Mr. Beasley:

This letter is to confirm receipt of Tampa Electric Company's revised April through September 1996 E-Schedules. The revised fuel factor of 2.392 c/kWh accurately reflects the Commission's decision on Issues 17 and 18 at the February 21, 1995 fuel hearing. The revised schedules correctly include the April through December 1995, end-of-period Oil Backout underrecovery true-up amount of \$184,613. Any remaining amounts collected during January 1996, should be identified and included in the April 1996 true-up calculation.

If you have any questions or need additional clarification, please contact Kenneth Dudley at (904) 413-6662.
