RULES AND REGULATIONS (Continued)

14. Reconnection of Service

When service shall have been discontinued for any of the reasons set forth in these Rules and Regulations, Company shall not be required to restore service until the following conditions have been met by Customer:

A. Where service was discontinued without notice,

- (1) the dangerous condition shall be removed and, if the Customer had been warned of the condition a reasonable time before the discontinuance and had failed to remove the dangerous condition, a reconnection fee of fifteen seventeen dollars ~~(\$15.00)~~ (\$17.00) shall be paid.
- (2) all bills for service due Company by reason of fraudulent use or tampering shall be paid, a deposit to guarantee the payment of future bills shall be made, and a reconnection charge of fifteen seventeen dollars ~~(\$15.00)~~ (\$17.00) shall be paid.
- (3) if reconnection is requested on the same premises after discontinuance, a reconnection fee of fifteen seventeen dollars ~~(\$15.00)~~ (\$17.00) shall be paid.

B. Where service was discontinued with notice,

- (1) satisfactory arrangements for the payment of all bills for service then due shall be made and a reconnection fee of fifteen twenty-five dollars ~~(\$15.00)~~ (\$25.00) shall be paid.
- (2) a satisfactory arrangement for the payment of all bills then due under a different name shall be made and a reconnection fee of fifteen twenty-five dollars ~~(\$15.00)~~ (\$25.00) shall be paid.
- (3) a satisfactory guarantee of payment for all future bills shall be furnished and a reconnection fee of fifteen twenty-five dollars ~~(\$15.00)~~ (\$25.00) shall be paid.
- (4) the violation of these Rules and Regulations shall be corrected and a reconnection fee of fifteen seventeen dollars ~~(\$15.00)~~ (\$17.00) shall be paid.

RULES AND REGULATIONS (Continued)

18. Service Charges

~~There shall be a charge of fifteen dollars (\$15.00) to have service turned on under any of the Company's rate schedules.~~

~~There shall be a charge of five dollars (\$5.00) to change the name of any account to which service is being currently rendered under any of the Company's rate schedules.~~

| | |
|---|---------|
| A. Initial Establishment of Service | \$21.00 |
| B. Reconnection after Disconnection | \$17.00 |
| C. Change of Account (Read Meter Only) | \$ 8.00 |
| D. Reconnection After Disconnection for Non-Pay | \$25.00 |
| E. Bill Collection in Lieu of Disconnection for Non-Pay | \$ 7.00 |

A service charge of \$10.00 ~~\$15.00~~ or 5% of the amount of the check, whichever is greater, shall be added to the customer's bill for gas service for each check dishonored by the bank upon which it is drawn. Termination of service shall not be made for failure to pay the returned check charge.

19. Measuring Customer Service

(1) All gas sold to customer shall be measured by commercially acceptable measuring devices owned and maintained by the Company, except where it is impractical to meter loads, such as street lighting, temporary or special installations, in which case the consumption may be calculated, or billed on a rate or as provided in Company's filed tariff.

(2)
(a) Individual gas metering by Company shall be required for each separate occupancy unit of new commercial establishments, residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and recreational vehicle parks for which construction is commenced after January 1, 1987. This requirement shall apply whether or not the facility is engaged in a time-sharing plan. Individual meters shall not, however, be required.

1. In those portions of a commercial establishment where the floor space dimensions or physical configuration of the units are subject to alteration, as evidenced by non-structural element partition walls, unless Company determines that adequate provisions can be made to modify the metering to accurately reflect such alterations;
 2. For gas used in central heating, central water heating, ventilating and air conditioning systems, or gas back up service to storage heating and cooling systems;

LARGE VOLUME TRANSPORTATION SERVICE

Availability

Available within the area served with gas by the Company.

Applicability

Applicable to any new or existing Customer that qualifies for service under the Company's rate schedule LVS and has title to gas that is made available for transportation service through the Company's distribution systems.

Limitations of Service

The Customer's minimum transportation quantity through the Company's facilities must not be less than 15,000 therms per month to each of the Customer's meter location(s).

All gas transported through the Company's facilities must comply with minimum quality specification set forth in the General Terms and Conditions section within Florida Gas Transmission Company's natural gas tariff.

This transportation service is for natural gas transported through Florida Public Utilities Company's facilities only. The Customer under this rate is solely responsible for all costs related to purchasing and transporting the natural gas supply to Florida Public Utilities Company's gate station(s).

The Company shall determine if its existing delivery capacity and facilities are adequate to supply this transportation service. The Company will not be obligated to expand or construct new facilities for this service.

The Customer is required to provide, or cause to provide, to the Company a copy of the transporter's monthly invoice showing the thermal quantity of the gas delivered during the month to the Company for the Customer's account as soon as such invoice is available to allow for billing by the Company. Absent receipt of such invoice the Company reserves the right to estimate the quantity of gas transported for billing purposes. Such estimate shall be made on the basis of available data, and any reconciliation to actual quantities delivered shall be made in the subsequent billing month.

LARGE VOLUME TRANSPORTATION SERVICE

Character of Service

The Customer will receive a quantity of gas equal to the quantity of gas delivered to the Company's gate station less shrinkage. All gas transported less shrinkage, through the Company's facilities to the Customer will be considered the first gas through the meter. Any additional gas received by the Customer will be billed at non-fuel Energy Charge rate listed within the LVS rate schedule.

The Customer is required to furnish to the Company prior to commencement of, or changes to, deliveries to the Company's gate stations, a nomination detailing natural gas volumes to be transported through the Company's facilities. The Company will determine the amount of lead time it requires for such nominations.

The Company will place all nominations with the Florida Gas Transmission Company. The Customer is solely responsible for contracting for the gas supply for which the Customer is requesting this transportation service.

The Customer is responsible for all costs associated with the purchase, installation and maintenance of electronic measurement and data communication devices required by the Company necessary to monitor the daily quantity of gas transported by the Company to that Customer. The Customer must make a voice grade telephone line available to the Company 24 hours per day as well as 110-115 volt A.C. power. The costs associated with the purchase, installation and maintenance of the telephone equipment and electrical supply will be the sole responsibility of the Customer.

RATE SCHEDULE ITS
INTERRUPTIBLE TRANSPORTATION SERVICE

Availability

Available within the area served with gas by the Company.

Applicability

Applicable to any new or existing Customer that qualifies for service under the Company's rate schedule IS and has title to gas that is made available for transportation service through the Company's distribution systems.

Limitations of Service

The Customer's minimum transportation quantity through the Company's facilities must not be less than 15,000 therms per month to each of the Customer's meter location(s).

All gas transported through the Company's facilities must comply with minimum quality specification set forth in the General Terms and Conditions section within Florida Gas Transmission Company's natural gas tariff.

This transportation service is for natural gas transported through Florida Public Utilities Company's facilities only. The Customer under this rate is solely responsible for all costs related to purchasing and transporting the natural gas supply to Florida Public Utilities Company's gate station(s).

The Company shall determine if its existing delivery capacity and facilities are adequate to supply this transportation service. The Company will not be obligated to expand or construct new facilities for this service.

The Customer is required to provide, or cause to provide, to the Company a copy of the transporter's monthly invoice showing the thermal quantity of the gas delivered during the month to the Company for the Customer's account as soon as such invoice is available to allow for billing by the Company. Absent receipt of such invoice the Company reserves the right to estimate the quantity of gas transported for billing purposes. Such estimate shall be made on the basis of available data, and any reconciliation to actual quantities delivered shall be made in the subsequent billing month.

Character of Service

All gas transported shall be subject to interruption in whole or in part at the sole discretion of the Company upon notice by telephone or otherwise except in force majeure conditions.

The Company, at its sole discretion, may use the Customer's gas supply during a period of transportation interruption. The Company will replace such natural gas quantities used by the Company with equal quantities of natural gas as soon as it is operationally practicable after the interruption ceases.

The Customer will receive a quantity of gas equal to the quantity of gas delivered to the Company's gate station less shrinkage. All gas transported less shrinkage, through the Company's facilities to the Customer will be considered the first gas through the meter. Any additional gas received by the Customer will be billed at non-fuel Energy Charge rate listed within the IS rate schedule.

The Customer is required to furnish to the Company prior to commencement of, or changes to, deliveries to the Company's gate stations, a nomination detailing natural gas volumes to be transported through the Company's facilities. The Company will determine the amount of lead time it requires for such nominations.

The Company will place all nominations with the Florida Gas Transmission Company. The Customer is solely responsible for contracting for the gas supply for which the Customer is requesting this transportation service.

The minimum bill for each month shall be the Customer Charge plus the
billing at the above Energy Charge and Transportation Charge for a quantity of gas
transported equal to the product of the minimum daily transportation quantity
specified in the contract for such month multiplied by the number of days in such
month that this transportation service was available from the Company. In the
event Company is unable on any day or days to transport the quantity of gas
designated as the Minimum Daily Transportation Quantity, Customer's minimum
transportation obligation with respect to such day or days shall be the actual
quantity of gas transported by the Company on such day or days.

If, in any month, the quantity of gas transported hereunder by the
Customer should be less than the applicable minimum transportation obligation
specified in the contract and as a consequence the Customer is required to pay for
transportation services not utilized, then and in that event the Customer shall be
entitled to receive transportation service from the Company for like quantities
without further transportation charges at any time within the remaining months of
the contract year by transporting gas in such months in excess of the minimum
transportation obligation; but there shall be no carry over from one contract year
