ORDER GRANTING REQUEST FOR
SPECIFIED CONFIDENTIAL CLASSIFICATION
OF DOCUMENT NO. 6675-93

By Resolution No. 93-21, filed by the Board of County Commissioners of Lake County, we have been requested to consider requiring implementation of extended area service (EAS) between certain exchanges in Lake and Seminole Counties. The exchanges affected by this EAS request are the Mt. Dora, Geneva, Oviedo, and Sanford exchanges. The Mt. Dora exchange is served by United Telephone Company of Florida (United) and is located in the Gainesville LATA (local access transport area), while the Geneva, Oviedo, and Sanford exchanges are served by BellSouth Telecommunications, Inc. d/b/a Southern Bell Telephone and Telegraph Company (Southern Bell) and are located in the Orlando LATA.

By Order No. PSC-93-0464-PCO-TL, issued March 26, 1993, this Commission directed United and Southern Bell to conduct traffic studies so that we could further evaluate Resolution No. 93-21. On June 22, 1993, United filed the traffic study, along with a Request for Specified Confidential Classification (Request) of certain portions of the traffic study data, as identified in Appendix "A" to this Order. The Request has not been opposed by any party to this proceeding.

The information for which United has requested specified confidential classification is proprietary business information obtained by United from AT&T Communications of the Southern States, Inc. (AT&T), pursuant to a nondisclosure agreement. The information involves a "blueprint" of usage over the various toll routes at issue in this case. According to United, the information is the sort of information normally made available to United only on a confidential basis in order to allow United to plan its network deployment based upon actual and perceived traffic demand over the toll routes. If the information is publicly disclosed, United argues that AT&T will be harmed because the information will allow AT&T's competitors to target the most lucrative toll routes. United also argues that, if the information is publicly disclosed,

it will be harmed because AT&T may withhold such information in the future based upon the threat of public disclosure. Finally, United argues that the information is intended to be treated and is treated as confidential by United, and that it has not been disclosed to any third party except to the extent allowed under the confidentiality agreement between itself and AT&T.

Upon review, I find that the data identified in Appendix "A" to this Order is proprietary confidential business information pursuant to Section 364.183, Florida Statutes. As such, it shall be kept confidential and shall be exempt from Section 119.07(1), Florida Statutes.

Based on the foregoing, it is

ORDERED by Commissioner Julia L. Johnson, as Prehearing Officer, that the Request for Specified Confidential Classification of the information identified in Appendix "A" to this Order, filed by United Telephone Company of Florida on June 22, 1993, is hereby granted pursuant to Rule 25-22.006, Florida Administrative Code, and Section 364.183, Florida Statutes, for the reasons set forth herein. It is further

ORDERED that pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, any confidentiality granted to the documents specified herein shall expire eighteen (18) months from the date of issuance of this Order in the absence of a renewed request for confidentiality pursuant to Section 364.183. It is further

ORDERED that this Order will be the only notification by the Commission to the parties concerning the expiration of the confidentiality time period.

By ORDER of Commissioner Julia L. Johnson, as Prehearing Officer, this 15th day of September, 1993.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.59(4), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.038(2), Florida Administrative Code, if issued by a Prehearing Officer; (2) reconsideration within 15 days pursuant to Rule 25-22.060, Florida Administrative Code, if issued by the Commission; or (3) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Director, Division of Records and Reporting, in the form prescribed by Rule 25-22.060, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
