

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Joint petition for approval of transportation service agreements between Peninsula Pipeline Company, Inc. and Florida City Gas.

DOCKET NO. 20250099-GU
ORDER NO. PSC-2025-0328-CFO-GU
ISSUED: September 4, 2025

ORDER GRANTING FLORIDA CITY GAS AND
PENINSULA PIPELINE COMPANY'S JOINT REQUEST FOR CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 07627-2025)

On August 7, 2025, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida City Gas and Peninsula Pipeline Company, Inc. (FCG and Peninsula) jointly filed a Request for Confidential Classification of information contained in their Joint Petition for Approval of Amendments to Transportation Service Agreements, as well as Attachments A – F to the Joint Petition. (Document No. 07627-2025). This request was filed in Docket No. 20250099-GU.

Request for Confidential Classification

FCG and Peninsula contend that the information contained in Document No. 07627-2025, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FCG and Peninsula assert that this information is intended to be and is treated by FCG and Peninsula as private and has not been publicly disclosed. FCG and Peninsula further contend that the information relates to competitive interests of FCG and Peninsula, the disclosure of which would impair their competitive business. More specifically, Attachments A, B, and C contain certain confidential information related to FCG and Peninsula's natural gas firm transportation service agreement amendments, identifying the total maximum daily transportation quantity, maximum hourly transportation percentage, monthly reservation charge, and unauthorized use rate, as well as the description of the type and length of pipe to be installed for the Indian River Project in Attachment B. These attachments are Interconnection Agreements with renewable gas producers.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FCG and Peninsula's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of FCG and Peninsula or their affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 07627-2025 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FCG and Peninsula or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Gary F. Clark, as Prehearing Officer, that Florida City Gas and Peninsula Pipeline's Request for Confidential Classification of Document No. 07627-2025 is granted. It is further

ORDERED that the information in Document No. 07627-2025, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida City Gas and Peninsula Pipeline or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gary F. Clark, as Prehearing Officer, this 4th day of September, 2025.
