ORDER TO SHOW CAUSE WHY DIVISION OF COMMUNICATIONS
 A FINE SHOULD NOT BE IMPOSED

BY THE COMMISSION:

On January 6, 1992 and February 26, 1992, the Division of Communications received requests from the Division of Records and Reporting to furnish them with a current address, both for mail and location, for an interexchange company, TIGA Management Corporation, Inc. (TIGA or the Company). After trying unsuccessfully to locate TIGA by phone and mail, this docket was opened to cancel Certificate No. 2664 belonging to TIGA for violation of Rule 25-480(4)(a), F.A.C. Rule 25-480(4)(a), F.A.C., requires interexchange companies to file updated information with the Division of Records and Reporting within 10 days after such changes occur.

Subsequently, on March 23, 1992, TIGA contacted the Tariff Section requesting information on its tariff. At this time, the Company was informed that a docket had been opened to cancel its certificate for violation of Rule 25-480(4)(a), F.A.C., and was advised to contact the analyst assigned to the docket. After failing to hear from TIGA, staff contacted the company on March 26, 1992, and informed the Company that its certificate would be cancelled unless the proper mailing and location information was sent immediately to the Division of Records and Reporting and the Division of Communications.

TIGA complied with the request; therefore, we conclude that TIGA's certificate should not be cancelled. However, the date
