 RE: Docket No. ~~951593~~ WS - Palm Coast Utility Corporation Petition for Revised Service Availability Charges *BP*

The above referenced docket is scheduled as Item 57 for the October 9, 1996 special agenda conference. As of 2:30 p.m. this date, staff received a facsimile of a Suggestion of Error in Staff's Recommendation. Upon review it has been determined that several of the suggestions must be addressed. Several of these suggestions must be resolved, and may have a significant and material impact of staff's recommendation. As a consequence, staff is requesting that this item be deferred until these matters can be resolved. The utility's attorney has been contacted and has agreed to waive the statutory time limit.
