Dear Sir,

After attending several meetings of the Miami Village Renters Association it is my understanding that a \$750.00 up fee is being considered for the residents of this Village.

If such is the case, I wish to express a strong objection to such a move.

As a Canadian Snowbird, this is as a further slap in the face to an already devalued dollar at 60¢ U.S. and the exorbitant costs of medical coverage to live 6 months in Florida.

Living on a meagre Government Pension as an Ontario Government employee, recently retired, this fixed income is barely seeing me through as it is.

As a resident of Miami Village during the winter season, I pay a rental fee of approx. \$200.00 plus utilities year round. to live in a 12 by 60 tin box which

∴ constantly needs repairs & renovations
for a half-way decent standard of
living.

Your proposal affects adversely what was once a growing number of Canadian Snowbirds to Florida. Small wonder that the tourism industry is decreasing in Florida as recently reported by the television media here.

Please give this decision some further thought. To my knowledge most renters in this Park are of the same opinion.

Yours truly
Dennis H. Bilsaac
