This filing, effective on March 11, 2008 begins the process of simplifying the basic rate structure for residential customers who subscribe to Residential Flat Rate Service. The existing five rate bands for residential flat rate service are collapsed to two rate bands and coincidentally, all ECS routes for residential customers are zero rated. Additionally, the price to restore residential service from vacation suspension is being decreased. This filing also proposes to eliminate ECS and \$.20 EAS for Business customers on the Fort Walton Beach to and from Baker, Crestview, DeFuniak Springs, Freeport and Seagrove Beach routes.

In summary, this filing increases rates for

Residence: Residential Flat Rate, SmallTalk, Rotary, Key Line, Rotary and Rotary Key Line, OEAS Option I, Toll-PAC, OELC Williston to Ocala\*. Certain Custom Calling Feature and Packages, Solutions Packages, including some obsolete packages, selected Centrex services including some obsolete services, Talking Call Waiting, Two Point Message Telecommunications Service, Billed Number Screening Options B and C, and Blocking Services

Business: Message Rate Trunks, Toll-PAC, selected Centrex services including some obsolete services, Talking Call Waiting certain Custom Calling Feature Packages, Two Point Message Telecommunications Service, Billed Number Screening Options B and C, Blocking Services, certain Private Line Services, Link Services, Translink Service, DigiLink Service, SwitchLink Plus, ISDN-BRI Optional Features, Enhanced Frame Relay Service including some obsolete Frame Relay Service, Telephone Answering Service, Advantage Service and Local Data Transmission - first mile rate.

This filing also decreases rates for the following: Residence Vacation Service Restore Charge, Residential Flat Rate, Rotary and Small Talk for Useppa Island, Sanibel-Captiva Islands and North Captiva Island, Residence Signal Ring II, Residence Call Forward Package and Business Blocking Service for PBX Trunks.

Attached is a summary of the Price Cap changes.

Commission consideration and timely approval of these pages are respectfully requested. If you have questions or need additional information regarding this filing, please call Sandy Khazraee at 850-847-0173.

Sincerely,

Mary L. Matthews

Director

SECTION A3  
Third Revised Sheet 1.1  
Cancelling Second Revised Sheet 1.1  
Effective: March 11, 2008

BASIC LOCAL EXCHANGE SERVICE

A. GENERAL (Cont'd)

5. Definitions

- a. EAS - Extended Area Service - Telephone service provided under tariff whereby subscribers of a given exchange may complete calls to and receive calls from one or more exchanges without incurring toll charges. See C.1. for a complete explanation of this service.
  - b. \$.20 EAS (Central Telephone exchanges only) - A type of Extended Area Service where calls from the referenced exchange to any exchange listed will be charged at \$.20 per completed call of unlimited duration for residence; and \$.20 per call up to a total of 60 minutes per message with usage exceeding the 60 minutes being charged for at the long distance message rates shown in A18 for business. See C.2. for a complete explanation of this service.
  - c. ECS - Extended Calling Scope - A type of extended local calling developed by the Commission, which provides an alternative to toll message rates on routes between specified exchanges **for business customers**. Consists of three plans: (C)
    - Plan A: All **business calls** are rated at \$.25 per call for unlimited duration. (C)
    - Plan B: All **business** calls are rated at \$.10 for the first minute and \$.06 for each additional minute. (C)
    - Plan C: All **business calls** are rated on a usage-sensitive basis of \$.10 for the first minute of use and \$.06 for each additional minute of use. (C)
- See C.3. for a complete explanation of this service.

BASIC LOCAL EXCHANGE SERVICE

C. DIALING PLANS

3. ECS - Extended Calling Scope

Also called Message Rate Plan, this plan was instituted in Docket No. 891239-TL, Order No. 24595, and established a \$.25\* per call message rate plan for exchanges with rate centers within a 1-10 mileage band of each other. The plan may also be established for exchanges with rate centers over 11 miles, with the approval of the Florida Public Service Commission.

Each call between the designated exchanges listed under Plan A will be charged for at a flat rate of \$.25 per call of unlimited duration. Such calls will be dialed as seven-digit local calls where the involved exchanges are in the same NPA. Where the exchanges are in different NPA's, the plan may be implemented on a 10 digit basis due to NXX code conflicts. This rate is applicable to **business** customers.

(C)

Plan A includes calls dialed or placed through an operator from all single party access lines, rotary lines, Centrex lines, PBX **trunks**, and pay telephone lines. Plan A calls placed **from message**-rated PBX trunks will be assessed \$.25 per **call**. **Calls** placed as landline-to-mobile will be billed at \$.25 per **call**. **Operator** assisted local call charges are applicable to plan calls placed through an operator.

(C)

|

(C)

Plan B routes include **calls dialed** and placed from business access lines, business rotary, business Centrex, pay telephones and business PBX **and** will be billed at \$.10 for the first minute and \$.06 for each additional minute of use. Calls placed as landline-to-mobile will be billed **at \$.10/.06** per minute for business **services**. **Operator** assisted local call charges are applicable to plan calls placed through an operator.

Fourth Revised Sheet 25  
Cancelling Third Revised Sheet 25  
Effective: March 11, 2008

BASIC LOCAL EXCHANGE SERVICE

C. DIALING PLANS

3. ECS - Extended Calling Scope (Cont'd)

Plan C routes include one-way interLATA calls dialed and placed from all single party access lines, rotary lines, Centrex lines, PBX **trunks and** pay telephone lines to be billed on a usage-sensitive rate of \$.10 for the first minute of use and \$.06 for each additional minute of use. Calls placed as landline-to-mobile will be billed on a usage-sensitive rate of \$.10 for the first minute of use and \$.06 for each additional minute of use. Operator assisted local call charges are applicable to plan calls placed through an operator. (C)

PATS phones utilizing the B-1 rate option will be assessed normal PATS usage charges on calls placed over ECS routes for Plan A, Plan B and Plan C.

Calls between ECS route exchanges will be considered local and will be charged for under the appropriate ECS plan rate.

4. TOLL-PAC

- a. TOLL-PAC (Toll-Personalized Area Calling) is a one-way calling plan which allows a subscriber the option of placing toll calls to nearby communities with a discount of 30% applied to the direct dial rate as appropriate for the period in which the call was made. This service is an alternative to the toll rates which would normally apply for such calls.

e. Rates

- 2) The Company will waive the Secondary Service Ordering Charge for exchange subscribers for a period of thirty (30) days following notification to customers that the TOLL-PAC plan will be implemented within their exchange as ordered by the Florida Public Service Commission. In addition, if also ordered by the Commission, the Secondary Service Ordering Charge will be waived for a second period of thirty (30) days after customers who could benefit from the plan have been identified and notified as to their potential savings with TOLL-PAC. Such benefiting customers will be identified through studies conducted by the Company of the preceding six (6) month toll calling habits.
- 3) Minimum monthly rates, as indicated, will apply for point-to-point or for each point to multi-point service.

6. OEAS Optional Extended Area Service

- a. OEAS is a one-way optional calling plan offered by the company to subscribers in the exchanges specified in this section. OEAS provides alternative billing for direct distance dialed (DDD) calls to an exchange beyond the subscriber's local calling area but within the same LATA.

A customer with multiple access lines, subscribing to OEAS, will be billed a monthly minimum charge for each access line.

- b. Options I, III and IV of the OEAS plan are available only to subscribers with residential access lines. Option II is available to both residential and business access line services.
- c. OEAS is not offered in conjunction with FX service, pay telephone service, Shared Tenant Services, guest and patient lines which terminate in hotels, motels, nursing homes or hospitals, nor any other form of resold service.
- d. OEAS does not include calls to other exchanges which are considered within the local calling scope of the additive exchange.

H. SIGNALRING

1. General

- a. SignalRing service will enable a subscriber to have up to three telephone numbers associated with a single access line. Subscribers to this service will be able to receive calls dialed to two or three separate telephone numbers without having a second or third line.
- b. A distinctive ringing pattern will be provided for each of the additional telephone numbers to facilitate identification of incoming calls.

I. REMOTE CALL FORWARDING (RCF)

1. General

- a. Remote Call Forwarding (RCF) is a service whereby a call placed from an originating number (Calling Party) to a customer's Remote Call Forwarding (RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another telephone number (the terminating number) designated by the RCF customer.

2. Regulations

- a. RCF service is offered only from suitably equipped central offices and is subject to the availability of facilities.
- b. Each RCF service allows for forwarding one call at a given time. A subsequent RCF service or path is necessary for each additional call to be forwarded simultaneously.
- c. RCF service will be provided on the condition that the customer subscribes to sufficient facilities to adequately handle calls without interfering with or impairing any services offered by the Company.
- d. When the RCF number is to be located in a multi-office exchange, the Company will determine the serving office.
- e. Customers are prohibited from using Remote Call Forwarding for the purpose of bypassing toll service (e.g. Long Distance Message Telecommunications Service and/or Extended Calling Service (ECS) Routes).
- f. Transmission characteristics may vary depending on the distance and routing necessary to complete the forwarded call.
- g. RCF service is not represented as suitable for satisfactory transmission of data.
- h. RCF service is not offered when the terminating number for a forwarded call is a Pay Telephone access line service.

MISCELLANEOUS SERVICE ARRANGEMENTS

Z. TALKING CALL WAITING

1. General

- a. Talking Call Waiting allows customers to know who is calling while they are on the telephone with another party. Talking Call Waiting enhances Call Waiting by allowing the customer to hear who is calling after hearing the call waiting tone while the customer is on the line. Any and all names will be voiced to the subscriber. This includes "private" or "unavailable" to be voiced in the appropriate situation. Talking Call Waiting Service subscribers will hear both a call waiting tone plus the name of the calling party on an incoming call. The customer then presses the switch hook or flash button to place the current call on hold and talk to the call waiting party.

2. Terms and Conditions

- a. Talking Call Waiting is provided subject to availability of facilities.
- b. Talking Call Waiting is available on a monthly subscription basis. This service requires no additional adjunct or telephone display equipment.
- c. Talking Call Waiting is available to single-line business and residence customers.
- d. Talking Call Waiting is not offered in conjunction with Centrex, DID, PBX, ISDN, Pay Telephone Service or Coin Line Service.
- e. A Call Waiting Custom Calling Feature, including but not limited to, Call Waiting Service, Enhanced Call Waiting, Call Waiting Options or any package containing the Call Waiting feature, is required in order to subscribe to Talking Call Waiting Service.

3. Rates and Charges

- a. Service charges and monthly rates for exchange access lines and other services with which this service is associated apply, as appropriate.

Monthly Rate

Per Residence Line	<b>\$10.00</b>	(l)
Per Business Line	<b>\$10.00</b>	(l)

- b. Talking Call Waiting is available as an add-on to Package 5, Package 7, Ideal Solution, Sure Solution II, Home II Solution and Progressive Plan. The monthly recurring charge is **\$5.00** for Residence or Business. (l)

f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

Administrative Charge (Nonrecurring) \$50.00

<sup>(1)</sup> When the customer also subscribes to the Company's non-regulated Dedicated IP Service, the PVC nonrecurring charge will not apply.

PRIVATE LINE SERVICE AND CHANNELS

E. PRIVATE LINE SERVICE (Central Telephone exchanges only)

3. DigiLink Service (Digital Data)

These rates are applicable to Interexchange Private Line Service. Rate increases or decreases will automatically be applied to the term plan rates for the remaining term of the plan. If a Company initiated rate increase causes a customer's rates to exceed 110% of the original contract rates, the customer may cancel the TDP without incurring termination liability charges.

4) Automatic Loop Transfer

The Automatic Loop Transfer provides protection on a IXN basis against failure of the facilities between a customer's designated premises and the wire center serving that premises. Protection is furnished through the use of a switching arrangement that automatically switched to a spare channel line when a working line fails. The spare channel is not included as a part of the option. This option requires compatible equipment at both the serving wire center and the customer premises. The customer is responsible for providing the equipment at its premises. Equipment at the customer premises will be provided under tariff only if it existed in the Company inventory as of November 18, 1983. An additional Local Channel charge will apply whenever the spare line is provided as a leg to the customer premises.

DATA TRANSPORT SERVICE

B. SWITCHLINK PLUS (Cont'd)

1. General (Cont'd)

- d. The Remote Access Line feature of the SwitchLink Service is available to subscribers of SwitchLink Plus at the rates specified in Section A29 of this tariff.
- e. SwitchLink Plus access lines are not voice functional.

2. Regulations

- a. SwitchLink Plus requires a data-conditioned local loop from the serving central office to the subscriber's premises. The local loop is limited to the transport of digital information only. The service may not be used for analog transmissions.
- b. Compatible data units must be utilized at the originating and terminating ends of the transmission to transmit and receive the data at the 56 Kbps speed. The same data unit may be used for either SwitchLink or SwitchLink Plus. The subscriber is responsible for obtaining and maintaining the data unit.
- c. If the data is to be transmitted over interexchange facilities, the carrier chosen by the subscriber must be capable of passing high speed data end-to-end over a digital network. If the requirements in b. and c. are not met, the information will not be transmitted correctly.

3. Rates and Charges

- a. Local usage rates are billed for outward local and EAS calling only. Long distance rates will apply to calls beyond the local calling area.

b. SwitchLink Plus Rates

### BASIC LOCAL EXCHANGE SERVICE

#### A. GENERAL (Cont'd)

##### 5. Definitions

- a. EAS - Extended Area Service - Telephone service provided under tariff whereby subscribers of a given exchange may complete calls to and receive calls from one or more exchanges without incurring toll charges. See C.1. for a complete explanation of this service.
- b. \$.20 EAS (Central Telephone exchanges only) - A type of Extended Area Service where calls from the referenced exchange to any exchange listed will be charged at \$.20 per completed call of unlimited duration for residence; and \$.20 per call up to a total of 60 minutes per message with usage exceeding the 60 minutes being charged for at the long distance message rates shown in A18 for business. See C.2. for a complete explanation of this service.
- c. ECS - Extended Calling Scope - A type of extended local calling developed by the Commission, which provides an alternative to toll message rates on routes between specified exchanges for business customers. Consists of three plans:

Plan A: All business calls, ~~residence and business~~, are rated at \$.25 per call for unlimited duration.

Plan B: All ~~residence calls are rated at \$.25 per call of unlimited duration, and~~ business calls are rated at \$.10 for the first minute and \$.06 for each additional minute.

Plan C: All ~~calls, residence and~~ business calls are rated on a usage-sensitive basis of \$.10 for the first minute of use and \$.06 for each additional minute of use.

See C.3. for a complete explanation of this service.

BASIC LOCAL EXCHANGE SERVICE

C. DIALING PLANS

1. EAS - Extended Area Service

Telephone service which is provided under tariff whereby subscribers of a given exchange may complete and receive calls from one or more exchanges without the application of long distance message telecommunications charges.

2. \$.20 EAS

a. Calls from the referenced exchange to any exchange listed, but not shown in the corresponding local calling area, will be charged at the following rates:

~~1) Residence Service: \$ .20 per completed call,\* unlimited duration~~

~~2~~ 1) Business Service: \$.20 per completed call up to a total of 60 minutes per message. Usage exceeding the sixty minutes per message limit will be charged for on a usage basis at the long distance message rates shown in A18.

b. For calls from the Tallahassee exchange to the Chattahoochee exchange, see note on Sheet 14 of this section.

~~\* Residential customer calls under this plan will be based on an allowance of five (5) calls for all applicable routes in the aggregate. This allowance applies on a per account basis per month.~~

Cancelling ~~Fourth~~ ~~Third~~ Revised Sheet 24  
Effective: March 11, 2008 ~~November 1, 2005~~

BASIC LOCAL EXCHANGE SERVICE

C. DIALING PLANS

3. ECS - Extended Calling Scope

Also called Message Rate Plan, this plan was instituted in Docket No. 891239-TL, Order No. 24595, and established a \$.25\* per call message rate plan for exchanges with rate centers within a 1-10 mileage band of each other. The plan may also be established for exchanges with rate centers over 11 miles, with the approval of the Florida Public Service Commission.

Each call between the designated exchanges listed under Plan A will be charged for at a flat rate of \$.25 per call of unlimited duration. Such calls will be dialed as seven-digit local calls where the involved exchanges are in the same NPA. Where the exchanges are in different NPA's, the plan may be implemented on a 10 digit basis due to NXX code conflicts. This rate is applicable to ~~both residential and~~ business customers.

Plan A includes calls dialed or placed through an operator from all single party access lines, rotary lines, Centrex lines, PBX trunks, ~~SmallTalk access lines~~ and pay telephone lines. Plan A calls placed from ~~SmallTalk access lines~~ and message-rated PBX trunks will be assessed \$.25 per call. ~~such calls are not included in call allowances.~~ Calls placed as landline-to-mobile will be billed at \$.25 per call. ~~unless the mobile carrier subscribes to the landline-to-mobile reverse billing option in Section A25, G. Of this tariff.~~ Operator assisted local call charges are applicable to plan calls placed through an operator.

Plan B routes include ~~calls dialed and placed from all residential access lines, residential rotary, residential Centrex, SmallTalk and residential PBX to be billed at a flat rate of \$.25 per call\* regardless of duration.~~ Calls dialed and placed from business access lines, business rotary, business Centrex, pay telephones and business PBX and will be billed at \$.10 for the first minute and \$.06 for each additional minute of use. Calls placed as landline-to-mobile will be billed at either ~~\$.25\* per call for residential services or \$.10/.06 per minute for business services. unless the mobile carrier subscribes to the landline-to-mobile reverse billing option in Section A25 I. of this tariff.~~ Operator assisted local call charges are applicable to plan calls placed through an operator.

\* ~~Residential customer calls under this plan will be based on an allowance of five (5) calls for all applicable routes in the aggregate. This allowance applies on a per account basis per month.~~

Cancelling ~~Third~~ Second Revised Sheet 25  
Effective: March 11, 2008 ~~April 17, 2008~~

### BASIC LOCAL EXCHANGE SERVICE

#### C. DIALING PLANS

##### 3. ECS - Extended Calling Scope (Cont'd)

Plan C routes include one-way interLATA calls dialed and placed from all single party access lines, rotary lines, Centrex lines, PBX trunks, ~~SmallTalk access lines~~ and pay telephone lines to be billed on a usage-sensitive rate of \$.10 for the first minute of use and \$.06 for each additional minute of use. Calls placed as landline-to-mobile will be billed on a usage-sensitive rate of \$.10 for the first minute of use and \$.06 for each additional minute of use. Operator assisted local call charges are applicable to plan calls placed through an operator.

PATS phones utilizing the B-1 rate option will be assessed normal PATS usage charges on calls placed over ECS routes for Plan A, Plan B and Plan C.

Calls between ECS route exchanges will be considered local and will be charged for under the appropriate ECS plan rate.

##### 4. TOLL-PAC

- a. TOLL-PAC (Toll-Personalized Area Calling) is a one-way calling plan which allows a subscriber the option of placing toll calls to nearby communities with a discount of 30% applied to the direct dial rate as appropriate for the period in which the call was made. This service is an alternative to the toll rates which would normally apply for such calls.

e. Rates

- 2) The Company will waive the Secondary Service Ordering Charge for exchange subscribers for a period of thirty (30) days following notification to customers that the TOLL-PAC plan will be implemented within their exchange as ordered by the Florida Public Service Commission. In addition, if also ordered by the Commission, the Secondary Service Ordering Charge will be waived for a second period of thirty (30) days after customers who could benefit from the plan have been identified and notified as to their potential savings with TOLL-PAC. Such benefiting customers will be identified through studies conducted by the Company of the preceding six (6) month toll calling habits.
- 3) Minimum monthly rates, as indicated, will apply for point-to-point or for each point to multi-point service.

6. OEAS Optional Extended Area Service

- a. OEAS is a one-way optional calling plan offered by the company to subscribers in the exchanges specified in this section. OEAS provides alternative billing for direct distance dialed (DDD) calls to an exchange beyond the subscriber's local calling area but within the same LATA.

A customer with multiple access lines, subscribing to OEAS, will be billed a monthly minimum charge for each access line.

- b. Options I, III and IV of the OEAS plan are available only to subscribers with residential access lines. Option II is available to both residential and business access line services.
- c. OEAS is not offered in conjunction with FX service, pay telephone service, Shared Tenant Services, guest and patient lines which terminate in hotels, motels, nursing homes or hospitals, nor any other form of resold service.
- d. OEAS does not include calls to other exchanges which are considered within the local calling scope of the additive exchange.

SERVICE CHARGES

B. DEFINITIONS/APPLICATION OF CHARGES (Cont'd)

4. Premises Work Charge Includes work performed on the customer's premises other than work required to establish network access.
  - a. The premises work charge applies to work performed on the customer premises for customer requested rearrangement of the drop wire, protector and/or TNI.
5. Record Change Charge The charge appropriate for adding or changing directory listings at the customer's request.
  - a. The record change charge applies for changing listings at the customer's request. It does not apply for corrections of name or address or for listings changed for Company reasons.
6. Restore Service The charge applicable to restoration of service following a temporary suspension of service. The suspension of service may be at the customer's request for Vacation Service or for nonpayment of charges.
  - a. In the event service is temporarily suspended ~~at the subscriber's request~~ for Vacation Service, such service will be restored at the charges listed following.
  - b. In the event service is temporarily interrupted for nonpayment, such service will be restored upon payment of charges due or, at the discretion of the Company, a substantial portion thereof, and the Restore Service charges will be applicable.

I. REMOTE CALL FORWARDING (RCF)

1. General

a. Remote Call Forwarding (RCF) is a service whereby a call placed from an originating number (Calling Party) to a customer's Remote Call Forwarding (RCF customer) telephone number (the call forwarding location) is automatically forwarded by Company central office equipment to another telephone number (the terminating number) designated by the RCF customer.

2. Regulations

- a. RCF service is offered only from suitably equipped central offices and is subject to the availability of facilities.
- b. Each RCF service allows for forwarding one call at a given time. A subsequent RCF service or path is necessary for each additional call to be forwarded simultaneously.
- c. RCF service will be provided on the condition that the customer subscribes to sufficient facilities to adequately handle calls without interfering with or impairing any services offered by the Company.
- d. When the RCF number is to be located in a multi-office exchange, the Company will determine the serving office.
- e. Customers are prohibited from using Remote Call Forwarding for the purpose of bypassing toll service (e.g. Long Distance Message Telecommunications Service and/or Extended Calling Service (ECS) Routes).
- f. Transmission characteristics may vary depending on the distance and routing necessary to complete the forwarded call.
- g. RCF service is not represented as suitable for satisfactory transmission of data.
- h. RCF service is not offered when the terminating number for a forwarded call is a Pay Telephone access line service.

4. Call Aggregator Screening Services: Central Office Blocking with Operator Screening - Central Telephone Exchanges Only (Cont'd)

b. Blocking/Screening Options (Cont'd)

- 7) Option G - Two-Way Service. Provides central office blocking of 976, 1+DDD, 1+900 calls and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.
- 8) Option H<sup>1</sup> - Outward Only Service. Provides central office blocking of 976, 1+DDD, 1+900, and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.

c. Rates

<u>Option</u>	<u>Monthly Rate</u>
1) Option C	<del>3.50</del> <u>4.00</u>
2) Option C1	<del>3.50</del> <u>4.00</u>
3) Option D	<del>3.50</del> <u>4.00</u>
4) Option D1	<del>3.50</del> <u>4.00</u>
5) Option E	<del>3.50</del> <u>4.00</u>
6) Option F	<del>3.50</del> <u>4.00</u>
7) Option G	<del>3.50</del> <u>4.00</u>
8) Option H	<del>3.50</del> <u>4.00</u>

d. Limitations/Requirements

- 1) Billed Number Screening (BNS) service as provided in Section A13.L. of this tariff is a mandatory service feature for central office blocking with Operator Screening Service - all options.
- 2) Operator Screening is provided for intraLATA calling through Company operators. Screening for interLATA calling is the responsibility of the interLATA carriers who choose to acknowledge the network screening signals passed to them by the Company.

Note 1: Options D, F, and H may only be provided for placement in correctional institutions, schools, hospitals, and other locations for which the Public Service Commission may grant a specific exemption.

MISCELLANEOUS SERVICE ARRANGEMENTS

Z. TALKING CALL WAITING

1. General

a. Talking Call Waiting allows customers to know who is calling while they are on the telephone with another party. Talking Call Waiting enhances Call Waiting by allowing the customer to hear who is calling after hearing the call waiting tone while the customer is on the line. Any and all names will be voiced to the subscriber. This includes "private" or "unavailable" to be voiced in the appropriate situation. Talking Call Waiting Service subscribers will hear both a call waiting tone plus the name of the calling party on an incoming call. The customer then presses the switch hook or flash button to place the current call on hold and talk to the call waiting party.

2. Terms and Conditions

- a. Talking Call Waiting is provided subject to availability of facilities.
- b. Talking Call Waiting is available on a monthly subscription basis. This service requires no additional adjunct or telephone display equipment.
- c. Talking Call Waiting is available to single-line business and residence customers.
- d. Talking Call Waiting is not offered in conjunction with Centrex, DID, PBX, ISDN, Pay Telephone Service or Coin Line Service.
- e. A Call Waiting Custom Calling Feature, including but not limited to, Call Waiting Service, Enhanced Call Waiting, Call Waiting Options or any package containing the Call Waiting feature, is required in order to subscribe to Talking Call Waiting Service.

3. Rates and Charges

a. Service charges and monthly rates for exchange access lines and other services with which this service is associated apply, as appropriate.

Monthly Rate

Per Residence Line	<del>\$2.95</del> <u>10.00</u>
Per Business Line	<del>\$2.95</del> <u>10.00</u>

b. Talking Call Waiting is available as an add-on to Package 5, Package 7, Ideal Solution, Sure Solution II, Home II Solution and Progressive Plan. The monthly recurring charge is ~~\$2.00~~ 5.00 for Residence or Business.

- f. An administrative charge will be applied, in addition to the applicable charges associated with Service Connection Charges, as specified in Section 18 of this tariff, when a change is made to a customer's frame relay configuration (including changes to an existing group's addressing or changes in bandwidth), at the customer's request. Such changes are defined as those rearrangements necessary to add, delete or rearrange the customer's configuration and changes of CIR on a PVC. The administrative charge applies to changes in a customer's network associated with PVCs. Only one administrative charge applies per customer request.

Administrative Charge (Nonrecurring) \$50.00

<sup>(1)</sup> When the customer also subscribes to the Company's non-regulated Dedicated IP Service, the PVC nonrecurring charge will not apply.

4) Automatic Loop Transfer

The Automatic Loop Transfer provides protection on a IXN basis against failure of the facilities between a customer's designated premises and the wire center serving that premises. Protection is furnished through the use of a switching arrangement that automatically switched to a spare channel line when a working line fails. The spare channel is not included as a part of the option. This option requires compatible equipment at both the serving wire center and the customer premises. The customer is responsible for providing the equipment at its premises. Equipment at the customer premises will be provided under tariff only if it existed in the Company inventory as of November 18, 1983. An additional Local Channel charge will apply whenever the spare line is provided as a leg to the customer premises.

FEDERAL AND STATE AGENCIES  
(CENTRAL TELEPHONE EXCHANGES ONLY)

B. RATES AND CHARGES (Cont'd)

1. Rates and Charges (Central Telephone Exchanges Only) (Cont'd)

b. Digital Centrex Service Line Rates (Central Telephone Exchanges Only)

<u>No. Lines</u>	<u>Monthly Rate*</u>	
	<u>Per Premises Location</u>	
	<u>Per Customer Group</u>	
26-50	<del>\$22.01</del>	<u>24.21</u>
51-100	<del>24.00</del>	<u>26.40</u>
101-150	<del>24.00</del>	<u>26.40</u>
151-200	<del>24.00</del>	<u>26.40</u>
201-250	<del>22.00</del>	<u>24.20</u>
251-300	<del>22.00</del>	<u>24.20</u>
301-500	<del>22.00</del>	<u>24.20</u>
501-1,000	<del>20.00</del>	<u>22.00</u>
1,001-2,000	<del>20.00</del>	<u>22.00</u>
2,001 and up	<del>20.00</del>	<u>22.00</u>

\* The tiered rates will be applied on a per customer, per premises, per customer group basis with the applicable rate per line equal to the total number of lines subscribed to. Example: If a customer has 156 Digital Centrex lines and all 156 lines terminate at the same premises and are with the same Digital Centrex customer group, "ALL" 156 lines will be billed at \$20.01. However, if a customer has services at the same premises, but the Digital Centrex lines are terminated in multiple Digital Centrex customer groups, then the Digital Centrex lines will be rated independently based on the total number of lines terminating in each Digital Centrex customer group.

OBSOLETE SERVICE OFFERING

DATA TRANSPORT SERVICE

B. SWITCHLINK PLUS (Cont'd)

1. General (Cont'd)

- d. The Remote Access Line feature of the SwitchLink Service is available to subscribers of SwitchLink Plus at the rates specified in Section A29 of this tariff.
- e. SwitchLink Plus access lines are not voice functional.

2. Regulations

- a. SwitchLink Plus requires a data-conditioned local loop from the serving central office to the subscriber's premises. The local loop is limited to the transport of digital information only. The service may not be used for analog transmissions.
- b. Compatible data units must be utilized at the originating and terminating ends of the transmission to transmit and receive the data at the 56 Kbps speed. The same data unit may be used for either SwitchLink or SwitchLink Plus. The subscriber is responsible for obtaining and maintaining the data unit.
- c. If the data is to be transmitted over interexchange facilities, the carrier chosen by the subscriber must be capable of passing high speed data end-to-end over a digital network. If the requirements in b. and c. are not met, the information will not be transmitted correctly.

3. Rates and Charges

- a. Local usage rates are billed for outward local and EAS calling only. Long distance rates will apply to calls beyond the local calling area.

b. SwitchLink Plus Rates

	<u>Nonrecurring Charges</u>	<u>Monthly Rates</u>
1) Basic service, per line	\$150.00	<del>\$50.00</del> <u>58.00</u>
2) Local Usage
