#### .15 Interruption of Service

It shall be the obligation of the subscriber to notify the Carrier of any interruption of service. Before giving such notice, the subscriber shall ascertain that the trouble is not being caused by any action or omission of the subscriber or is not in the wiring or equipment connected to the terminal of the Carrier.

#### .1 WATS, 800, Private Line, Sprint Clarity, 800 Premiere, SDS Premiere, Real Solutions, Business Sense, and Sprint Business Flex (D)

When services are interrupted for thirty (30) minutes or more, credit is allowed on demand to the Carrier, computed as set forth below, provided such interruption is not shown by the Carrier to have been caused by the negligence or willful action of the subscriber, or any other person at the subscriber's terminal location, or is not caused by the failure of the subscriber's equipment or power supply.

Credit is computed by multiplying the monthly rate for the service by the ratio that the number of hours in the period of interruption bears to 720 hours. For the purpose of this computation, each month shall be considered to have 720 hours. The credit will be based on the non-usage charges for the month during which the interruption occurred, excluding equipment and access line charges, for the month during which the interruption occurred. An interruption is measured from the time the Carrier detects trouble, or the subscriber notifies the Carrier of the interruption by an expeditious means, until the trouble is cleared. Each interruption is considered separately for purposes of establishing credit allowance. Interruptions shall be accumulated to the nearest half-hour period. No credit will be given for an interruption of service of less than thirty (30) minutes. The credit for a monthly billing period shall not exceed the monthly rate.
