RE: Impact of revisions to Chapter 364, Florida Statutes

Docket No. 920260-TL - Comprehensive review of the revenue requirements and rate stabilization plan of SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY.

VIA-FACSIMILE

Based on the discussion at the conclusion of the hearing, the following legal issues should be addressed by the parties in the post hearing briefs:

1. Since this docket was opened prior to the new law being enacted, should the unspecified \$25 million rate reduction scheduled for October 1, 1995, be processed under the former version of Chapter 364, Florida Statutes?
2. If approved, would Southern Bell's ECS plan become part of basic local telecommunications service as defined in Section 364.02(2), Florida Statutes?
3. If it is not a part of basic local telecommunications service, does Southern Bell's ECS plan violate the imputation requirement of Section 364.051(6)(c), Florida Statutes?
4. Does Southern Bell's ECS proposal violate any other provision of the revised Chapter 364, Florida Statutes, excluding those previously identified in the positions on the issues listed in the prehearing order?
