Ms. Beth W. Salak, Director
Division of Competitive Markets and Enforcement
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, FL 32399-0850

Dear Ms. Salak:

Attached are copies of new tariff pages filed as part of the Verizon Florida Inc. General Services Tariff.

Section A13 Miscellaneous Service Arrangements

2nd Revised Page 92

1st Revised Page 95

The purpose of this filing is to introduce a Centranet® additive in the calculation of qualifying usage revenue used to determine discounts under Corporate Rewards.

If you require additional information, please contact Joan Gage at (813) 483-2530.

Sincerely,
David M. Christian
Assistant Vice President
Regulatory Affairs Florida

A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.44 Corporate Rewards

.1 General Description

Corporate Rewards is a billing arrangement that provides business customers with an optional calling plan and various discounts consisting of the following components:

a. Qualifying Usage - Uniform rates, as set forth in the following, .4 Rates and Charges, that do not vary by time of day or day of week apply to the following types of customer dialed direct station-to-station sent-paid:

(1.) IntraLata Toll voice and IntraLata Toll Circuit Switched Data.

(2.) In addition, a qualifying local access line additive, as set forth in Section b. following, will be included in determining the Corporate Rewards qualifying Tier.

b. Volume Discount Rate – Applies to qualifying, monthly services based on aggregated qualifying revenue from all customer Billed Telephone Numbers (BTNs) subscribing to Corporate Rewards. The volume discount rate is automatically adjusted should a customer's qualifying revenue vary between Corporate Rewards tiers. The qualifying Corporate Rewards tier is determined by adding together the qualifying usage revenue with the qualifying local access line revenue. Qualifying usage revenue is based on rating usage at the Corporate Rewards base rate. Qualifying access line revenue is determined by multiplying the qualifying lines by the local access line additive, as set forth in Section .4 Rates and Charges following. A customer's usage must be within a maximum and a minimum qualifying usage threshold, as set forth in the following .4 Rates and Charges, in order to qualify for a volume discount rate.

c. Centranet® Additive – The qualifying Corporate Rewards Tier for customers with CentraNet lines is determined by adding together the qualifying usage revenue with the qualifying CentraNet Additive revenue. Qualifying CentraNet Additive revenue is determined by multiplying the qualifying CentraNet lines by the CentraNet line additive in .4 Rates and Charges. (N)

d. Loyalty Discount - Customers that sign a one, two or three-year service agreement qualify for loyalty discounts. Loyalty discounts apply in the thirteenth (13th) month. For each consecutive year, up to and including the fifth year, a customer will receive an increased loyalty discount, as set forth in the following, .4 Rates and Charges. After the fifth year, customers will continue to receive a loyalty discount, capped at the fifth-year discount level. The loyalty discount will apply to the customer's discounted monthly usage charges and will be applied on a Billed Telephone Number (BTN). Customers in Tier 5 will not receive a loyalty discount. (T)

e. Access Line Discount - Applies to ISDN-PRI, Section A10.5 of this tariff; Digital (ISDN) Single-Line Service, Section A10.6 of this tariff; Business Individual Line, Section A3.2 of this tariff; Flexgrow Trunk Service, Section A10.13 and PBX Trunks, Section A3.3 of this tariff. Customers will receive a fixed dollar discount, as set forth in the following, .4 Rates and Charges. (T)

Access lines included in Individual Case Base (ICB) agreements are ineligible for the access line discount. Customers receiving ICB discounts on eligible access lines are eligible to subscribe and receive the benefits of all the other Corporate Rewards components. Customers in Tier 1 and Tier 5 do not qualify for the access line discounts. For customers subscribing to a two or three-year Corporate Rewards agreement, access line discounts will apply only to those access lines rated on the shortest term period available. Customers must convert their existing access lines to the shortest-term period available in order to be eligible for the access line discounts.

A13. MISCELLANEOUS SERVICE ARRANGEMENTS

A13.44 Corporate Rewards

.1 General Description

Corporate Rewards is a billing arrangement that provides business customers with an optional calling plan and various discounts consisting of the following components:

- a. Qualifying Usage - Uniform rates, as set forth in the following, .4 Rates and Charges, that do not vary by time of day or day of week apply to the following types of customer dialed direct station-to-station sent-paid:

(1.) IntraLata Toll voice and IntraLata Toll Circuit Switched Data.

(2.) In addition, a qualifying local access line additive, as set forth in Section b. following, will be included in determining the Corporate Rewards qualifying Tier.

- b. Volume Discount Rate – Applies to qualifying, monthly services based on aggregated qualifying revenue from all customer Billed Telephone Numbers (BTNs) subscribing to Corporate Rewards. The volume discount rate is automatically adjusted should a customer's qualifying revenue vary between Corporate Rewards tiers. The qualifying Corporate Rewards tier is determined by adding together the qualifying usage revenue with the qualifying local access line revenue. Qualifying usage revenue is based on rating usage at the Corporate Rewards base rate. Qualifying access line revenue is determined by multiplying the qualifying lines by the local access line additive, as set forth in Section .4 Rates and Charges following. A customer's usage must be within a maximum and a minimum qualifying usage threshold, as set forth in the following .4 Rates and Charges, in order to qualify for a volume discount rate.

- c. Centranet® Additive – The qualifying Corporate Rewards Tier for customers with CentraNet® lines is determined by adding together the qualifying usage revenue with the qualifying CentraNet® Additive revenue. Qualifying CentraNet® Additive revenue is determined by multiplying the qualifying CentraNet® lines by the CentraNet® line additive in .4 Rates and Charges.
