INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

3. DEFINITIONS

Certain terms used generally throughout this Tariff for services furnished by the Company are defined below.

Access Arrangement

Any equipment or access facility necessary to connect the Customer's **voice**/video/data/video equipment to a Company point-of-presence for transmission purposes. (C)

Access Channel

Access Channel is the ingress channel into the data network.

Access Service Request (ASR)

Access Service Request is an order to provide the Customer with Data Services or to provide changes to existing Data Services.

Analog Transmission

Information transmitted in the form of continuously varying signal current and/or voltage.

Authorized User

The term "Authorized User" denotes a person, firm or corporation who is authorized by the Subscriber to be connected to the service of the Subscriber.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

3. DEFINITIONS (Continued)

Carrier

Any provider of intrastate interexchange telecommunications services.

Casual Caller

The term "Casual Caller" denotes any person who uses the Company's Casual Caller Service from an equal access end office who does not have a current account with the Company, to include:

- A. Any person who has not established an account with the Company who places calls over the Company's network from an equal access area.
- B. Any person located in an equal access area who voluntarily terminated their Company account as set forth in Section 4 but continues to make calls over the Company's network.
- C. Any person located in an equal access area who has had their account terminated in accordance with the terms and conditions as set forth in Section 4 but continues to make calls on the Company's network.
- D. New or allocated Customers whose accounts are not yet established in the Company's billing system.

The terms, conditions and Casual Caller rates as specified in Section 7.1 of this Tariff apply to all calls made by Casual Callers. By placing a call on the Company's network, a Casual Caller accepts and agrees to the Casual Caller terms and conditions and rates. The Company **will file** Tariffs with the Florida Public Service Commission that apply to Casual Callers who use dial-around 1+ Services.

Company

The term "Company" refers to Embarq Communications, Inc.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

3. DEFINITIONS (Continued)

Customer (a.k.a. Subscriber)

The term "Customer" or "Subscriber" denotes the person, firm, company, corporation, or other entity, including Casual Callers, having a communications requirement of its own which uses services under this Tariff and is responsible for the payment of charges as well as compliance with the Company's regulations pursuant to this Tariff.

Data

The representation of information as characters that are in a digital or analog form and to which meaning can be assigned.

Data Speed (bps)

The line speed **which is commonly measured** in bits per second.

(T)

Digital Transmission

Information transmitted in the form of digitally encoded signals.

DS-0

A 64 Kbps digital transmission system equivalent to one voice frequency circuit/channel.

DS-1

A 1.544 Mbps digital transmission system equivalent to 24 voice frequency circuits/channels

DS-3

A 1.544 Mbps digital transmission system equivalent to 672 voice frequency circuits/channels or 28 DS-1 facilities.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

3. DEFINITIONS (Continued)

Qualified Residential

Business customer's employees, listed in the product section herein as qualified residential, may subscribe to the business customer's service for satellite locations (e.g., from home). The satellite locations will receive the customer's applicable underlying business rates as defined in this Tariff. The usage of the business customer's employees' services will be invoiced to the business customer and the business customer will be financially responsible for payment of such employee's usage.

Rate Center

The term "Rate Center" denotes a geographically specified point used to determine mileage dependent rates.

Regular Billing

The term "Regular Billing" denotes a standard billing invoice sent in the normal billing cycle. This billing consists of one (1) invoice for each account assigned to the Customer, or in the case of Data Services, one (1) invoice for each Customer together with explanatory detail showing the derivation of the charges.

Regular Voice Grade Facility

A communications channel with a bandwidth of approximately 2,700 Hertz (300 to 3,000 Hertz).

Serving Wire Center

The term "Serving Wire Center" denotes the physical location within a local exchange company's central office or other service provider's facility used to determine mileage sensitive rates. There is a serving wire center associated with each Customer location and each Company location.

Subscriber

See "Customer".

Switched Data Services (SDS)

Switched Data Services (SDS)" is the term used to describe dial-up data and video communications messages that are transmitted over the public switched network. Access to SDS is available using either the domestic and internationally defined and accepted protocol standard for Integrated Services Digital Network (ISDN) or the Switched 56 protocol standard

4. TERMS AND CONDITIONS (Continued)

4.4 Minimum Service Period

A minimum period for service will be one month (30 days) for all services except where special construction is required or as described elsewhere in this Tariff.

4.5 Ownership of Facilities

Title to all facilities provided by the Company in accordance with these regulations remains with the Company.

4.6 Application for Service

The Company may require a Subscriber to sign an application form furnished by the Company and to establish his credit as provided in these Regulations, as a condition precedent to the initial establishment of such service. Company's acceptance of an order for service to be provided to an applicant whose credit has not been duly established, may be subject to the provisions as described elsewhere in this Tariff.

The Company may also require a signed authorization from the Subscriber for additions to or changes in existing service for such a Subscriber.

An application for service cancelled by the Subscriber or the Company prior to the establishment of the service applied for is subject to the Cancellation For Cause or Disconnection of Service **Customer Cancellation of Service** provisions as described elsewhere in this Tariff.

(T)

Additional terms and conditions associated with application for service, if applicable, are specified elsewhere in this Tariff for the particular services affected.

4. TERMS AND CONDITIONS (Continued)4.9 Interruption of Service

It shall be the obligation of the Subscriber to notify the Company of any interruption of service. Before giving such notice, the Subscriber shall ascertain that the trouble is not being caused by any action or omission of the Subscriber or is not in the wiring or equipment connected to the terminal of the Company.

4.10 Cancellation For Cause

The Company, by written notice to Subscriber or applicant, may immediately cancel the application for and/or discontinue service without incurring any liability for any of the following reasons:

- A. Non-payment of any sum due to the Company for service for more than thirty (30) days beyond the date of rendition of the bill for such service. (T)
- B. Non-payment of any sum due to the Company for service for more than thirty (30) days beyond rendition of the bill on any Company account regardless of whether the application or service being canceled is related or unrelated to the account or service for which the sum is past **due**; (T)
- C. A violation of or failure to comply with any regulation governing the furnishing of service. (T)
- D. An order of a court or other government authority having jurisdiction which prohibits the Company from furnishing service. (T)
- E. Failure to post the deposit required by the deposit notice as specified elsewhere in this Tariff. (T)
- F. Customer places repeated harassing phone calls to the Company including calls in which the caller uses abusive language. (T)

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

4. TERMS AND CONDITIONS (Continued)4.11 Disconnection of Service **Customer Cancellation of Service**

(T)

By giving advance verbal or written notice, Subscriber may disconnect service at any time following the one month (30 days) minimum service requirement as described elsewhere in this Tariff.

The Company will have up to thirty (30) days to complete the disconnect. Subscriber will be responsible for all charges for thirty (30) days or until the disconnect is effected, whichever is sooner. This thirty (30) day period will begin on the day of receipt of notice from the Subscriber.

4.12 Service Hours

Service is available twenty-four (24) hours a day, seven (7) days a week.

4.13 Restricted Service

Under certain circumstances, as described below, a Customer's long distance service may be suspended, and the Customer routed to a receivable operator if the Customer has incurred significant pre-bill charges and one or more of the following apply:

- A. The Customer does not have credit information available from one of the major credit reporting agencies;
- B. The Customer has poor credit based on industry standards;
- C. The Customer has not paid a bill in a timely manner; or
- D. The Customer's usage resembles fraudulent usage.

If the Customer is routed to a voice response unit, the Customer will be advised that their service has been restricted. The Customer will be provided the option of either: 1) making a prepayment using a credit card or 2) dialing a toll free number to speak with a collection representative.

The receivables operator or collection representative will explain the reasons for the restricted service and the requirements for the Customer to resume unrestricted service. For example, if the Customer has not paid a bill in a timely manner (in compliance with the requirements of Payment of Charges as specified elsewhere in this Tariff), payment of the outstanding bill will be requested. The Company also may request a deposit or a demonstration that the Customer incurred similar charges with another carrier and paid such carrier in a timely manner.

7. MISCELLANEOUS SERVICES (Continued)7.2 EMBARQ Calling Card Service (T)

7.2.1. General

EMBARQ Calling Card Service is available to business and residential Customers who subscribe to Message Telecommunications Services (MTS). All Subscribers will receive a **EMBARQ Calling Card** for use when away from the established primary service location. **EMBARQ Calling Card** access can be from tone-generating or rotary-dial telephone instruments and is available for origination as described in Section 2. **EMBARQ Calling Card** Service Subscribers access the Company's network by dialing "1-800-877-8000", plus "0," the called telephone number and **EMBARQ Calling Card** number. (T)

A per call connection fee plus Per Minute usage rates apply when a **EMBARQ Calling Card** is used by **EMBARQ Calling Card** Customers for calls originating and terminating within the State of Florida. (T)

If a Company Operator assists in call placement, applicable Operator Service Call Placement Charge and Per Minute usage rates will apply in lieu of the **EMBARQ Calling Card** surcharge and Per Minute usage rates. (T)

The **EMBARQ Calling Card** rates for business Customers are listed with the specific services with which **EMBARQ Calling Card** Service is provided. For residential Customers, the following per call connection fee and per minute usage rates will apply for all residential services with which **EMBARQ Calling Card** Service is provided unless specific **EMBARQ Calling Card** rates are specified elsewhere in this Tariff for a particular service. (T)

In addition, the same usage rates and surcharge apply when:

- A. The Company enters into an agreement with a reseller to serve as their alternate long-distance carrier in those regions where the reseller cannot provide service, or
- B. The Company participates in an agreement with a Local Exchange Carrier to provide **EMBARQ Calling Card** Service via a special 800# offered in conjunction with the LEC Calling Card. (T)

7.2.2. Residential **EMBARQ Calling Card** Rates (T)

- A. Rate Per Minute \$.59
- B. Connection Fee, Per Call \$.99

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

7. MISCELLANEOUS SERVICES (Continued)7.3 Directory Assistance (DA)7.3.1. General

The Company provides the service of connecting Customers to a nationwide Directory Assistance operator for a per-call charge for intrastate information requests. Customers can receive up to two numbers per request. In order to obtain two numbers, the Customer must request two numbers once the Customer reaches the live operator. The fee applies whether or not the Directory Assistance operator furnishes the requested telephone number(s), e.g., the requested telephone number is unlisted, non-published or no record can be found. Requests for information other than telephone numbers will be charged for as requests for telephone numbers.

A credit allowance for Directory Assistance will be provided upon request if a Customer experiences poor transmission quality, is cut-off, receives an incorrect telephone number, or misdials the intended Directory Assistance number.

National Directory Assistance Service gives a Customer the option of completing a call to the called station telephone number received from the Directory Assistance operator without hanging up and originating a new call. National Directory Assistance Service is offered when a Customer requests intrastate Directory Assistance. A call completion charge applies in addition to the Directory Assistance per-call charge if the Customer accepts the offer. When two numbers are requested from Directory Assistance only the second call can be completed. The call completion fee will not apply if the call cannot be completed.

When a Company Operator assists with a Directory Assistance call the appropriate operator handling charges will apply in addition to the Directory Assistance charge.

Calls placed to Directory Assistance utilizing a **EMBARQ Calling Card** will incur both the **EMBARQ Calling Card** connection fee as well as the applicable Directory Assistance per-call charge. (T)

Requests will be limited to two (2) per call.

A credit allowance for Directory Assistance will be provided upon request if the Subscriber experiences poor transmission quality, is cut off, receives an incorrect telephone number or misdials the intended Directory Assistance number. (T)

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF**9. DATA SERVICES****9.1 TERMS AND CONDITIONS**

(T)

In addition to the terms and conditions specified in Section 4 of this Tariff, the terms and conditions specified following apply to Data Services.

(N)

(N)

9.1.1 Application for Service

(T)

Application for Service is the Company order process that includes technical, billing and other descriptive information provided by the Customer which allows the Company to provide requested communications services for the Customer and Customer's authorized users. Upon acceptance by the Company, the Application for Service becomes a binding contract between the Customer and the Company for the provision and acceptance of services.

An Application for Service may be changed by Customer upon written notice to the Company, subject to acceptance and confirmation by the Company, provided that a charge shall apply to any change when the request is received by the company after notification by the Company of the acceptance and confirmation. Such charge shall be the sum of the charges and costs for access facilities and other services and features and the lesser of (i) the monthly recurring rate for each service component that has been canceled as a result of the change times the appropriate minimum service period, plus the applicable installation or non-recurring charges, and (ii) the costs incurred by the Company in accommodating each change, less net salvage.

An Application for Service may be changed by Customer upon written notice to the

Costs incurred by the Company will include the direct and indirect cost of facilities specifically provided or used; the costs of installation, including design preparation, engineering, supply expense, labor and supervision, general and administrative, and any other costs resulting from the preparation, installation and removal effort.

If the Customer or applicant delays activation of his service during the period thirty (30) days preceding the scheduled installation date for a period of more than one (1) week, normal charges for local distribution facilities (LDF) shall apply from the scheduled date of installation. In the event that the Customer-induced delay exists for more than thirty (30) days after the scheduled installation date, the Company may consider the delay a cancellation of application for service.

If special construction has been started prior to cancellation, a charge equal to the costs incurred in the special construction, less net salvage, applies. In determining the charge, cancelled service is treated as discontinued as of the date on which it was to have started when the Company incurs any expense in connection therewith or in preparation therefore which would not otherwise have been incurred, provided that the Customer or applicant had advised the Company in writing not to proceed with the installation or special construction.

If the Company should assume a termination liability or other obligation for an access facility, that liability or obligation shall be the responsibility of the Company's Customer.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

9. DATA SERVICES (Continued)**9.1 TERMS AND CONDITIONS** (Continued)

(T)

9.1.1 Application for Service (Continued)

(T)

A. Cancellation of Application for Service

(T)

When the Customer or applicant has requested the Company to cancel the application for service prior to service installation, cancellation charges will apply. Cancellation charges for both the underlying services and Local Access Facilities will be based on the stage at which the Access Service Request ("ASR") is at, either the Pre-Access Service Request ("Pre-ASR") or the Post-Access Service Request ("Post-ASR") stage.

The Pre-ASR stage is when the ASR is complete but has not yet been sent to the Local Exchange Company ("LEC") or the Alternate Access Vendor ("AAV"). The Post-ASR stage is when the ASR is complete and has been sent to the LEC or AAV.

The amount of the cancellation charge will vary according to the category of service ordered and at which stage the cancellation occurred (Pre-ASR or Post-ASR). Categories of services are: (1) the Service Component based on IXC ordered and; (2) the Access Component based on type of access ordered. See Service Cancellation Charges in this Tariff.

B. Change of an Application for Service

(T)

An Application for Service may be changed by the Customer upon written notice to the Company, subject to acceptance and confirmation by the Company provided that a charge shall apply to any change when the request is received by the Company after notification by the Company of the acceptance and confirmation.

Such charge shall be the sum of the charges and costs for Private Line Service incurred by the Company in accommodating each change including the direct and indirect costs of facilities specifically provided or used; the costs of installation (including design preparation, engineering, supply expense, labor and supervision, general and administrative) and any other costs resulting from the preparation, installation and removal effort.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

9. DATA SERVICES (Continued)9.1. TERMS AND CONDITIONS (Continued)

(T)

9.1.1 Obligations of the Customer

(T)

In instances where the Company is connecting its service to the Customer's own Customer-provided communications system or equipment or to any service or equipment provided by others, the Customer must ensure that the equipment or system must provide answer supervision upon the delivery of the call to the switching equipment or to the equipment connected to the communications system. When service is directly connected to a communications system at a Customer's premises, answer supervision must be provided when the call terminates in or passes through the first Customer premise equipment on that communications system, such as but not limited to when a call is (1) answered by a local station; (2) answered by an attendant; (3) routed to a recorded announcement; or (4) routed elsewhere by the switching system.

The Customer must obtain an adequate number of facilities for Company Services to handle the Customer's expected demand in order to prevent interference or impairment of this service and or any other service provided by the Company considering (1) total call volume; (2) average call duration; (3) time-of-day characteristics and (4) peak calling period. The Company, without incurring any liability, may disconnect or refuse to furnish any toll free service to a Customer that fails to comply with these conditions. In case of disconnection, the Customer will be notified at least five days in advance of the disconnect. Notification may be by mail or in person.

In compliance with the obligations imposed on the Company by the Federal Communications Commission, Customer represents and warrants, on behalf of itself and its affiliates, subsidiaries, and agents, that it is not a reseller and that it does not intend to resell the services or engage in other activity that would require the Company to verify Customer's authorization as a reseller as required by 47 CFR 64.1195. If Customer or its affiliates, subsidiaries, or agents breach these representations or warranties, this agreement will terminate immediately and subject Customer to the liability imposed for termination by the Company for material breach. These provisions are not intended to prohibit resale, but are intended to prevent misrepresentations by resellers in an attempt to circumvent the rules or regulations of the FCC, or other governmental bodies with jurisdiction over the provision of communications services for resale.

9. DATA SERVICES (Continued)**9.1 TERMS AND CONDITIONS** (Continued) (T)**9.1.5 Alternative Access Facilities** (T)

The Company will undertake to provide Alternative Access Facilities as requested and ordered by the Customer when such facilities are available and approved by the Company. At the discretion of the Company, such alternative access facility arrangements also may be utilized in lieu of LEC facilities. Access provided via alternative access facilities will be charged according to the rates and charges set forth in this Tariff unless Special Service Arrangements are involved as described in Section 9.1.8 following.

9.1.6 Expedited Service Charge (T)

At the request of the Customer, the Company will coordinate the expedite of circuit delivery from the access provider for any access facilities ordered and maintained by the Company. In such instances, an expedited service charge will be assessed on an individual case basis.

9.1.7 Out-of-Hours Work Charge (T)

This charge is to cover the additional costs incurred by the Company when performing standard tariffed services outside of normal work hours. This charge applies to each hour expended rounded to the nearest half hour. It applies in addition to the standard Tariff charges for the work requested.

9.1.8 Special Service Arrangements (T)

The rates and charges set forth in this Tariff provide for furnishing service by means of facilities selected by the Company. Custom service is involved where one or more of the following conditions are present:

- A.** At the request of the Customer, the Company provides service by means of facilities or a type other than that which the Company would otherwise use to provide service to the Customer. This type of custom service might involve Customer-specified routing or expedited construction. (T)
- B.** At the request of the Customer, the Company provides technical assistance of a design or consulting nature, beyond that of just properly matching Customer's equipment with that of the Company's facilities (T)

(T)

9.1.9 Provision of Service with Non-Fiber Access Facilities

(T)

Private Line Services may be provided using non-fiber access facilities at the request of the Customer. However, in such cases, the Company may not meet the performance objectives and applicable standards for service set forth in this Tariff. Under no circumstances shall the Company be responsible for any direct, indirect, special, incidental or consequential damages arising directly or indirectly from the provision of service using such facilities, including without limitation any loss of Customer income or profits. The Customer shall indemnify and hold harmless the Company from any and all claims, actions, costs, expenses and damages associated with or arising out of Customer's use of such facilities

9.1.20 Discontinuance of Service without Liability

(T)

A Customer will not be penalized for discontinuing a private line agreement if:

A. A revision in the Private Line Services Tariff provisions results in higher plan rates for the plan to which the Customer has committed. The Customer may request affected circuits be disconnected up to 30 days after the effective date of the higher Tariff rates without penalty. Otherwise, the Customer's existing agreement remains in effect and the new rates will be billed.

(T)

B. The Customer selects a new plan having a longer term.

(T)

9.1.21 Trouble Shooting at Customer's Premises

(T)

This charge is to cover the cost to the Company of a visit to Customer's premises to determine what equipment is the cause of a malfunctioning channel. This charge applies in cases where the Company identifies the trouble to be caused by Customer-provided equipment and is unrelated to any malfunction of the Company's service. The charge applies from the time the Company's personnel are dispatched until the problem is identified.

9. DATA SERVICES (Continued)9.2 LOCAL ACCESS FACILITIES

(T)

9.2.1 General Description

In order to subscribe to the Company's data products with dedicated access, the Customer must gain entry to the Company's network by means of Local Access Facilities. Such Local Access Facilities will generally be ordered from local telephone companies in the Customer's name, by the Company, as agent. The Company will bill the Customer for these facilities.

Any special construction or non-standard charges assessed by the local telephone company supplying the Local Access Facility will also be the responsibility of the Customer. On occasions when alternative facilities are necessary (those provided in lieu of Company-designated access provided facilities), the Company will charge the Customer according to the rates and charges set forth in this Tariff unless Special Service Arrangements are involved as described in Section 9.1.8 of this Tariff.

The Company's scope of work for alternative access facilities may include, but are not limited to, detailed assessment or engineering studies, alternative vendor interface and installation supervision.

Central Office Connection charges apply in all cases in which a Customer wishes to connect to the Company network. The applicable charges are determined based on the type of access interconnected.

Access Coordination will apply in those cases where the Company acts as the Customer's agent and orders Local Access Facilities. The applicable charges are determined based on the type of access ordered.

Local Access Facilities for 56 Kbps, T-1, T-3, OC-3, and OC-12 access require a minimum commitment period of one year, unless otherwise defined through a vendor-provided term plan offering (ordered by the Company on behalf of the Customer via a letter of agency from the Customer). Any termination liabilities incurred by the Company as a result of such plans shall be solely the responsibility of the Customer.

Charges for Local Access Facilities are applied based upon the applicable local exchange company's rates and charges.

The Company reserves the right to restrict interconnection at either the wire center serving the Company POP or the Company POP itself.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

9. DATA SERVICES (Continued)

9.3 FRAME RELAY SERVICE

(T)

9.3.1 General Description

(T)

Frame Relay Service is a fast packet network that permits the transmission of data at speeds of 56 Kbps, 64 Kbps, 128 Kbps, 256 Kbps, 384 Kbps, 512 Kbps, 640 Kbps, 768 Kbps, 1.544 Mbps, or 44.210 Mbps using Permanent Virtual Circuits (PVCs) to connect multiple Local Area Networks (LANs). Frame Relay Service is currently available throughout the contiguous United States where Local Access Facilities are available.

There are three primary components to the monthly recurring pricing of Frame Relay Service: Local Access Facilities (dedicated), Access Channels (ports) and Permanent Virtual Circuits (PVCs).

Local Access Facilities must be obtained to access Frame Relay Service and are available at the following data speeds: 56 Kbps, T-1 and T-3.

Access Channel port speeds are selected to accommodate the various PVCs that will use that particular Access Channel. Access Channel data speeds range from 56 Kbps to T-3 (45 Mbps). The Access Channel must be large enough to accommodate the cumulative egress of all PVCs connected to a particular Access Channel.

PVCs interconnect the Customer's specific end-points on the interexchange network. PVCs use packet-switching technology to automatically route around network-related failures. PVCs are pre-defined for each pair of end-point devices so a virtual network path (circuit) is always available without any call set-up delay. This results in faster access to the network, better response time for end user applications, and a high degree of network security. The Company's PVCs are Frame Relay for LAN.

For service, the date the service is installed and available, or the date specified on the Customer's order form, whichever is later, will be the date on which all nonrecurring charges will be invoiced and invoicing for all recurring charges will commence.

Customers may subscribe to Frame Relay Service for one, two or three years.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

9. DATA SERVICES (Continued)9.3 FRAME RELAY SERVICE (Continued)

(T)

9.3.2 Term Plan

(T)

Customers may subscribe to Frame Relay Service under one, two or three year term plans. The rates in effect for Frame Relay Service and Local Access Facilities at the time the Customer commits to a term plan will be fixed for the duration of the term plan. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the term plan rates for successive ninety (90) day periods, unless sixty (60) days prior to the end of the term or each such extension either (a) the Customer or the Company provides written notice to the other that it does not want such extension, or (b) the Customer subscribes to another term plan for which the rates of the new term will apply.

If additional Customer sites are added to a Customer's Frame Relay Service after the initial subscription to a term plan, such sites will be incorporated into the Customer's term plan and will have the same termination date as the Customer's original term plan. Existing Customers may subscribe to a new term plan for Frame Relay Service of the same or greater value prior to the end of the Customer's existing term plan without incurring any termination liability if the new term plan extends beyond the old term plan termination date by at least one year or if the new term plan is for three years.

9.3.3 Termination Liability

(T)

To terminate Frame Relay Service the Customer must provide the Company with thirty (30) days prior written notice.

Customers terminating service prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to a lump sum of fifty percent (50%) of the monthly recurring charges for each circuit cancelled multiplied by the number of months remaining in the term plan. Customer will not have any termination liability if another Company service of the same or greater monthly price and volume and a term no less than the remaining months of the term plan or one (1) year, whichever is greater, is ordered at the same time the notice of termination is received. Customer will also be liable for a pro-rata amount of any waived installation charges based on the number of months remaining in the term plan.

If service is terminated by the Company for cause and the Customer has subscribed to service under a term plan, the Customer will be charged the termination liability associated with the term plan.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF9. DATA SERVICES (Continued)9.4 PRIVATE LINE SERVICES (T)9.4.1 General Description (T)

Private Line Service is a non-switched, non-usage sensitive, point-to-point service which is dedicated exclusively to one Customer. The Company offers Private Line Service within the contiguous United States between Company Points of Presence (POP) on a fiber optic network. This terrestrial service provides for two-way simultaneous transmission of signals at data speeds of 1.544 Mbps up to 622.08 Mbps. Local Access Facilities may limit the performance specifications that the end user can anticipate.

Private Line Services offered are:

- TransLink (T-1/DS-1)
- LightLink (T-3/DS-3)
- OptiPoint-3 (OC-3)
- OptiPoint-12 (OC-12)

A. TransLink Service (T)

TransLink Service provides a high capacity channel for the transmission of 1.544 Mbps isochronous serial data having a line code of Bipolar Return-to-Zero (BPRZ). TransLink Service is provided between two points located within the contiguous United States. The required format and interface specifications are contained in Technical Reference Publications GR-54 and GR-342. The performance objectives for TransLink Service between the Company's Points of Presence are as follows:

<u>Airline Miles</u>	<u>%Network Availability</u>	<u>% Error Free Seconds</u>
0 - 250 Miles	99.97%	99.89%
251 - 1,000 Miles	99.96%	99.85%
1,001+ Miles	99.95%	99.83%

TransLink Service requires Local Access Facilities as described in Section 9.2 and is subject to the availability of T-1 access by the local exchange company.

(T)

9.4.1 General Description (Continued)

(T)

B. LightLink Service

(T)

LightLink Service provides a high capacity channel for the transmission of 44.736 Mbps isochronous serial data having a line code of Bipolar with Three Zero Substitution (B3ZS). LightLink Service is provided between two points located within the contiguous United States. The required format and interface specifications are contained in Technical Reference Publications 62508 and 62411, and the associated Addendum TR-INS-000342 and TR-NPL-000054. The performance objectives for LightLink Service between the Company's Points of Presence are as follows:

<u>Airline Miles</u>	<u>% Availability</u>	<u>% Error Free Seconds</u>
0 - 250 Miles	99.99%	99.90%
251 - 1,000 Miles	99.99%	99.80%
1,001+ Miles	99.98%	99.70%

LightLink service requires T-3 Local Access Facilities as described in Section 9.2 and is subject to the availability of T-3 access by the local exchange company.

(T)

9.4.1 General Description (Continued)

(T)

C. OptiPoint-3 (OC-3) Service

(T)

OptiPoint-3 (OC-3) Service is a high speed optical transmission service supporting voice, data, and video applications in a point-to-point fashion. OptiPoint-3 (OC-3) Service offers 155.520 Mbps of bandwidth and provides the equivalent of 2,016 Voice Grade (DS-0) circuits or 84 T-1 facilities. The performance objectives for OptiPoint-3 (OC-3) Service between the Company's Points of Presence are as follows:

<u>Airline Miles</u>	<u>% Availability</u>	<u>% Error Free Seconds</u>
0 - 250 Miles	99.999%	99.97%
251 - 1,000 Miles	99.998%	99.96%
1,001+ Miles	99.997%	99.95%

OptiPoint-3 (OC-3) Service requires OC-3 Local Access Facilities as described in Section 9.2 and is subject to the availability of OC-3 access by the local exchange company.

D. OptiPoint-12 (OC-12) Service

(T)

OptiPoint-12 (OC-12) Service is a high speed optical transmission service supporting voice, data, and video applications in a point-to-point fashion. OptiPoint-12 (OC-12) Service offers 622.080 Mbps of bandwidth and provides the equivalent of 8,064 Voice Grade (DS-0) circuits or 336 T-1 facilities. The performance objectives for OptiPoint-12 (OC-12) Service between the Company's Points of Presence are as follows:

<u>Airline Miles</u>	<u>% Availability</u>	<u>% Error Free Seconds</u>
0 - 250 Miles	99.999%	99.97%
251 - 1,000 Miles	99.998%	99.96%
1,001+ Miles	99.997%	99.95%

OptiPoint-12 (OC-12) Service requires OC-12 Local Access Facilities as described in Section 9.2 and is subject to the availability of OC-12 access by the local exchange company.

(T)

9.4.3 Term Plan

(T)

Customers may subscribe to Private Line Services under one, two or three year term plans. The rates in effect for Private Line Services and Local Access Facilities at the time the Customer commits to a term plan will be fixed for the duration of the term plan. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the term plan rates for successive ninety (90) day periods, unless sixty (60) days prior to the end of the term or each such extension either (a) the Customer or the Company provides written notice to the other that it does not want such extension, or (b) the Customer subscribes to another term plan for which the rates of the new term will apply.

If additional Customer sites are added to a Customer's Private Line Service after the initial subscription to a term plan, such sites will be incorporated into the Customer's term plan and will have the same termination date as the Customer's original term plan. Existing Customers may subscribe to a new term plan for Private Line Services of the same or greater value prior to the end of the Customer's existing term plan without incurring any termination liability if the new term plan extends beyond the old term plan termination date by at least one year or if the new term plan is for three years.

9.4.4 Termination Liability

(T)

To terminate Private Line Services the Customer must provide the Company with thirty (30) days prior written notice.

Customers terminating service prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to a lump sum of fifty percent (50%) of the monthly recurring charges for each circuit cancelled multiplied by the number of months remaining in the term plan. Customer will not have any termination liability if another Company service of the same or greater monthly price and volume and a term no less than the remaining months of the term plan or one (1) year, whichever is greater, is ordered at the same time the notice of termination is received. Customer will also be liable for a pro-rata amount of any waived installation charges based on the number of months remaining in the term plan.

If service is terminated by the Company for cause and the Customer has subscribed to service under a term plan, the Customer will be charged the termination liability associated with the term plan.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF9. DATA SERVICES (Continued)9.4 PRIVATE LINE SERVICES (Continued)9.4.5 Service Components and RatesA. Channel Mileage Charges

The charge for intercity communications channels is based on mileage and channel bandwidth. Mileage is the intercity mileage between Company's Points of Presence as located in cities wherein the Company holds itself out to provide service. Each circuit connected between two Customer interface points will be construed as an individual circuit for rate compilation purposes. The Minimum monthly recurring charge applies unless the actual intercity mileage when multiplied by the banded per mile monthly recurring charge exceeds the Minimum monthly recurring charge.
