

VOTE SHEET

DATE: May 21, 1996

RE: DOCKET NO. 960171-EG - Request for approval of The Business Edge, a Demand-Side Management Program, by Gulf Power Company.

Issue 1: Recommendation that the Commission deny Gulf Power Company's request for approval of The Business Edge program, including approval for conservation cost recovery. The program, as described by Gulf, does not advance the policy objectives of FEECA. The program provides information and recommendations to commercial/industrial customers on non-energy conservation topics, such as environmental improvements, marketing, and demographics.

No vote - petition withdrawn

Issue 2: Recommendation that, if no person whose substantial interests are affected by the Commission's proposed agency action files a protest within 21 days, this docket should be closed.
