**GTE FLORIDA INCORPORATED'S
NOTICE OF INTENT TO SEEK CONFIDENTIAL CLASSIFICATION**

Under Florida Statutes, §364.18 and applicable commission rules, GTE Florida Incorporated (GTEFL) hereby gives notice of its intent to seek confidential classification of certain material included in GTEFL's CentraNet/ISDN tariff. Specifically, GTEFL seeks confidential treatment of documents containing highly sensitive cost information, financial and operational parameters, and other confidential information.

The information designated by GTEFL as confidential falls within Florida Statutes §364.183(3)(e), which defines the proprietary confidential business information to include "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of that information." The information at issue would be valuable to potential competitors in formulating marketing strategies to assure successful competition against GTEFL. Disclosure of this information would provide such competitors an unfair competitive which will distort the marketplace, to the ultimate detriment of the consumer. Ensuring the confidentiality of this information is even more important due to the fact that legislation has been passed which will open the local market to full competition as early as January 1, 1996.

GTEFL will file the required detailed motion for permanent confidential classification within twenty-one days of this notice.

Respectfully submitted on September 19, 1995.
