RE: Confidentiality Files-Docket No. ~~950003-00~~, E-Schedules for April through September 1993

I know we have spoken about these old confidentiality files on a few previous occasions, but I would like to clarify what it is you would like for me to do with them. Since these are prospective schedules for 1993, I think granting confidentiality for them is unnecessary. If you agree, please withdraw the requests, citing Document Nos. 07521-93 and 07522-93. If you do still want these documents to be granted confidential treatment, please let me know in writing. If I do not hear from you within 10 days, confidential treatment for these documents will be denied. Thanks for your help.
