ORDER GRANTING MOTION FOR EXTENSION OF TIME

By Order No. 25675, issued February 3, 1992, we directed Southern Bell Telephone and Telegraph Company (Southern Bell) and United Telephone Company of Florida (United) to perform certain traffic studies. We ordered the companies to perform these traffic studies so that we could further evaluate Resolution No. 91-153A filed with this Commission by the County Council of Volusia County, Florida. Resolution No. 91-153A requested that we consider requiring implementation of extended area service (EAS) between all exchanges in Volusia County. The companies were to prepare and submit the studies to us within sixty (60) days of the issuance date of Order No. 25675, making the studies due by April 3, 1992.

On February 26, 1992, Southern Bell filed a Motion for Extension of Time requesting an extension through and including May 4, 1992, in which to prepare and submit the required traffic studies. As grounds for its request, Southern Bell states that because the traffic studies are extremely comprehensive, the data processing needed will be very complicated and time consuming. Fifty-nine routes are involved, a number of which require pocket studies. As a result, Southern Bell does not reasonably contemplate that it will be able to complete the required studies by April 3, 1992.

Upon consideration, I find it appropriate to grant Southern Bell's request. Southern Bell shall be given an extension of time until the close of business on May 4, 1992, in which to prepare and submit the required traffic studies.

Based on the foregoing, it is

ORDERED by Commissioner Susan F. Clark, as Prehearing Officer, that the Motion for Extension of Time filed on February 26, 1992, by Southern Bell Telephone and Telegraph Company is hereby granted. It is further

ORDERED that Southern Bell Telephone and Telegraph Company shall file the required traffic study data on or before May 4, 1992.
