5. RESIDENTIAL LOCAL SERVICE DESCRIPTIONS

5.2 AT&T Residential Local Service Offers (cont'd)

5.2.12 One Rate[®] Multi-Line Plan

This Plan provides the Customer with two local access lines, touch-tone service, unlimited calls within the Customer's local calling area, and a per minute rate, 24 hours a day, seven days a week on all local toll (intraLATA and interLATA) calling.

The Customer must be presubscribed to AT&T as the Customer's primary Interexchange Carrier and primary intrastate intraLATA and interLATA carrier and continuously maintain their wireline Main Billed Account with AT&T.

The monthly recurring charge for this plan applies to the primary line and one additional line. If the customer's AT&T Main Residential Billed Account has more than two multiple lines associated with it, an additional Monthly Recurring Charge will apply to each additional line that the customer adds to this plan. A total of up to six lines can be included on this plan.

Usage will not be combined with other access lines that are on the same customer's premises, and those lines not chosen for this plan will be billed according to the plans existent on those lines. Individual call detail will not be provided on the Customer's billing statement for any calls included in the unlimited portion of this plan. Call detail will be provided where a usage rate applies.

If it is determined that usage is not consistent with residential voice applications, such as for Internet Access Services, commercial facsimile or auto-dialing, resale, telemarketing or other non-residential uses, AT&T may immediately suspend, restrict or cancel the Customer's service without prior notice.

Customers who no longer subscribe to AT&T as their Primary Long Distance Carrier will continue to be billed the Monthly Recurring Rate for this plan, and will continue to receive local service and features provided in this plan, until AT&T is notified by the Customer to transfer the account to another Local Service Plan, or to cancel local service. Customers who cancel subscription to AT&T Local Exchange Service and/or no longer subscribe to this plan will automatically be placed on the AT&T One Rate[®]10cent plan for domestic service, as described in the AT&T Consumer Service Guide, unless the Customer requests otherwise at the time of disconnect.
