1. Control of Corporation - Pursuant to Rule 25-30.060(g), Florida Administrative Code (F.A.C.), the Articles and By-Laws "...must clearly show ... how control of the corporation passes to the non-developer members. Control of the corporation must pass: i) at 51 percent ownership by the non-developer members or ii) at some greater percentage limited by a time period not to exceed 5 years from the date of incorporation." In order to comply with this Rule, if the Association is currently controlled by the developer and not by the non-developer members, the Articles and By-Laws need to specify under what circumstances the transfer of control is to happen and must be limited by a time period not to exceed 5 years. If control has already passed to the non-developer members, please indicate the date that turnover occurred.

If you have any questions regarding this matter, please contact Raj Agarwal of our Legal Division at (904) 413-6232.
