WATER TARIFF

TECHNICAL TERMS AND ABBREVIATIONS

- 1.0 "BFC" - "BFC" is the abbreviation for "Base Facility Charge" which is the minimum charge to the Company's customers and is separate from the amount billed for water consumption on the utility's bills to its customers.
- 2.0 "CERTIFICATE" - A document issued by the Commission authorizing the Company to provide service in a specific territory.
- 3.0 "COMMISSION" - "Commission" refers to the Florida Public Service Commission.
- 4.0 "COMMUNITIES SERVED" - The term "Communities Served", as mentioned in this tariff, shall be construed as the group of consumers or customers who receive water service from the Company and who's service location is within a specific area or locality that is uniquely separate from another.
- 5.0 "COMPANY" - THE PEOPLES WATER SERVICE COMPANY
- 6.0 "CONSUMER" - Any person, firm, association, corporation, governmental agency or similar organization supplied with water service by the Company.
- 7.0 "CUSTOMER" - Any person, firm or corporation who has entered into an agreement to receive water service from the Company and who is liable for the payment of that water service.
- 8.0 "CUSTOMER'S INSTALLATION" - All pipes, shut-offs, valves, fixtures and appliances or apparatus of every kind and nature which are located on the customer's side of the "Point of Delivery" and used in connection with or forming a part of the installation necessary for rendering water service to the customer's premises regardless of whether such installation is owned by the customer or used by the consumer under lease or other agreement.
- 9.0 "MAIN" - A pipe, conduit, or facility used for conveying water service through individual services or through other mains.

WATER TARIFF

(Continued from Sheet No. 5.0)

- 10.0 "POINT OF DELIVERY" - For water systems, "point of delivery" shall mean the outlet connection of the meter for metered service or the point at which the company's piping, fittings and valves connect with the customer's piping, fittings and valves for non-metered service.
- 11.0 "RATE SCHEDULE" - The rate(s) or charge(s) for a particular classification of service plus the several provisions necessary for billing, including all special terms and conditions under which service shall be furnished at such rate or charge.
- 12.0 "SERVICE" - Service, as mentioned in this tariff and in agreement with customers, shall be construed to include, in addition to all water service required by the customer the readiness and ability on the part of the Company to furnish water service to the customer. Service shall conform to the standards set forth in Section 367.111 of the Florida Statutes.
- 13.0 "SERVICE LINES" - The pipe between the Company's mains and the point of delivery and shall include all of the pipe, fittings and valves necessary to make the connection to the customer's premises excluding the meter.
- 14.0 "TERRITORY" - The geographical area described by metes and bounds with township, range and section in a certificate, which may be within or without the boundaries of an incorporated municipality and, may include areas in more than one county.

WATER TARIFF

RULES AND REGULATIONS

1.0 POLICY DISPUTE - Any dispute between the Company and the customer or prospective customer regarding the meaning or application of any provision of this tariff shall upon written request by either party be resolved by the Florida Public Service Commission.

2.0 GENERAL INFORMATION - The Company's Rules and Regulations, insofar as they are inconsistent with any Statute, Law, Rule or Commission Order shall be null and void. These Rules and Regulations are a part of the rate schedules and applications and contracts of the Company and, in the absence of specific written agreement to the contrary, apply without modifications or change to each and every customer to whom the Company renders water service.

In the event that a portion of these Rules and Regulations are declared unconstitutional or void for any reason by any court of competent jurisdiction, such decision shall in no way affect the validity of the remaining portions of the Rules and Regulations for water service unless such court order or decision shall so direct.

The Company shall provide to all customers requiring such service within the territory described in its certificate upon such terms as are set forth in this tariff pursuant to Chapter 25-9 and 25-30, Florida Administrative Code, and Chapter 367, Florida Statutes.

3.0 SIGNED APPLICATION REQUIRED - Water service is furnished only after a signed application or agreement and payment of the initial connection fee is accepted by the Company. The conditions of such application or agreement is binding upon the customer as well as upon the Company. A copy of the application or agreement for water service accepted by the Company will be furnished to the applicant on request.

The applicant shall furnish to the Company the correct name and street address or lot and block number at which water service is to be rendered.

4.0 APPLICATIONS BY AGENTS - Applications for water service requested by firms, partnerships, associations, corporations, and others shall be rendered only by duly authorized parties. When water service is

## WATER TARIFF

(Continued from Sheet No. 7.0)

rendered under agreement or agreements entered into between the Company and an agent of the principal, the use of such water service by the principal shall constitute full and complete ratification by the principal of the agreement or agreements entered into between the agent and the Company and under which such water service is rendered.

- 5.0 WITHHOLDING SERVICE - The Company may withhold or discontinue water service rendered under application made by any member or agent of a household, organization, or business unless all prior indebtedness to the Company of such household, organization, or business for water service has been settled in full in accordance with Rule 25-30.320, Florida Administrative Code.

Service may also be discontinued for any violation made by the Customer or Consumer of any rule or regulation set forth in this tariff.

- 6.0 EXTENSIONS - Extensions will be made to the Company's facilities in compliance with Commission Rules and Orders and the Company's tariff.

- 7.0 LIMITATION OF USE - Water service purchased from the Company shall be used by the customer only for the purposes specified in the application for water service and the customer shall not sell or otherwise dispose of such water service supplied by the company.

Water service furnished to the customer shall be rendered directly to the customer through the Company's individual meter and may not be remetered by the customer for the purpose of selling or otherwise disposing of water service to lessees, tenants, or others and under no circumstances shall the customer or customer's agent or any other individual, association or corporation install meters for the purpose of so remetering said water service.

In no case shall a customer, except with the written consent of the company, extend his lines across a street, alley, lane, court, property line, avenue, or other way in order to furnish water service to the adjacent property through one meter even though such adjacent property may be owned by him. In case of such unauthorized extension, remetering, sale, or disposition of service, the customer's water service will be subject to discontinuance until such unauthorized extension,

(Continued to Sheet No. (9.0))

Sherlock S. Gillet, Jr.  
ISSUING OFFICER

Vice President  
TITLE

## WATER TARIFF

(Continued from Sheet No. 8.0)

remetering, sale or disposition of service is discontinued and full payment is made to the Company for water service rendered by the Company (calculated on proper classification and rate schedules) and until reimbursement in full is made in full to the Company for all extra expenses incurred for clerical work, testing, and inspections.

- 8.0 CONTINUITY OF SERVICE - The company will at all times use reasonable diligence to provide continuous water service and, having used reasonable diligence, shall not be liable to the customer for failure or interruption of continuous water service. The Company shall not be liable for any act or omission caused directly or indirectly by strikes, labor troubles, accidents, litigations, breakdowns, shutdowns for emergency repairs, or adjustments, acts of sabotage, enemies of the United States, Wars, United States, State, Municipal or other governmental interference, acts of God or other causes beyond its control.

If at any time the Company shall interrupt or discontinue its service, all customers affected by said interruption or discontinuance shall be given not less than 24 hours written notice.

- 9.0 TYPE AND MAINTENANCE - The customer's pipes, apparatus and equipment shall be selected, installed, used and maintained in accordance with standard practice and shall conform with the Rules and Regulations of the Company and shall comply with all Laws and Governmental Regulations applicable to same. The Company shall not be responsible for the maintenance and operation of the customer's pipes and facilities. The customer expressly agrees not to utilize any appliance or device which is not properly constructed, controlled and protected or which may adversely affect the water service; the Company reserves the right to discontinue or withhold water service to such apparatus or device.

- 10.0 CHANGE OF CUSTOMER'S INSTALLATION - No changes or increases in the customer's installation, which will materially affect the proper operation of the pipes, mains, or stations of the Company, shall be made without written consent of the Company. The customer shall be liable for any change resulting from a violation of this Rule.

- 11.0 INSPECTION OF CUSTOMER'S INSTALLATION - All customer's water service

(Continued to Sheet No. 10.0)

Sherlock S. Gillet, Jr.  
ISSUING OFFICER

Vice President  
TITLE

## WATER TARIFF

(Continued from Sheet No. 9.0)

installations or changes shall be inspected upon completion by a competent authority to ensure that the customer's piping, equipment, and devices have been installed in accordance with accepted standard practice and local Laws and Governmental Regulations. Where Municipal or other Governmental inspection is required by local Rules and Ordinances, the Company cannot render water service until such inspection has been made and a formal notice of approval from the inspecting authority has been received by the Company.

Notwithstanding the above, the Company reserves the right to inspect the customer's installation prior to rendering water service, and from time to time thereafter, but assumes no responsibility whatsoever for any portion thereof.

- 12.0 PROTECTION OF COMPANY'S PROPERTY - The customer shall exercise reasonable diligence to protect the Company's property on the customer's premises and shall knowingly permit no one, but the Company's agents or persons authorized by law, to have access to the Company's pipes and apparatus.

In the event of any loss or damage to property of the Company caused by or arising out of carelessness, neglect, or misuse by the customer, the cost of making good such loss or repairing such damage shall be paid by the customer.

- 13.0 ACCESS TO PREMISES - The duly authorized agents of the Company shall have access at all reasonable hours to the premises of the customer for the purpose of installing, maintaining, inspecting, or removing the Company's property; reading the meter; or for performance under or termination of the Company's agreement with the customer and under such performance shall not be liable for trespass.

- 14.0 RIGHT OF WAY OR EASEMENTS - The customer shall grant or cause to be granted to the Company, and without cost to the Company, all rights, easements, permits, and privileges which are necessary for the rendering of water service.

- 15.0 BILLING PERIODS - Bills for water service will be rendered - Monthly, ~~Bimonthly, or Quarterly~~ - as stated in the rate schedule and shall

(Continued to Sheet No. 11.0)

## WATER TARIFF

(Continued from Sheet No. 10.0)

become due when rendered and be considered as received by the customer when delivered or mailed to the water service address or some other place mutually agreed upon. Non-receipt of bills by the customer shall not release or diminish the obligation of the customer with respect to payment thereof.

- 16.0 DELINQUENT BILLS - Bills are due when rendered. However, the Company shall not consider the customer delinquent in paying any bill until the twenty-first (21) day after the Company has mailed or presented the bill to the customer for payment. Water service may then be discontinued only after the Company has mailed or presented within five (5) working days a written notice to the customer in accordance with Rule 25-30.320, Florida Administrative Code. Water service shall be restored only after the Company has received payment for all past-due bills and reconnect charges from the customer.

There shall be no liability of any kind against the Company for the discontinuance of water service to a customer for that customer's failure to pay the bills on time.

Partial payment of a bill for water service rendered will not be accepted by the Company, except by the Company's agreement thereof or by direct order from the Commission.

- 17.0 ~~PAYMENT OF WATER AND WASTEWATER SERVICE BILLS - WHEN BOTH WATER AND WASTEWATER SERVICE ARE PROVIDED BY THE COMPANY, PAYMENT OF ANY WATER SERVICE BILL RENDERED BY THE COMPANY TO A CUSTOMER SHALL NOT BE ACCEPTED BY THE COMPANY WITHOUT THE SIMULTANEOUS OR CONCURRENT PAYMENT OF ANY WASTEWATER SERVICE BILL RENDERED BY THE COMPANY. THE COMPANY MAY DISCONTINUE BOTH WATER SERVICE AND WASTEWATER SERVICE TO THE CUSTOMER'S PREMISES FOR NON-PAYMENT OF THE WATER SERVICE BILL OR WASTEWATER SERVICE BILL AS PAYMENT IS NOT MADE CONCURRENTLY. THE COMPANY SHALL NOT REESTABLISH OR RECONNECT WATER SERVICE AND/OR WASTEWATER SERVICE UNTIL SUCH TIME AS ALL WATER AND WASTEWATER SERVICE BILLS AND ALL CHARGES ARE PAID.~~

- 18.0 TAX CLAUSE - A municipal or county franchise tax levied upon a water or wastewater public utility shall not be incorporated into the rate for water or wastewater service but shall be shown as a separate item on the utility's bills to its customers in such Municipality or County.

(Continued to Sheet No. 12.0)

Sherlock S. Gillet, Jr.  
ISSUING OFFICER

Vice President  
TITLE

NAME OF COMPANY PEOPLES WATER SERVICE COMPANY OF FLORIDA, INC.

## WATER TARIFF

(Continued from Sheet No. 11.0)

- 19.0 CHANGE OF OCCUPANCY - When a change of occupancy takes place on any premises supplied by the Company with water service, written notice thereof shall be given at the office of the Company not less than three (3) days prior to the date of change by the outgoing customer. The outgoing customer shall be held responsible for all water service used on such premises until such written notice is so received by the Company and the Company has had reasonable time to discontinue the water service. However, if such written notice has not been received, the application of a succeeding occupant for water service will automatically terminate the prior account. The customer's deposit may be transferred from one service location to another, if both locations are supplied water service by the Company; the customer's deposit may not be transferred from one name to another.

~~Notwithstanding the above the Company will accept telephone orders, for the convenience of its customers to discontinue or transfer water service from one service address to another and will use all reasonable diligence in the execution thereof. However, if such orders are received shall not be deemed binding or be responsible for notification to the Company.~~

- 20.0 UNAUTHORIZED CONNECTIONS - WATER - Connections to the Company's water system for any purpose whatsoever are to be made only by employees of the Company. Any unauthorized connections to the customer's water service shall be subject to immediate discontinuance without notice. Water service shall not be restored until such unauthorized connections have been removed and until settlement is made in full to the Company for all water service estimated by the Company to have been used by reason of such unauthorized connection.
- 21.0 METERS - All water meters shall be furnished by and remain the property of the Company and shall be accessible and subject to its control. The customer shall provide meter space to the Company at a suitable and readily accessible location within the premises to be served and also provide adequate and proper space for the installation of the meter and other similar devices.
- 22.0 ALL WATER THROUGH METER - That portion of the customer's installation for water service shall be so arranged to ensure that all water service

## WATER TARIFF

(Continued from Sheet No. 12.0)

shall pass through the meter. No temporary pipes, nipples or spaces are permitted and under no circumstances are connections allowed which may permit water to by-pass the meter or metering equipment.

- 23.0 ADJUSTMENT OF BILLS - When a customer has been overcharged or undercharged as a result of incorrect application of the rate schedule, incorrect reading of the meter, incorrect connection of the meter, or other similar reasons, the amount may be credited or billed to the customer as the case may be pursuant to Rule 25-30.350, Florida Administrative Code.
- 24.0 ADJUSTMENT OF BILLS FOR METER ERROR - When meter tests are made by the Commission or by the Company, the accuracy of registration of the meter and its performance shall conform with Rule 25-30.262, Florida Administrative Code and any adjustment of a bill due to a meter found to be in error as a result of any meter test performed whether for unauthorized use or for a meter found to be fast, slow, non-registering, or partially registering, shall conform with Rule 25-30.340, Florida Administrative Code.
- 25.0 METER ACCURACY REQUIREMENTS - All meters used for measuring quantity of water delivered to a customer shall be in good mechanical condition and shall be adequate in size and design for the type of service which they measure. Before being installed for the rendering of water service to a customer, every water meter, whether new, repaired, or removed from service for any cause, shall be adjusted to register within prescribed accuracy limits as set forth in Rule 25-30.262, Florida Administrative Code.
- 26.0 FILING OF CONTRACTS - Whenever a Developer Agreement or Contract, Guaranteed Revenue Contract, or Special Contract or Agreement is entered into by the Company for the sale of its product or services in a manner not specifically covered by its Rules and Regulations or approved Rate Schedules, a copy of such contracts or agreements shall be filed with the Commission prior to its execution in accordance with Rule 25-9.034 and Rule 25-30.550, Florida Administrative Code. If such contracts or agreements are approved by the Commission, a conformed copy shall be placed on file with the Commission prior to its effective date.

SCHEDULE OF CUSTOMER DEPOSITS

ESTABLISHMENT OF CREDIT - Before rendering water service, the Company may require an applicant for service to satisfactorily establish credit, but such establishment of credit shall not relieve the customer from complying with the Company's rules for prompt payment. Credit will be deemed so established, in accordance with Rule 25-30.311, Florida Administrative Code, if:

- (A) The applicant for service furnishes a satisfactory guarantor to secure payment of bills for the service requested.
- (B) The applicant pays a cash deposit.
- (C) The applicant for service furnishes an irrevocable letter of credit from a bank or a surety bond.

AMOUNT OF DEPOSIT - The amount of initial deposit shall be <sup>as shown on Sheet No. 20.2.</sup> ~~the following~~ according to meter size:

	<u>Residential</u>	<u>General-Service</u>
5/8" x 3/4"	_____	_____
1"	_____	_____
1 1/2"	_____	_____
Over-2"	_____	_____

ADDITIONAL DEPOSIT - Under Rule 25-30.311(7), Florida Administrative Code, the Company may require a new deposit, where previously waived or returned, or an additional deposit in order to secure payment of current bills provided. The company shall provide the customer with reasonable written notice of not less than 30 days where such request or notice is separate and apart from any bill for service. The total amount of the required deposit shall not exceed an amount equal to the average actual charge for water service for two monthly billing periods for the 12-month period immediately prior to the date of notice. In the event the customer has had service less than 12 months, the Company shall base its new or additional deposit upon the average actual monthly billing available.

WATER TARIFF

(Continued from Sheet No. 20.0)

INTEREST ON DEPOSIT - The Company shall pay interest on customer deposits pursuant to Rule 25-30.311(4) and (4a). The rate of interest is 8% per annum. The payment of interest shall be made once each year as a credit on regular bills or when service is discontinued as a credit on final bills. No customer depositor will receive interest on his or her deposit until a customer relationship and the deposit have been in existence for at least six (6) months. At such time, the customer depositor shall be entitled to receive interest from the day of the commencement of the customer relationship and placement of the deposit. The Company will pay or credit accrued interest to the customers account ~~during the month of~~ each year on the deposit's anniversary date.

REFUND OF DEPOSIT - After a residential customer has established a satisfactory payment record and has had continuous service for a period of 23 months, the Company shall refund the customer's deposit provided the customer has not, in the preceeding 12 months:

- (a) made more than one late payment of the bill (after the expiration of 20 days from the date of mailing or delivery by the Company),
- (b) paid with a check refused by a bank,
- (c) been disconnected for non-payment, or
- (d) at any time tampered with the meter or used service in a fraudulent or unauthorized manner.

Notwithstanding the above, the Company may hold the deposit of a non-residential customer after a continuous service period of 23 months and shall pay interest on the non-residential customer's deposit at the rate of 9% per annum upon the retainment of such deposit.

Nothing in this rule shall prohibit the Company from refunding a customer's deposit in less than 23 months.

MISCELLANEOUS SERVICE CHARGES

The Company may charge the following miscellaneous service charges in accordance with the terms stated herein. If both water and waste water services are provided, only a single charge is appropriate unless circumstances beyond the control of the Company requires multiple actions.

INITIAL CONNECTION - This charge would be levied for service initiation at a location where service did not exist previously.

NORMAL RECONNECTION - This charge would be levied for transfer of service to a new customer account at a previously served location or reconnection of service subsequent to a customer requested disconnection.

VIOLATION RECONNECTION - This charge would be levied prior to reconnection of an existing customer after disconnection of service for cause according to rule 25-30.320(2), Florida Administration Code, including a delinquency in bill payment.

PREMISES VISIT CHARGE - This charge would be levied when a utility representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectable bill and does not discontinue service because the customer makes satisfactory arrangements to pay the bill.

This charge also would be levied when an appointment has been made, by the customer with the utility, to initiate service and the customer does not keep the appointment.

## TAX GROSS-UP OF CIAC

Prior to the Federal Tax Reform Act of 1986, Section 118(b) of the Internal Revenue Code provided for the exclusion of certain types of Contributions In Aid Of Construction (CIAC) from the taxable income of a corporate utility. Such amounts were, therefore, tax exempt.

However, pursuant to the Federal Tax Reform Act of 1986, Section 118(b) was amended to reclassify CIAC (both cash and property) as a taxable source of revenue, effective January 1, 1987. The net result of this action is that a utility which is a corporation must now pay income taxes on the CIAC it collects.

Since the amount of this additional tax liability is directly attributable to the contributors (developers, builders, etc.) of the CIAC, those utilities that are authorized by the Florida Public Service Commission to collect the tax effect of CIAC are required to collect the amount from those contributors.

By Orders Nos. 16971, 23541, PSC-92-0961-FOF-WS, PSC-92-0961A-FOF-WS, and PSC-94-1265-FOF-WS, the Commission established specific guidelines for a utility to administer in the calculation, collection, and reporting of CIAC tax liabilities as well as in the refunding of excess tax collections:

1) The tax gross-up to be collected shall be determined by using the marginal rate of federal and state corporate income tax related to the value of all property and cash contributions included in the taxable income of the Utility, including the tax applicable to the tax gross-up, or "tax on tax" effect. The first year's tax depreciation on all property contributions shall be used to reduce the tax gross-up collected.

The tax gross-up amount to be collected shall be determined using the following formula:

Full Gross-Up:

Depreciable Plant:

For utilities using straight-line depreciation for tax purposes, the gross-up formula shall be:

$$\frac{((CP - (CP * (1/TL) * .5)) * CTR) * (1/(1-CTR))$$

For utilities using an accelerated rate of depreciation for tax purposes, the gross-up formula shall be:

$$\frac{((CP - (CP * AR)) * CTR) * (1/(1-CTR))$$

EFFECTIVE DATE:

Sherlock S. Gillet, Jr.  
ISSUING OFFICER

TYPE OF FILING: Name Change

Vice President  
TITLE

COMPANY NAME Peoples Water Service Company Of Florida, Inc.  
 WATER TARIFF

For land (and cash), the gross-up formula shall be:

$$\frac{CL \cdot CTR}{1 - CTR}$$

Where:

CP = Contributed plant  
 TL = Tax life for contributed plant  
 AR = Accelerated tax depreciation rate  
 CTR = Combined federal and state income tax rate  
 CL = Contributed land (and cash)

2) The CIAC tax gross-up amounts, as determined by using the appropriate formula, shall be deposited as received into a fully funded interest bearing escrow account, hereinafter referred to as the "CIAC Tax Account." Monies in the CIAC Tax Account may be withdrawn periodically for the purpose of paying that portion of the estimated Federal and State income tax liability which is directly attributable to the CIAC conveyed to the utility. Annually, following the preparation and filing of the utility's annual Federal and State income tax returns, a determination shall be made by the Commission as to the actual Federal and State income tax liability that is directly attributable to the receipt of CIAC. CIAC tax gross-up monies received during the tax year that are in excess of the actual amount of CIAC tax liability, including interest earned on such excess monies, shall be refunded on a pro rata basis to the contributors of the CIAC. The utility shall maintain adequate records to account for the receipt, deposit, and withdrawal of monies in the CIAC Tax Account. A detailed statement of the CIAC tax account and the annual determination of actual tax liability attributable to the receipt of CIAC shall be submitted no later than 120 days after the date of filing of the tax return for the applicable year. The Utility shall submit all information in accordance with the requirements established by the Commission.

3) The amount of CIAC tax monies collected by a utility shall not be treated as CIAC for ratemaking purposes.

All developer agreements in which CIAC tax monies are required shall indicate the amount of such monies separately from any other CIAC amounts required, as well as the Tax Gross-Up formula utilizing the appropriate values. The agreement shall reflect that the authority for the collection of CIAC gross-up derives from this tariff.

 WATER TARIFF APPLICATION FOR WATER SERVICE/CONSUMER'S DEPOSIT RECEIPT

APPLICATION FOR SERVICE  
 THE PEOPLES WATER SERVICE COMPANY 39369

CONDITIONS: \_\_\_\_\_ PLANT \_\_\_\_\_

I, the undersigned Applicant, hereby certify that the (Company) I have chosen to be supplied with water by THE PEOPLES WATER SERVICE COMPANY is THE PEOPLES WATER SERVICE COMPANY OF LOUISIANA, INC. known as the (Company). I understand that it is essential that all water service provided to Consumers will be reasonably assured by established means to each existing residential premises, each existing place of commercial business, and each existing industrial manufacturing or scientific premises. No substance in condition existing at these existing premises for the purpose of obstructing traffic or for any other purpose will be allowed. Such items will require a separate billing account.

I agree to pay monthly in the schedule of rates and fees currently in effect and subject to all changes as ordered by the Public Service Commission or other appropriate regulatory agency. I agree to pay said rates for a term of not less than six (6) months after service commences at a new tap.

I agree to comply with all existing and any subsequent rules and regulations of the Company, making them a part of this agreement. I also agree not to make changes without the Company because of the change of the rate of water, low flow, or low pressure resulting from existing water system operations, additions, use of O.D. or other necessary to make water system operations, repairs, or improvements. I further agree to keep all plumbing and fixtures on the premises in good repair and promptly report all leaks to permit all plumbing, repairs, and replacement with any improvements. I shall, within, business operating, usual hours, use I consent to pay for any damage from any plumbing resulting in the repair or water as a result of normal and routine treatment operations and to prevent all plumbing, etc. from damage from stoppage of flow of water, low flow, or low pressure resulting from routine water system operations, accident, or other necessary, to make alterations, repairs or improvements.

DEPOSIT: The deposit of \$ \_\_\_\_\_ is advanced to the Company by the undersigned Applicant to secure the payment of any bills due in which case I agree to pay the same to the Company and to the surety of all deposits belonging to the Company and located on Applicant's premises. Records of deposits will be made in accordance with the regulations of the Public Service Commission or other appropriate regulatory agency. I agree to transfer same and pay the Company for all such service except on the premises at the address as follows: I also agree to abide by the Company's rules and regulations at any other address should I move to another location served by the Company in the future. I understand that as long as I occupy or control the premises at the address or addresses listed below and until the terms specified herein, that I will be liable and properly (in) for all such service rendered at said address or addresses until the Company has received notice from me or the Applicant that I have moved and wish to discontinue service at said address or addresses. I also understand that a signed copy of the Schedule of Rates and Fees and Service Regulations of the Company is available for my review.

In failure to comply with this agreement, or any part thereof, the Company may use all of its water from such premises without notice to me, except in the case of non-payment of bills. For non-payment of bills, the Company will notify the Consumer of its arrears (and bill on the next following bill) or on a separate record mailed to the Consumer by the Company's choice, and payment for non-payment will follow after the arrears are paid. Obstruction of water service will result in suspension of any service which may be had by the Company to secure the premises upon final reconnection. In the event of three (3) delinquent payments (excluding non-payment of water service for non-payment), I will notify the Company in writing of the problem and my inability to meet Company's payment policies. Such reasons for non-payment of service will be considered by the Company on their merit.

Upon discontinuing service, the above deposit will be refunded with interest based on the rate of interest on the date of deposit to date of discontinuance of service, provided said deposit has been maintained for six (6) consecutive months and all liabilities of the Consumer to the Company has been paid. If said deposit has not been maintained for six (6) consecutive months, said deposit will be refunded less an interest fee to be paid.

The Applicant agrees that the Company has no obligation to accept this request if the Applicant is not an insured addressee to that of the Company from which the requested service may be readily obtained.

RULES FOR METERING CUSTOMERS' SERVICE

SEPTEMBER 1, 1981

It is required that all water service provided to consumers will be separately metered by individual meters to each separate residential premises, each separate place of commercial business, and each separate industrial or manufacturing concern. No collective or combined metering of these separate premises for purpose of circumventing tariffs in force or for any other purposes will be allowed. Each meter will represent a separate account for billing and rate application purposes.

Two exceptions to this rule will be allowed. First - Temporary multiple installations will be allowed where in the judgment of the utility management permanent separate metering is not practical, where extreme hardship will be placed on the customer, and where the temporary connection would not exist past twelve (12) months from commencement of service. Prior approval for temporary service must be received by the customer from the utility. It is also provided that any customer who makes application for service and requests multiple connections must agree to multiple minimum billing (see subsequent definitions) and be responsible for payment of the entire bill. Second - "Master Metering" will be allowed in the case of a High Rise building, and if such a building is residential, the multiple minimum billing will be placed in effect. If the High Rise building is a commercial building, it will be billed at the regular rate. The contractor or person making application for service will be responsible for the entire bill for the premises being served.

Existing "Master Metering" on accounts currently being billed and served in this manner will continue to be allowed to the person who made original application. However, when that person terminates service, the following owner or occupant must apply for separate metered service where practical to each individual premises (place of residence, business, etc.). All tap fees, deposits and other fees necessary to make individual metered service must be paid for by the appropriate applicant.

DEFINITIONS

1. Tariffs - water rate schedules
2. Residential Premises - an individual place of residence occupied as an individual or family residence.
3. Master Metering - means collective metering of water service of more than one premises on one meter.

Definitions (Continued)

4. High Rise - means a building with three or more floors.
5. Hotels and Motels are considered commercial accounts.
6. A house trailer (single occupancy) is considered a separate premises as is each apartment of a duplex, triplex or multiple apartment house.
7. Two or more individually operated businesses under the same roof are considered separate businesses unless owned and operated by the same company or individuals.
8. Multiple Minimum Billing - where more than one premises is served by the same meter, the monthly metered consumption will be divided by the number of units served and that amount of consumption will be applied to the residential rate table. The bill thus calculated for that consumption will be multiplied by the number of units served to determine the monthly bill.
9. The Company will determine the size of customer's service lines and meters.

WATER MAIN EXTENSION POLICY & PROCEDURES

Water main extensions to service new customers will be made by the Company into all parts of the Service Area of the Company under the following terms and conditions:

1. Upon application or request of a customer/developer for the Company to investigate a water main extension, the Company will require from the developer, two copies of a recorded Surveyor's or Engineer's plat of the area to be served.
2. The Company will choose the route of the proposed water main and determine lengths and sizes of mains to be constructed.
3. Water made available to customers through extensions of the water distribution system of the Company will not be re-sold or shared by those customers, their successors or assigns without written contractual consent of the Company.
4. Other policies, procedures, requirements, or specifications as mandated by the Company.

NAME OF COMPANY  
WATER TARIFFPEOPLES WATER SERVICE COMPANY OF FLORIDA, INC.FIRE SPRINKLER SYSTEMS POLICY

The purpose of these rules is to establish a proper and safe method for the inter-connection of customer owned Fire Sprinkler Systems to the water distribution system of The Peoples Water Service Company. It is recognized that fire sprinkler systems offer a substantial threat to the water system as a source of cross connection contamination from the customer's side of the sprinkler service back into the potable water supply. In order to reduce this threat, these rules are adopted.

It is required that all new applicants for fire sprinkler system service abide by these rules. Existing fire sprinkler systems (existing as of date of adoption of these rules) will be allowed to continue service as is to the current owner and rules will apply where applicable. However, if service is terminated to that owner, the new applicant will have to comply to these rules as an applicant for Fire Sprinkler System service. Also any customer making changes to his fire sprinkler system is required to comply with these same rules and any subsequent changes hereto.

- I. In order to obtain FIRE SPRINKLER SYSTEM service, the applicant must come by the office of the Water Company and make application for service and PAY ALL TAPPING FEES, TURN-ON FEES AND DEPOSITS THAT ARE REQUIRED.

In all cases, the APPLICANT shall be considered to be the owner of the property (building) as shown on the official tax records of the state and local taxing authorities. Applications for service SHALL BE TAKEN ONLY FROM THE OWNER and never from the tenant or other party.

- II. The applicant will furnish the Water Company in advance of construction two (2) copies of the following documents:
- A. A plot plan of the building utilizing the proposed system.
  - B. A plan sheet and a schematic of the proposed Fire Sprinkler System within the proposed building.
  - C. A schematic of the entrance piping together with valves, alarms and other appurtenances.
  - D. A record of the sprinkler system contractor's name, office address and phone number together with the job foreman's name and phone number.

- III. Upon termination of Sprinkler Service, the owner will notify the Water Company in writing of the date service is to be terminated. The Water Company will then notify the owner by certified mail - return receipt that service has been terminated effective on a specific date. Copies of this letter should be sent to the local Fire Chief, State Insurance Underwriter, Home Office of THE PEOPLES WATER SERVICE COMPANY.

CROSS CONNECTION CONTROL POLICY  
RESPONSIBILITY

The Peoples Water Service Company is responsible for the protection of the public potable water distribution system from contamination or pollution due to the backflow or back siphonage of contaminants or pollutants through the water service connection. If, in the judgement of the Company, an approved backflow prevention device is required at the water service connection of any customer's premises for the safety of the public water system, the Company shall give notice in writing to said customer that an approved backflow prevention device shall be installed in agreement with specifications as provided by the Company and under the supervision of the Company, at a location designated by the Company.

Compliance testing after initial installation of backflow prevention devices shall be performed by the Company and billed to the customer as authorized by the regulatory agency.

The Company will test backflow prevention devices that are privately owned and were installed prior to the establishment of this program. The Company will make efforts to ensure that a sufficient device is in place and operating properly. The cost of this service will be billed to the customer.

**INSPECTION**

The Peoples Water Service Company employees shall conduct inspections of customer premises where suspected cross connections or potential cross connections may exist. Customers shall be notified in advance of the inspections and reasons for the inspections. Employees shall report to customers' premises at the appointed time. A preliminary survey shall be conducted. Should the Cross Connection Control Questionnaire indicate a possible health hazard, then a more detailed inspection shall be pursued with completion of the Cross Connection Inspection Check List. Detection of cross connections are to be reported to the Manager or his designee for determination of appropriate backflow prevention device and official written notification to the customer. Refusals by a customer to allow inspections shall be prima facie evidence of the presence of cross connections.

EXISTING FACILITIES - a survey should be made of a consumer's water system in order to determine the degree of health hazard to the public potable water supply system and proper application of backflow prevention devices. Such surveys need not be a detailed inspection of the location or disposition of water lines, but can be confined to establishing the water use on the premises, the existence of cross connection, the availability of auxiliary water supplies, the use or availability of pollutants, contaminants, and other liquids, solid or gaseous substances that may be used industrially for stabilization of water supplies, and other procedures for determining the degree of health hazard.

NEW CONSTRUCTION - where possible, plans should be reviewed prior to construction to determine the degree of health hazard and correct application of backflow prevention devices. If adequate plans and specifications are not available and no realistic evaluation of the proposed water uses can be determined, the consumer, architect, engineer, or other authorized individual should be advised in writing that eventually circumstances may require the installation of maximum backflow protection of the water serving the connection.

#### MAINTENANCE

Annual testing to backflow prevention devices shall be performed by The Peoples Water Service Company employees during the course of annual inspections. In those cases where the Company deems the health hazard great enough, testing may be required at more frequent intervals. All testing will be performed by the Company.

The customer-user shall be notified in advance when the test of backflow prevention devices are to be undertaken so that he or his representative may witness the test if so desired.

Backflow prevention devices shall be repaired, overhauled, or replaced only by the Company at the expense of the customer-user whenever said devices are found to be defective or at intervals of periodic overhaul and parts replacement as prescribed by the device manufacturer.

#### RECORDS

Proper and appropriate records shall be maintained by the Company of all potential and confirmed cross connections. Installations, tests, and maintenance of backflow prevention devices shall be recorded and secured in an individual file.
