Staff is preparing an additional production of document request from Cypress Energy. Information to be requested centers around cost analysis to build projected plant at SFCG leased facility and financial statements from the partners to the Cypress Energy Cogeneration contract. In addition, staff is interested in learning whether there were any financial arrangements made with a lending institution for the building of the plant. I am providing you with this information in advance to enable your clients to begin to gather the necessary documents.

Sincerely yours,

Sheila L. Erstling
