**** APPENDIX E ****

**** GLOSSARY ****

ACCESS CODE: The term denotes a uniform four or seven digit code assigned to an individual IXC. The five digit code has the form 10XXX and the seven digit code has the form 950-10XX.

BYPASS: Transmission facilities that go direct from the local exchange end user to an IXC point of presence, thus bypassing the local exchange company.

CARRIERS CARRIER: An IXC that provides telecommunications service, mainly bulk transmission service, to other IXC only.

CENTRAL OFFICE: A local operating unit by means of which connections are established between subscribers' lines and trunk or toll lines to other central offices within the same exchange or other exchanges. Each three (3) digit central office code (NXX) used shall be considered a separate central office unit.

CENTRAL OFFICE CODE: The term denotes the first three digits (NXX) of the seven (7) digit telephone number assigned to a customer's telephone exchange service.

COMMISSION: The Florida Public Service Commission.

COMPANY, TELEPHONE COMPANY, UTILITY: These terms may be used interchangeably herein and shall mean any person, firm, partnership or corporation engaged in the business of furnishing communication service to the public under the jurisdiction of the Commission.

DEDICATED FACILITY: The term denotes a transmission circuit which is permanently for the exclusive use of a customer or a pair of customers.

END USER: The term denotes any individual, partnership, association, corporation, governmental agency or any other entity which (A) obtains a common line, uses a pay telephone or obtains interstate service arrangements in the operating territory of the company or (B) subscribes to interstate services provided by an IXC or uses the services of the IXC when the IXC provides interstate service for its own use.

EQUAL ACCESS EXCHANGE AREAS: EAEA means a geographic area, configured based on 1987 planned toll center/access tandem areas, in which local exchange companies are responsible for providing equal access to both carriers and customers of carriers in the most economically efficient manner.

EXCHANGE: The entire telephone plant and facilities used in providing telephone service to subscribers located in an exchange area. An exchange may include more than one central office unit.

EXCHANGE (SERVICE) AREA: The territory, including the base rate suburban and rural areas served by an exchange, within which local telephone service is furnished at the exchange rates applicable within that area.

EXTENDED AREA SERVICE: A type of telephone service furnished under tariff provision whereby subscribers of a given exchange or area may complete calls to, and receive messages from, one or more other contiguous exchanges without toll charges, or complete calls to one or more other exchanges without toll message charges.

FACILITIES BASED: An IXC that has its own transmission and/or switching equipment or other elements of equipment and does not rely on others to provide this service.

FOREIGN EXCHANGE SERVICES: A classification of exchange service furnished under tariff provisions whereby a subscriber may be provided telephone service from an exchange other than the one from which he would normally be served.

FEATURE GROUPS: General categories of unbundled tariffs to stipulate related services.

Feature Group A: Line side connections presently serving specialized common carriers.

Feature Group B: Trunk side connections without equal digit or code dialing.

Feature Group C: Trunk side connections presently serving AT&T-C.

Feature Group D: Equal trunk access with subscription.

INTEREXCHANGE COMPANY: means any telephone company, as defined in Section 364.02(4), F.S. (excluding Payphone Providers), which provides telecommunication service between exchange areas as those areas are described in the approved tariffs of individual local exchange companies.

INTER-OFFICE CALL: A telephone call originating in one central office unit or entity but terminating in another central office unit or entity both of which are in the same designated exchange area.

INTRA-OFFICE CALL: A telephone call originating and terminating within the same central office unit or entity.

FORM PSC/CMU 31 (11/91)

INTRASTATE COMMUNICATIONS: The term denotes any communications in Florida subject to oversight by the Florida Public Service Commission as provided by the laws of the State.

INTRA-STATE TOLL MESSAGE: Those toll messages which originate and terminate within the same state.

LOCAL ACCESS AND TRANSPORT AREA: LATA means the geographic area established for the administration of communications service. It encompasses designated exchanges, which are grouped to serve common social, economic and other purposes.

LOCAL EXCHANGE COMPANY (LEC): Means any telephone company, as defined in Section 364.02(4), F.S., which, in addition to any other telephonic communication service, provides telecommunication service within exchange areas as those areas are described in the approved tariffs of the telephone company.

OPTIONAL CALLING PLAN: An optional service furnished under tariff provisions which recognizes a need of some subscribers for extended area calling without imposing the cost on the entire body of subscribers.

900 SERVICE: A service similar to 800 service, except this service is charged back to the customer based on first minute plus additional minute usage.

PIN NUMBER: A group of numbers used by a company to identify their customers.

PAY TELEPHONE SERVICE COMPANY: Means any telephone company, other than a Local Exchange Company, which provides pay telephone service as defined in Section 364.335(4), F.S.

POINT OF PRESENCE (POP): Bell-coined term which designates the actual (physical) location of an IXC's facility. Replaces some applications of the term "demarcation point."

PRIMARY SERVICE: Individual line service or party line service.

RESELLER: An IXC that does not have certain facilities but purchases telecommunications service from an IXC and then resells that service to others.

STATION: A telephone instrument consisting of a transmitter, receiver, and associated apparatus so connected as to permit sending and/or receiving telephone messages.

SUBSCRIBER, CUSTOMER: These terms may be used interchangeably herein and shall mean any person, firm, partnership, corporation, municipality, cooperative organization, or governmental agency supplied with communication service by a telephone company.

SUBSCRIBER LINE: The circuit or channel used to connect the subscriber station with the central office equipment.

SWITCHING CENTER: Location at which telephone traffic, either local or toll, is switched or connected from one circuit or line to another. A local switching center may be comprised of several central office units.

TRUNK: A communication channel between central office units or entities, or private branch exchanges.

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 16 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the FPSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the FPSC follows in their tariff approval process, the most current sheet number on file with the FPSC is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.1.
 - 2.1.1.
 - 2.1.1 .A.
 - 2.1.1 .A.1 .
 - 2.1.1 .A.1 .(a).
 - 2.1.1 .A.1 .(a).l.
 - 2.1.1 .A.1 .(a).l.(i).
 - 2.1.1.A.1.(a).1.(i) (1)
- D. Check Sheets - When a tariff filing is made with the FPSC, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk. There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the FPSC.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Account Card - A card issued by the Company which provides the Customer or Authorized User with an Account Code and instructions for accessing the Carrier's network.

Account Code or Authorization Code - A pre-defined series of numbers to be dialed by the Customer or Authorized User upon access to the Carrier's network which identifies the Customer Account from which charges for service shall be depleted and which validates the caller's authorization to use the services provided.

Authorized User - A person, firm, partnership, corporation or other entity who is authorized by the Customer to be connected to and utilize the Carrier's services under the terms and regulations of this tariff.

Available Account Balance - The amount of Rights of Usage remaining on a Customer Account at any particular point in time. Each Customer Account has an Initial Account Balance which is stated in either U.S. dollars or Minutes of Use, depending on the type of service provided. The Available Account Balance is reduced by the appropriate dollar amount or minutes of use, respectively, based on the actual usage of the Company's service.

Carrier - Used throughout this tariff to refer to Intelco, Global Information Services, Ltd. unless otherwise clearly indicated by the context.

Company - Used throughout this tariff to refer to Intelco, Global Information Services, Ltd. unless otherwise clearly indicated by the context.

Customer - Any person, firm, partnership, corporation, or other entity which uses telecommunications services under the provisions and regulations of this tariff and is responsible for payment of charges.

SECTION 1 - DEFINITION OF TERMS, *continued*

Customer Account - An account which is not associated with a Local Exchange Carrier switched access business or residential line. Customer Accounts consist of balances for the Rights of Usage on Intelco, Global Information Services, Ltd.'s network which are depleted on a real time basis for actual usage of the Company's services.

FPSC - Florida Public Service Commission.

Initial Account Balance - The Available Account Balance for Rights of Usage on a Customer Account upon issuance and before any call activity. The Initial Account Balance is expressed in either U.S. Dollars or Minutes of Use.

Marks - A collective term to mean such items as trademarks, service marks, trade names, and logos; copyrighted words, artwork, designs, pictures or images; or any other device or merchandise to which legal rights or ownership are held or reserved by an entity.

Minutes of Use - A method for measuring usage of the Company's service. Certain Customer Accounts offered by the Company may express the Available Account Balance in Minutes of Use rather than U.S. dollars. Minutes of Use are depleted from a Customer Account on a per-call, real time basis.

Renewal - A method of replenishing the Available Account Balance with additional quantities of Rights of Usage as authorized and paid for by the Customer. Renewal of Available Balances may be limited by amount or class of service.

SECTION 3 - SERVICE AND RATE DESCRIPTIONS

3.1 General

Customers may use Intelco, Global Information Services, Ltd. service to place direct dialed calls, excluding calls to 700, 800, 900, 950, 10XXX or pay-per call services, between locations within the contiguous United States, Hawaii, Puerto Rico, Alaska and the U.S. Virgin Islands.

Customers or Authorized Users access the Intelco, Global Information Services, Ltd. network by dialing an 800 number or other access dialing sequence and entering their Account Code. After entering a destination number, Intelco, Global Information Service, Ltd.'s system informs the Customer or Authorized User of the number of minutes of calling time remaining in his/her Available Account Balance based on the destination.

Customers must obtain an Account Card from the Company or authorized agent which assigns each Customer an Account Code and lists instructions for accessing and using Carrier's service. Each Customer Account is established with a specified Initial Account Balance. The Initial Account Balance is depleted on a real time, per call basis at the rates specified in this tariff.

When the Available Account Balance has been fully depleted, the Customer may renew the Customer Account (available on certain services only) or use another Customer Account, provided there is an adequate Rights of Usage balance remaining.

Customers will be given notice one minute before the Available Account Balance is fully depleted, based on the terminating location of the call.

3.2 Timing of Calls

3.2.1 Call Timing begins when the called station is answered and ends when either party disconnects.

3.2.2 Depletion is based on each minute of use, rounded to the next higher whole minute, and is deducted from the Available Account Balance on a per minute basis. For Customer Accounts whose Rights of Usage are defined in U.S. dollars, use is deducted from the Available Account Balance at the appropriate per minute dollar amount required for a whole minute.

3.2.3 The minimum duration for depletion purposes is one minute unless otherwise specified in this tariff. Customer Accounts which have an Available Account Balance insufficient to deplete one minute of usage to the destination of least cost, whether expressed in U.S. dollars or Minutes of Use, is considered to be fully depleted.
