RE: DOCKET NO. 941281-TL - Petition by subscribers of the Groveland exchange for extended area service (EAS) to the Orlando, Winter Garden, and Windermere exchanges.

Issue 1: Recommendation that none of the calling rates on any of the routes in this docket qualify for a survey for nonoptional, flat rate, two-way extended area service (EAS).

**DENIED**

*On the Commission's own motion, this docket is to be set for hearing.*

Issue 2: Recommendation that there should not be an alternative plan offered on any of the toll routes. However, the Groveland/Orlando route should be reevaluated once the criteria have been established for alternative toll plans in the current EAS rulemaking docket (930220-TL). If the amendments to Chapter 364, F.S., become law, then the Commission needs to be aware that this route, as well as all of the other pending dockets for alternative toll plans, may be affected.

**DENIED**
