ORDER APPROVING TARIFF

BY THE COMMISSION:

On February 27, 1992, Southern Bell Telephone (SBT) filed a tariff to add new network interface equipment and remove obsolete network interface equipment. The proposed tariff would add the new network interface jacks which are on the FCC list of approved jacks and delete the jacks which are not on the FCC test of approved jacks.

SBT anticipates negligible revenue impact as a result of this filing. Revenue increases resulting from new network interface jacks are expected to be offset by revenue reductions resulting from deleting jacks. SBT asserts that its rates are based on costs and review of the cost data confirms that the proposal rates would generate sufficient revenues to pay for the associated costs.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Southern Bell Telephone and Telegraph Company's Tariff filing proposing to add new network interface equipment and remove obsolete interface equipment is hereby approved. It is further

ORDERED that any protest of this Order shall be filed pursuant to the requirements set forth below. It is further

ORDERED that if a timely protest of this Order is filed, the tariff shall remain in effect with any increased revenues held subject to refund pending resolution of the protest. It is further

ORDERED that if no protest is filed this docket shall be closed.
