROSA
GABRIELLA PASSIDOMO

ORDER APPROVING TAMPA ELECTRIC COMPANY'S
2024 GENERATION BASE RATE ADJUSTMENT

BY THE COMMISSION:

Background

On August 16, 2023, Tampa Electric Company (TECO or Company) filed a petition to implement the 2024 Generation Base Rate Adjustment (GBRA) provisions pursuant to its 2021 rate case Stipulation and Settlement Agreement (settlement agreement). We previously approved the settlement agreement in Order No. PSC-2021-0423-S-EI (settlement order).¹ In Order No. PSC-2022-0434-TRF-EI, we approved TECO's 2023 GBRA provision of the 2021 settlement agreement.²

The GBRA provisions of the settlement order and agreement provide for an increase in base rates to reflect the 2024 GBRA amount of \$21,376,909, effective with the first billing cycle of January 2024.³ In this petition, TECO proposed to increase the GBRA amount to \$21,689,323 to reflect the updated 10.20 percent mid-point return on equity (ROE) allowed by a trigger provision of the 2021 settlement agreement and approved by us on August 16, 2022, in Docket

¹ Order No. PSC-2021-0423-S-EI, issued November 10, 2021, in Docket No. 20210034-EI, *In re: Petition for rate increase by Tampa Electric Company*.

² Order No. PSC-2022-0434-TRF-EI, issued December 21, 2022, in Docket No. 20220148-EI, *In re: Petition to implement 2023 generation base rate adjustment provisions in 2021 agreement, by Tampa Electric Company*.

³ See page 20 in Order No. PSC-2021-0423-S-EI, issued November 10, 2021, in Docket No. 20210034-EI, *In re: Petition for rate increase by Tampa Electric Company*.

No. 20220122-EI.⁴ The Company also noted that it was evaluating the tax provisions of the Inflation Reduction Act (IRA) to address impacts of the IRA on the 2024 GBRA, consistent with paragraphs 4(c) and 11 of the settlement agreement. The IRA, which became effective August 16, 2022, does not contain a federal income tax rate change applicable to TECO, but it does allow for the substitution of the existing investment tax credit for solar generating facilities with a new production tax credit.

During the review process, Commission staff issued a data request to TECO on September 7, 2023, for which the responses were received on September 14, 2023. On October 2, 2023, Commission staff held an informal telephonic meeting with the parties to the 2021 settlement agreement to discuss TECO's filing in this docket. The legislative version of the proposed tariffs is Attachment A to this order. This is our order on the proposed tariffs. We have jurisdiction over this matter pursuant to Sections 366.04, 366.05, and 366.06, Florida Statutes (F.S.).

Decision

Updated 2024 GBRA Amount

As discussed above, subparagraphs 4(a) and (b) of the 2021 settlement agreement provide that TECO's base rates will increase by \$21,376,909 effective with the first billing cycle in January 2024. The calculation of this GBRA amount was based on the authorized return on equity (ROE) mid-point of 9.95 percent as specified in subparagraph 2(a). However, subparagraph 4(d) states that if the Company's authorized ROE mid-point changes by operation of subparagraph 2(b) prior to the effective date of the rate adjustment specified in subparagraph 4(b), the calculation of the 2024 GBRA amount shall be updated to reflect the new authorized ROE.

As memorialized in Order No. PSC-2022-0322-FOF-EI, we approved TECO's petition to implement the ROE trigger provisions of subparagraph 2(b) of the 2021 settlement agreement. As a result, the Company's authorized ROE midpoint was increased by 25 basis points from 9.95 percent to 10.20 percent, effective as of July 1, 2022, for all regulatory purposes. In its petition to implement the 2024 GBRA, TECO provided a calculation updating the GBRA amount to \$21,689,323 to reflect the Company's 10.20 percent authorized ROE mid-point. The updated amount is correct based on our review of the Company's calculations.

When we approved TECO's 2023 GBRA last year, the Company said it was in discussions with the Office of Public Counsel (OPC) regarding the process for updating the 2023 GBRA to reflect the impact of the IRA. As reflected in Order No. PSC-2022-0434-TRF-EI, TECO agreed to collect the rate increase reflected in the 2023 GBRA subject to refund, so that the 2023 GBRA could go into effect with the first billing cycle of January 2023. The Company

⁴ Order No. PSC-2022-0322-FOF-EI, issued September 12, 2022, in Docket No. 20220122-EI, *In re: Petition for limited proceeding rate increase to implement return on equity provisions in 2021 agreement, by Tampa Electric Company.*

would refund the difference between the 2023 GBRA as approved by us and the 2023 GBRA as adjusted for the IRA once we have approved the 2023 GBRA adjusted for the IRA.

Commission staff requested an update on this process as there has not been a revised filing for the 2023 GBRA and the impacts of the IRA would also adjust the 2024 GBRA. The Company indicated that it is still in the process of discussing the impacts of the IRA on the 2023 and 2024 GBRAs with OPC. As such, TECO requested that we consider its petition now so that the 2024 GBRA can go into effect with the first billing cycle of January 2024. As was the case with the 2023 GBRA, the Company agreed to collect the rate increase reflected in the 2024 GBRA subject to refund. The Company will refund the difference between the 2024 GBRA as approved by us and the 2024 GBRA as adjusted for the IRA once we have approved the 2024 GBRA adjusted for the IRA.

In light of the extended timeframe for addressing the impacts of the IRA, we approve TECO's updated 2024 GBRA amount of \$21,689,323 with the requirement that the Company file updated 2023 and 2024 GBRAs, adjusted to reflect IRA impacts, by April 1, 2024.

Approval of Revised Tariffs

TECO's petition includes the proposed tariff sheets, the allocation of the revenue increase to the various rate classes and calculations showing the revenue from the sale of electricity by rate schedule under current and proposed rates. A residential customer who uses 1,000 kilowatt-hours (kWh) per month will see an increase of \$1.58 on the base rate portion of their monthly bill as a result of the GBRA increase.

Subparagraph 4(e) of the settlement agreement, which addresses the GBRA increase and was approved by Order No. PSC-2021-0423-S-EI, states:

... the GBRAs shall be reflected on customer bills by allocating each GBRA revenue requirement to rate classes as shown in Exhibit K and demand and energy base rate charges shall be increased on an equal percentage basis (to the extent practicable) within each class to recover the allocated revenue requirement increase for each class, and shall be calculated based upon the billing determinants used in the company's then-most-current-ECCR filing with the Commission for the twelve months following the effective date of any respective GBRA. For GSD, GSLDPR, and GSLDSU rate classes, the increase will be recovered exclusively based on demand charges.

TECO's most current Energy Conservation Cost Recovery Clause (ECCR) filing in Docket No. 20230002-EG was filed on August 4, 2023.⁵ The billing determinants used in calculating the proposed GBRA base rate charges are consistent with the billing determinants in TECO's most recent ECCR filing and are in compliance with the language of the settlement agreement.

⁵ Document No. 04531-2023, filed August 4, 2023, in Docket No. 20230002-EG, *In re: Energy Conservation Cost Recovery Clause*.

We have also reviewed TECO's proposed 2024 GBRA tariff sheets and supporting documentation. The calculations are accurate and reflect the language of the approved settlement agreement. We approve TECO's tariff rate changes to implement the updated GBRA increase of \$21,689,323 due to the ROE trigger provision in the settlement agreement. Pursuant to the settlement order, the rate changes shall become effective with the first billing cycle of January 2024. TECO shall notify its customers of the approved new rates by way of bill notification in the December 2023 billing cycle.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Tampa Electric Company's updated 2024 generation base rate adjustment amount of \$21,689,323 is approved with the requirement that the Company file updated 2023 and 2024 generation base rate adjustments, adjusted to reflect Inflation Reduction Act impacts, by April 1, 2024. It is further

ORDERED that the Company's revised tariffs to implement the generation base rate adjustment are approved and shall become effective with the first billing cycle of January 2024. It is further

ORDERED that if a protest is filed within 21 days of issuance of the Order, the tariff shall remain in effect with any charges held subject to refund pending resolution of the protest. It is further

ORDERED that this docket shall remain open in order for the Company to file updated 2023 and 2024 generation based rate adjustments, adjusted to reflect Inflation Reduction Act impacts, by April 1, 2024.

By ORDER of the Florida Public Service Commission this 17th day of November, 2023.

ADAM J. TEITZMAN
Commission Clerk
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399

Copies furnished: A copy of this document is provided to the parties of record at the time of issuance and, if applicable, interested persons.

DD

NOTICE OF FURTHER PROCEEDINGS

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

The Commission's decision on this tariff is interim in nature and will become final, unless a person whose substantial interests are affected by the proposed action files a petition for a formal proceeding, in the form provided by Rule 28-106.201, Florida Administrative Code. This petition must be received by the Office of Commission Clerk, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850, by the close of business on December 8, 2023.

In the absence of such a petition, this Order shall become final and effective upon the issuance of a Consummating Order.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

THIRTY-~~FIRST~~ ~~SECOND~~ REVISED SHEET NO. 6.030
CANCELS ~~THIRTIETH-THIRTY-FIRST~~ REVISED SHEET NO.
6.030

RESIDENTIAL SERVICE

SCHEDULE: RS

AVAILABLE: Entire service area.

APPLICABLE: To residential consumers in individually metered private residences, apartment units, and duplex units. All energy must be for domestic purposes and should not be shared with or sold to others. In addition, energy used in commonly-owned facilities in condominium and cooperative apartment buildings will qualify for this rate schedule, subject to the following criteria:

1. 100% of the energy is used exclusively for the co-owners' benefit.
2. None of the energy is used in any endeavor which sells or rents a commodity or provides service for a fee.
3. Each point of delivery will be separately metered and billed.
4. A responsible legal entity is established as the customer to whom the Company can render its bills for said service.

Resale not permitted.

Billing charges shall be prorated for billing periods that are less than 25 days or greater than 35 days. If the billing period exceeds 35 days and the billing extension causes energy consumption, based on average daily usage, to exceed 1,000 kWh, the excess consumption will be charged at the lower monthly Energy and Demand Charge.

LIMITATION OF SERVICE: This schedule includes service to single phase motors rated up to 7.5 HP. Three phase service may be provided where available for motors rated 7.5 HP and over.

RATES:

Basic Service Charge:
\$ 0.71 per day.

Energy and Demand Charge:
First 1,000 kWh 6.492-650 ¢ per kWh
All additional kWh 7.647-802 ¢ per kWh

MINIMUM CHARGE: The Basic Service Charge.

FUEL CHARGE: See Sheet Nos. 6.020 and 6.022.

CANCELS THIRTY-~~FIRST-SECOND~~ REVISED SHEET NO. 6.050

GENERAL SERVICE - NON DEMAND

SCHEDULE: GS

AVAILABLE: Entire service area.

APPLICABLE: For lighting and power in establishments not classified as residential whose energy consumption has not exceeded 9,000 kWh in any one of the prior twelve (12) consecutive billing periods ending with the current billing period. For any billing period that exceeds 35 days, the energy consumption shall be prorated to that of a 30-day amount for purposes of administering this requirement. Resale not permitted.

CHARACTER OF SERVICE: Single or 3 phase, 60 cycles and approximately 120 volts or higher, at Company's option.

LIMITATION OF SERVICE: All service under this rate shall be furnished through one meter. Standby service permitted on Schedule GST only.

RATES:

Basic Service Charge:

| | |
|---------------------|----------------|
| Metered accounts | \$0.75 per day |
| Un-metered accounts | \$0.63 per day |

Energy and Demand Charge:

7.~~642-863862~~ ¢ per kWh

MINIMUM CHARGE: The Basic Service Charge.

EMERGENCY RELAY POWER SUPPLY CHARGE: The monthly charge for emergency relay power supply service shall be 0.171 ¢ per kWh of billing energy. This charge is in addition to the compensation the customer must make to the Company as a contribution-in-aid of construction.

TWENTY-~~SECOND~~-~~THIRD~~ REVISED SHEET NO. 6.601
CANCELS TWENTY-~~FIRST~~-~~SECOND~~ REVISED SHEET
NO. 6.601

Continued from Sheet No. 6.600

CHARGES FOR SUPPLEMENTAL SERVICE:

Demand Charge:
\$ 14.~~43~~20 per kW-Month of Supplemental Billing Demand (Supplemental Billing Demand Charge)

Energy Charge:
0.736¢ per Supplemental kWh

DEFINITIONS OF THE USE PERIODS: All time periods stated in clock time. (Meters are programmed to automatically adjust for changes from standard to daylight saving time and vice-versa.)

| | | |
|---------------------------------------|-----------------------------|---|
| | <u>April 1 - October 31</u> | <u>November 1 - March 31</u> |
| <u>Peak Hours:</u> (Monday-Friday) | 12:00 Noon - 9:00 PM | 6:00 AM - 10:00 AM and 6:00 PM - 10:00 PM |

Off-Peak Hours: All other weekday hours, and all hours on Saturdays, Sundays, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day shall be off-peak.

BILLING UNITS:

Demand Units: Metered Demand - The highest measured 30-minute interval kW demand served by the company during the month.

Site Load - The highest kW total of Customer generation plus deliveries by the company less deliveries to the Company, occurring in the same 30-minute interval, during the month.

Normal Generation - The generation level equaled or exceeded by the Customer's generation 10% of the metered intervals during the previous twelve months.

Supplemental Billing Demand - The amount, if any, by which the highest Site Load during any 30-minute interval in the month exceeds Normal Generation, but no greater than Metered Demand.

Continued to Sheet No. 6.602

~~SIXTEENTH~~ ~~SEVENTEENTH~~ REVISED SHEET NO. 6.605
CANCELS ~~FIFTEENTH~~ ~~SIXTEENTH~~ REVISED SHEET NO. 6.605

**TIME-OF-DAY
STANDBY AND SUPPLEMENTAL DEMAND SERVICE
(OPTIONAL)**

SCHEDULE: SBDT

AVAILABLE: Entire service area.

APPLICABLE: To all secondary voltage served customers. Also to primary and subtransmission served customers with a registered demand of 999 kW or below in all of the last 12 months. Required for all applicable self-generating Customers whose generating capacity in kilowatts (exclusive of emergency generation equipment) exceeds 20% of their site load in kilowatts and who take firm service from the utility. Also available to applicable self-generating Customers whose generating capacity in kilowatts does not exceed 20% of their site load in kilowatts, but who agree to all the terms and conditions of this rate schedule. Resale not permitted.

CHARACTER OF SERVICE: A-C; 60 cycles; 3 phase; at any standard company voltage.

LIMITATION OF SERVICE: A Customer taking service under this tariff must sign a Tariff Agreement for the Purchase of Standby and Supplemental Service. (See Sheet No. 7.600)

RATES:

Daily Basic Service Charge:

| | |
|----------------------------------|----------|
| Secondary Metering Voltage | \$ 1.91 |
| Primary Metering Voltage | \$ 6.80 |
| Subtransmission Metering Voltage | \$ 18.31 |

CHARGES FOR STANDBY SERVICE:

Demand Charge:

\$~~1.7475~~ per kW/Month of Standby Demand
(Local Facilities Reservation Charge)
plus the greater of:
\$~~1.6970~~ per kW/Month of Standby Demand
(Power Supply Reservation Charge) or
\$~~0.6768~~ per kW/Day of Actual Standby Billing Demand
(Power Supply Demand Charge)

Energy Charge:

0.857¢ per Standby kWh

CHARGES FOR SUPPLEMENTAL SERVICE

Demand Charge:

~~\$4.53-55~~ per kW-Month of Supplemental Demand (Supplemental Billing Demand Charge), plus
~~\$9.2428~~ per kW-Month of Supplemental Peak Demand (Supplemental Peak Billing Demand Charge)

Energy Charge:

1.193¢ per Supplemental kWh during peak hours
0.571¢ per Supplemental kWh during off-peak hours

DEFINITIONS OF THE USE PERIODS: All time periods stated in clock time. (Meters are programmed to automatically adjust for changes from standard to daylight saving time and vice-versa.)

| | <u>April 1 - October 31</u> | <u>November 1 - March 31</u> |
|---------------------------------------|-----------------------------|---|
| <u>Peak Hours:</u> (Monday-Friday) | 12:00 Noon - 9:00 PM | 6:00 AM - 10:00 AM and 6:00 PM - 10:00 PM |

Off-Peak Hours: All other weekday hours, and all hours on Saturdays, Sundays, New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day shall be off-peak.

BILLING UNITS:

Demand Units: Metered Demand - The highest measured 30-minute interval kW demand served by the Company during the month.

Metered Peak Demand - The highest measured 30-minute interval kW demand served by the Company during the peak hours.

Site Load - The highest kW total of Customer generation plus deliveries by the company less deliveries to the company, occurring in the same 30-minute interval, during the month.

~~SEVENTH~~ EIGHTH REVISED SHEET NO. 6.830
CANCELS ~~SIXTH~~ SEVENTH REVISED SHEET NO. 6.830

CUSTOMER SPECIFIED LIGHTING SERVICE

SCHEDULE: LS-2

AVAILABLE: Entire service area

APPLICABLE:

Customer Specified Lighting Service is applicable to any customer for the sole purpose of lighting roadways or other outdoor areas. Service hereunder is provided for the sole and exclusive benefit of the customer, and nothing herein or in the contract executed hereunder is intended to benefit any third party or to impose any obligation on the Company to any such third party. At the Company's option, a deposit amount of up to a two (2) month's average bill may be required at anytime.

CHARACTER OF SERVICE:

Service is provided during the hours of darkness normally on a dusk-to-dawn basis. At the Company's option and at the customer's request, the company may permit a timer to control a lighting system provided under this rate schedule that is not used for dedicated street or highway lighting. The Company shall install and maintain the timer at the customer's expense. The Company shall program the timer to the customer's specifications as long as such service does not exceed 2,100 hours each year. Access to the timer is restricted to company personnel.

LIMITATION OF SERVICE:

Installation shall be made only when, in the judgment of the Company, location of the proposed lights are, and will continue to be, feasible and accessible to Company personnel and equipment for both construction and maintenance and such installation is not appropriate as a public offering under LS-1.

TERM OF SERVICE:

Service under this rate schedule shall, at the option of the company, be for an initial term of twenty (20) years beginning on the date one or more of the lighting equipment is installed, energized, and ready for use and shall continue after the initial term for successive one-year terms until terminated by either party upon providing ninety (90) days prior written notice. Any customer transferring service to the LS-2 rate schedule from the LS-1 rate schedule shall continue the remaining primary initial term from LS-1 agreement.

SPECIAL CONDITIONS:

On lighting systems not subject to other rate schedules, the monthly rate for energy served at primary or secondary voltage, at the company's option, shall be ~~3.495260¢~~ per kWh of metered usage, plus a Basic Service Charge of \$ 0.71 per day and the applicable additional charges as specified on Sheet Nos. 6.020, 6.021, 6.022 and 6.023

Continued to Sheet No. 6.835

EIGHTH-NINTH REVISED SHEET NO. 6.835
CANCELS ~~SEVENTH-EIGHTH~~ REVISED SHEET NO. 6.835

Continued from Sheet No. 6.830

MONTHLY RATE: The monthly charge shall be calculated by applying the monthly rate of 0.93% to the In-Place Value of the customer specific lighting facilities identified in the Outdoor Lighting Agreement entered into between the customer and the Company for service under this schedule.

The In-Place Value may change over time as new lights are added to the service provided under this Rate Schedule to a customer taking service, the monthly rate shall be applied to the In-Place Value in effect that billing month. **The In-Place Value of any transferred LS-1 service shall be defined by the value of the lighting Equipment or its LED equivalent based on the average cost of a current installation. The in-Place Value of any new LS-2 service shall be defined by the value of the lighting equipment when it was first put in service.**

NON-STANDARD FACILITIES AND SERVICES:

The customer shall pay all costs associated with additional company facilities and services that are not considered standard for providing lighting service, including but not limited to, the following:

1. relays;
2. distribution transformers installed solely for lighting service;
3. protective shields, bird deterrent devices, light trespass shields;
4. light rotations;
5. light pole relocations;
6. devices required by local regulations to control the levels or duration of illumination including associated planning and engineering costs;
7. removal and replacement of pavement required to install underground lighting equipment;
8. directional boring;
9. ground penetrating radar (GPR);
10. specialized permitting that is incremental to a standard construction permit;
11. specialized design and engineering scope required by either the customer or by local code or ordinance that is unique to the requested work;
12. custom maintenance of traffic permits;
13. removal of non-standard pole bases; and
14. blocked parking spaces resulting from construction or removal.

Payment may be made in a lump sum at the time the agreement is entered into, or at the customer's option these non-standard costs may be included in the In-Place Value to which the monthly rate will be applied.

MINIMUM CHARGE: The monthly charge.

ENERGY CHARGE: For monthly energy served under this rate schedule, 3.~~495~~260¢ per kWh.

FUEL CHARGE: See Sheet Nos. 6.020 and 6.022.

ENERGY CONSERVATION RECOVERY CHARGE: See Sheet Nos. 6.021 and 6.022.

CAPACITY RECOVERY CHARGE: See Sheet Nos. 6.020 and 6.022.

CLEAN ENERGY TRANSITION MECHANISM: See Sheet Nos. 6.023 and 6.025.

ENVIRONMENTAL RECOVERY CHARGE: See Sheet Nos. 6.020 and 6.022.
