the southern electric system

September 21, 1990

Mr. Steve Tribble, Director
Division of Records and Reporting
Florida Public Service Commission
101 East Gaines Street
Tallahassee FL 32399-0870

Dear Mr. Tribble:

RE: ~~Subject No. 891345-21~~

Enclosed are fifteen copies of Ninth Revised Tariff Sheet No. 7.16 canceling the Eighth Revised Tariff Sheet No. 7.16 submitted pursuant to the decision of the Commission at the Agenda Conference on August 14, 1990. This sheet was inadvertently omitted from the transmittal dated September 10, 1990. Upon approval, please return two approved tariff sheets to my attention.

The Undersigned requests Gulf Power Company to furnish the facilities described above and the necessary electric energy for the operation thereof and hereby agrees to take and pay for the same in accordance with and subject to the Company's Rate Schedule "OS (PART II)" and Rule and Regulations for Electric Service on file in its office and on file with the Florida Public Service Commission or any changes therein as approved by the Florida Public Service Commission. In consideration of the supplying and maintenance of said electric current and facilities the Undersigned hereby grants to Gulf Power Company, the right to construct, operate, and maintain upon, over, under, and across the premises located at the above service address its poles, lines, facilities, and appliances necessary in connection therewith for the transmission of electric power together with the rights of ingress and egress to and from said lines and the right to cut and keep clear all trees and other obstructions that may injure or endanger said lines. All fixtures, equipment and material used in the construction, operation, and maintenance of said facilities shall remain at all times the property of Gulf Power Company. The contract term as provided by Rate Schedule "OS (PART II)" shall be for an initial period of three (3) years if any high pressure sodium vapor (non-residential) lighting is installed and two (2) years if any high pressure sodium vapor (residential) lighting is installed, unless additional facilities required by the Company require a longer term. At the time Gulf Power Company begins to install any facilities applied for herein, this application becomes a contract for a term of _____ years and thereafter from year to year until terminated by three (3) months' written notice by either party to the other. Any damage done by vandalism shall be repaired upon the request of and at the expense of the Undersigned. The location of said facilities shall be as specified by the Undersigned and the Company shall be held harmless in connection therewith or the use thereof. Should the undersigned discontinue this service before the expiration of the full term of contract all unpaid charges for the full term shall immediately become due and payable. In the event the supply of electric current should be interrupted or fail by reason of accident, or condition beyond the control of Gulf Power Company, the service shall be restored within a reasonable time and such interruption shall not constitute a breach of the contract, nor shall Gulf Power Company be liable for damages by reason of such interruption or failure.
