Dear Director Bayo:

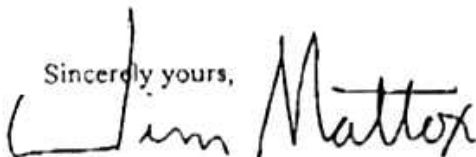

On behalf of Heartline Communications, Inc., we request that you reschedule the above numbered and styled cause set for the June 11, 1996 Agenda Conference until the Agenda Conference on July 16, 1996

We respectfully request the additional time to coordinate our response with our marketing agent Tropic Tel and to visit on an informal basis with Mr. Scott Edmonds, who is out of the office for the rest of the week.

Because of the seriousness of this matter, we may need additional time to hire local counsel, which will be determined after a discussion with Mr. Edmonds

This request is not made for delay but to facilitate the final resolution of this matter.

May I please have a reply by fax if at all possible, so that I can make proper arrangements

Sincerely yours,

Jim Mattox

(06199-96)

Staff do not oppose the request for deferral. We recommend approval.
