NOTICE OF INTERIM RATE INCREASE

On March 19, 1996, the Florida Public Service Commission approved certain interim water and wastewater rates for Palm Coast Utility.

These rates will be placed into effect under surety bond. In the event that the final rates established in the pending rate case are lower than the interim rates, the difference would be refunded to customers, with interest.

The interim rates will be effective for service rendered on or after May 10, 1996 and should initially be reflected on your June or July, 1996 bill, depending upon your billing cycle.

If you have any questions concerning these rates, please call our office at (904) 445-3311. A customer service representative will answer your questions or provide you with an answer in a short period of time.
