RE: DOCKET NO. 960769-TP - Request for approval of interconnection agreement between BellSouth Telecommunications, Inc. and Intermedia Communications of Florida, Inc.

Issue 1: Recommendation that the Commission approve the proposed agreement between BellSouth and ICI that resolves the issues between the parties regarding local interconnection, unbundling, and temporary number portability. If BellSouth and ICI modify their agreement, the Commission should require BellSouth and ICI to file supplements to their agreement for Commission review under the provisions of Section 252(e) of the federal Telecommunications Act of 1996.

~~BellSouth and ICI should submit supplements to the agreement, which will contain the necessary detailed information indicated in Attachment II of staff's memorandum dated September 4, 1996, to the Division of Records and Reporting prior to September 22, 1996. If the parties do not provide the details by that date, the Commission should reject this proposed agreement due to the lack of detailed information required by the Act.~~
