Re: Docket # 960444-WU (Proposed rate increase in Lake County)

With reference to the aforementioned, please be advised that the undersigned, residential homeowners of the Lake Ridge Club Subdivision, object strenuously to the proposed new rates and charges, as submitted by Lake Utility Services to the Florida Public Service Commission for their perusal.

While it is feasible to expect a fair return on the utility's investment, as well as to seek a fair general rate increase, it is the wide range between existing, interim, and final rates, that raises serious concerns. The rate increase, as proposed by Lake Utility Services, in our opinion is excessive, and we request re-evaluation of the initial application filed on 9 July 1996.
