The need determination proceedings will be governed by the provisions of Chapter 120, Florida Statutes, Section 403.9422, Florida Statutes, and Chapter 25-22, Florida Administrative Code. Under Section 403.9422, the Commission is the sole forum for the determination of need for the proposed intrastate natural gas pipeline and associated facilities. In making its determination, the Commission must take into account the need for natural gas delivery reliability, safety, and integrity, the need for abundant, clean-burning natural gas at a reasonable cost, and other matters within its jurisdiction that it deems relevant.

Only issues relating to the need for the proposed intrastate natural gas pipeline and its associated facilities will be heard at the May 10, 1993, hearing. Separate public hearings will be held before the Division of Administrative Hearings and the Governor and Cabinet sitting as the Natural Gas Transmission Pipeline Siting Board to consider other matters required to be determined under the Natural Gas Transmission Pipeline Siting Act, Sections 403.9041-403.9425, Florida Statutes.

Members of the public who are not parties to the need determination proceeding will have an opportunity to present testimony regarding the need for the proposed pipeline. All witnesses will be sworn and will be subject to cross-examination at the conclusion of their testimony.

Written comments regarding the need for the pipeline may be sent to the Commission at the following address:
