RE : DOCUMENT NO. 11142-93

Monsanto Chemical Company (Monsanto) filed a request for confidential treatment of the information found in Document No. 11142-93.

Mark Futrell and I have reviewed this information. The Commission had directed us to review the executed lease agreements to ensure that they are not materially different from the proposed agreements upon which the Commission based its decision. We have completed our review and are satisfied that the executed agreements are not materially different. Accordingly, these documents should be returned to Monsanto because they are no longer necessary for us to conduct our business. Thus, there is no need to rule on this request for confidential treatment and the document should be closed.
