Peoples also requests that a courtesy copy of all notices, orders, and pleadings be furnished to:

Mr. Vernon I. Krutsinger
Manager, Energy Utilization
Peoples Gas System, Inc.
Post Office Box 2562
Tampa, Florida 33601-2562 .

3. Peoples' requested conservation cost recovery factors were calculated consistently and in compliance with the Commission's order establishing annual CCR factors, Order No. PSC-93-0709-FOF-EG, and with the Commission's prescribed methodology. The factors are designed to recover Peoples' projected conservation program expenses for the period April 1995 through March 1996, adjusted for (a) the estimated conservation true-up for the period October 1994 through September 1995, (b) the final conservation true-up for the period October 1993 through September 1994, and (c) interest provisions for both true-up amounts. The supporting documentation of these factors is presented in the prepared testimony and exhibits of Peoples' witness, Vernon I. Krutsinger, filed herein on November 14, 1994 and January 17, 1995, and which are incorporated by reference into this Petition. Exhibit VIK-2 includes the CCR forms that Peoples and other utilities were directed to file by the Commission's Electric and Gas Department via memorandum dated June 17, 1982.

4. Peoples projects total conservation program expenses, net of all program revenues, of \$2,659,861 for the period October 1, 1995 through March 31, 1996. The net true-up is an underrecovery of \$3,787,867. After increasing the projected CCR expenses by the amount of this underrecovery, \$6,447,728 remains to be recovered during the billing period April 1, 1995 through March 31, 1996.

When these expenses are allocated to the affected rate classes pursuant to the methodology approved by the Commission, expanded for tax effects, the recovery factors for the billing period April 1, 1995 through March 31, 1996 required to recover these expenses are as follows:

Residential Rate Class:	5.803 cents per therm
Commercial Street Lighting Rate Class:	0.711 cents per therm
Small Commercial Rate Class:	5.328 cents per therm
Commercial Rate Class:	2.074 cents per therm
Commercial Large Volume 1 Rate Class:	1.678 cents per therm
Commercial - Large Volume 2 Rate Class:	1.222 cents per therm
Natural Gas Vehicle Service Rate Class:	0.526 cents per therm

WHEREFORE, based on the foregoing, Peoples Gas System respectfully requests that the Commission approve the conservation cost recovery factors set forth above to be applied to bills rendered for meter readings taken between April 1, 1995 and March 31, 1996, inclusive.

Respectfully submitted this 19th day of January, 1995.
